Children's Day was observed in an appropriate manner by the children of the Presbyterian church. A program of much merit and excellence was interpreted. James, son of William Klees, is very sick at his home on North Main street. Thomas F. Wells, of Church street, has bought the Mansion House on Main street, now occupied by M. F. Coffey and for years managed by the late P. W. J. O'Neil. The consideration was \$14,000. The property yields a good revenue and will prove a first class investment for Mr. Wells.

The week-end stock company is filling a well-kept engagement in Father Mathew hall. An important meeting of the school board was held on Monday evening. All the members were present except Mr. Duffy, and President Lally presided. The tax levy for the present year was considered, and it was decided to fix the rate at 18 mills, the same as last year, 5 mills to be devoted to educational purposes and the remainder to building and other needs. The overcrowded condition of the ungraded school in the Second ward was also discussed, and it was the sense of the board that something should be done to remedy the defects complained of. Accordingly the building committee was directed to report as to the advisability of erecting a new building on the same lot or else adding to the old one. The committee will report at a special meeting to be held next Monday evening. President Lally appointed the following committees at last evening's meeting: Building, P. H. O'Rourke, J. W. Beck and J. J. Barrett; supplies, P. J. Lally, Henry Myers and John Duffy; educational, T. J. Kiatly, M. Toole and Thomas Price.

The present ungraded building in the second ward is greatly overcrowded and more than 100 children are now attending school there. Since the building contains only one room, and that not very large, it will readily be seen that something must be done to make things agreeable for the pupils and teachers. The borough council met last evening, but owing to the absence of some of the members, adjournment was had until Saturday evening.

Criticizing a Young Lady. "She would be a pretty girl for but one thing." "What's that?" asked Charley. "George—her face is always covered with purple and red blotches." "Charley—Oh, that's easily enough disposed of. I used to be the same way myself, but I caught on to the trouble one day, and got rid of it in no time." "George—What was it?" "Charley—Simply blood eruptions. Took a short course of P. P. P. I tell you, it's the best blood corrector. The governor had rheumatism so bad that you could hear him holler clear across the country every time he moved. He tried it, and you know what an athletic old gent he is now. Cicero Williams is a colored man well known in Stroudsburg, got loaded on Saturday night and wanted to increase the population of this town by means of a revolver. He stood upon the bridge, not at midnight, but just an hour from it, and as the people crossed it he informed them that he was going to shoot them. They notified Policeman Vetter of Cicero's actions and he went up to the gentleman and arrested him. It was no easy matter, for the colored man threatened to shoot him so full of holes that he would not hold water. A little matter like that did not deter the officer and he promptly landed Cicero in the lockup. Mayor Kistler gave him forty hours' imprisonment. After Typhoid and Malaria

Hood's Sarsaparilla Purified and Built Up the System.

"C. I. Hood & Co., Lowell, Mass. 'Gentlemen—Two years ago I was taken with a very severe illness, beginning with erysipelas, and then had typhoid and malaria fever. After I got up and out of bed I thought I was cured, but was mistaken. In a short time a humor broke out on my face, at first causing the skin to be rough and finally gradually developing into sores, which spread all over my body. My Head was Covered with them. No one can imagine how I suffered with the great itching and burning. Prescriptions had no effect. A friend advised me to take Hood's Sarsaparilla, so I concluded to try a bottle, and I soon found a great change in my condition. The sores began to disappear and I was soon entirely cured. My general health has improved and I feel like a new man altogether. I do not wish to neglect the source of that feeling and burning sensation." JAMES J. WELCH, Creighton, Pennsylvania.

Hood's Sarsaparilla Purified and Built Up the System.

"C. I. Hood & Co., Lowell, Mass. 'Gentlemen—Two years ago I was taken with a very severe illness, beginning with erysipelas, and then had typhoid and malaria fever. After I got up and out of bed I thought I was cured, but was mistaken. In a short time a humor broke out on my face, at first causing the skin to be rough and finally gradually developing into sores, which spread all over my body. My Head was Covered with them. No one can imagine how I suffered with the great itching and burning. Prescriptions had no effect. A friend advised me to take Hood's Sarsaparilla, so I concluded to try a bottle, and I soon found a great change in my condition. The sores began to disappear and I was soon entirely cured. My general health has improved and I feel like a new man altogether. I do not wish to neglect the source of that feeling and burning sensation." JAMES J. WELCH, Creighton, Pennsylvania.
