Back to the Single Truck Street Car.

(From The Wall Street Journal.) After several years experimenting with the old double-truck street car, street railway men are now becoming convinced that the lighter and smaller single truck car is the better and several large street railway operators are working on designs for an improved single truck car.

One street railway man recently asked a car building company to submit designs along new ideas for a light single truck car. There is not as much money for the builders in the single truck cars as in the big double truck cars, and the builders designs for a new style double truck car, but refused to assist in designing a single truck car.

"Doan's Liver Tonic" Will Clean Your Stomach Liver Better Than Calomel and Can Not Salfate.

Calomel makes you sick; you lose a day's work. Calomel is quick-acting and it salivates; calomel injures your liver. If you are bilious; feel lary, sluggish and all knocked out; if your bowels are constipated and your head aches or stomach is sour, just take a spoonful of harmless Doan's Liver Tonic instead of using sickening, salivating calomel. Doan's Liver Tonic is real liver medicine. You'll know it next morning because you will wake up feeling fine, your liver will be working, your head-ache and dizziness gone, your stomach will be sweet and healthy regular. You will feel like work again. You'll be cheerful, full of energy, vigor and ambition.

car, but refused to assist in designing a single truck car.

The street railway operator was not cast down by the action of the car builders and took his story to one of the big automobile companies asking its officials to build a single truck street car according to his ideas. The automobile people agreed to enter the new field. The word got out, however, and the car company officials who had refused to design the new car at once sought an interview with the street railway man and said that they had changed their minds. Now he has half a dozen car companies willing to build his car. The car companies said that they didn't want the automobile companies to get into their field of business.

FOUR NEGROES TO BE TRIED FOR MURDER

NOTED SCOTT CASE WILL BE CALLED IN ABBEVILLE

INTERESTING CASE

And Many People in Anderson County Will Await Outcome With Eagerness.

Court of general sessions convened at Abbeville this week also and there is one case in particular that the people of Anderson county is interested. It is the Scott murder case which occurred near Lowndesville in the early spring.

A telephone message from Abbeville last night stated that the case would very likely be tried today, and at any rate some time this week. Four negroes, Logan, the first one arrested, and Will Johnson, Ed Massey and Earle Burton have been indicted for the murder by the grand jury. It will be remembered that the latter negro was shot in the woods near the scene of the crime a few days afterwards, the identity of the assailant never being learned. Burton's whereabouts were unknown for sometime but he was later arrested by the Anderson authorities and turned over to Sheriff Burts of Abbeville.

The Scott case, it will be remembered, was one of the most brutal that has occurred in this section of the state in years and the outcome of the trial will be awaited with eagerness.

This case was called at the last term of sessions court in Abbeville but Solicitor R. A. Cooper asked for a continuance since he had more testimony to gather up.

THE JEWISH NEW YEAR BEGINS THIS EVENING

WILL CLOSE STORES IN THIS CITY THURSDAY

ROSH HASHANAH

Marks the Creation of the World, Supposed to Have Taken Place 5,676 Years Ago.

This evening at 6 o'clock the Jewish New Year will be ushered in. This will mark the close of the 5676th year of the Hebrew calendar, Rosh Hashanah, the Hebrew New Year, will be followed in ten days by Yom Kippur, the day of atonement. These holidays will be observed by Jews over the entire world.

In the Jewish tradition, the Rosh Hashanah marks the creation of the world, supposed to have taken place 5,676 years ago. The present Rosh Hashanah will mark the beginning of the year 5676.

The Thursday morning service comprises a more elaborate form of worship and combines some vestiges of antique ritual with expressions of human experiences and feelings true and real for everybody and at all times.

The Jewish New Year's festival is the oldest of all festivals celebrated in the civilized world. But it is unique for its significance as well as for its antiquity. The secular New Year's (on January 1) is a day of gratifications, men rejoice in what they have achieved; it is a day for sordid inventories. A statement says: "The Jewish New Year's day, however, is a time for serious thought on the meaning of life; it evokes pious contemplation of the difficult and ineluctable problem as to right and wrong and its appeal is not that we should get more out of practical life but value more genuinely, more truthfully, more morally the life God has entrusted to us."

"Much of the success and failure of our work depend, not upon our equipment, but upon our motives. The Jewish New Year's day, accordingly, is placed by a wise tradition at the beginning of autumn, when men enter upon their enterprises and obligations with zest and zeal. Just then they need a right interpretation of life and a true measure of its values."

"The antique features of the ritual of that day express the aspirations all men feel equally. The trumpet calls, constituting the central part in the worship of that day, are appeals for the moral stir which men should feel when they contemplate their experiences and seek for reinforcement of their hopes. The calls are also an appeal to the large sense of life. Our week-day wishes and prayers are self-centered and do not give us a perspective of our relations and obligations to the community and fellow man, and of their influence upon us. But the New Year's day offers us an occasion to reaffirm our respect for the trust in Providence, which is the organization of all lives into an all-encompassing justice. The Jew comprehends this as a comfort in the case of misfortunes and as motivation in the successes he may have. The function of the New Year's day is to establish a moral judgment in our life and experiences."

FAIR WARNING

One That Should Be Heeded By Anderson Residents.

Frequently the first sign of kidney trouble is a slight ache or pain in the loins. Neglect of this warning makes the way easy for more serious troubles—dropsy, gravel, Bright's disease. It is well to pay attention to the first sign. Weak kidneys generally grow weaker and delay is often dangerous. Residents of this community place reliance in Doan's Kidney Pills. This tested remedy has been used in kidney trouble over 50 years—is recommended all over the civilized world. Read the following proof of merit.

Mrs. David Burrows, 131 N. McDuffie St., Anderson, says: "Hard work weakened my kidneys and brought on backache. When I was ironing, sharp twinges darted through my loins, driving me almost frantic. I had a too frequent desire to pass the kidney secretions and they distressed me. I had bad dizzy spells, too. Reading about Doan's Kidney Pills, I got a box at Crayton's Drug Store. I felt better after I had taken a few doses and three boxes fixed me up in fine shape. I keep Doan's Kidney Pills in the house now and use them occasionally as a kidney tonic." Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Burrows had. Foster-Milburn Co., Props., Buffalo, N. Y.
