THE NEWBERRY HERALD.

SPECIAL AND LOCAL.

A Charger For Pigs.

The "latter thing" in the way of farm entertainments is the "Fun Fair," or the Pig-Chasing Meet. Mrs. T. A. Phillips held such a hilarious event in the old Libby Mill yesterday afternoon, and the entertainment was enjoyed by all who were present.

The show was given on the farm of Mr. and Mrs. T. A. Phillips, and the place was well attended.

A Description of the Meet.

The meet was opened by the "goat," or the "bury," as it is sometimes called. This animal was chosen because of its ability to "bury" or "chase" pigs. The meeting took place at the yard of Mr. T. A. Phillips, and the animals were driven from the yard to the waiting area, where they were allowed to wander about until called. The pigs were then driven into the ring, where they were to be chased. The fun fair was a great success, and the entertainment was enjoyed by all who were present.}

THE WEATHER.

The weather today is very fine, with a light breeze from the north. The temperature is about 70 degrees.
