COTTON SUPPLY.

The New York papers of November 11th make the following statement in reference to the receipts and exports of Cotton, and which probably approaches the truth, we publish the statement with our report, for the information of Cotton dealers:

Receipts at all the ports from Mar 1st to the latest mail dates received in New York by October 31.....742,776 bales
Receipts at all the ports from Sept. 1st to the latest mail dates received in New York by Nov. 11, 1865.....400,000 "
Exports in the same period, say from Sept. 1 to Nov. 11, 1865.....185,000 "
Estimated stock in the ports, Nov. 11, 1855..393,000 "

CHARLESTON MARKET.

FOR THE WEEK ENDING THURSDAY EVENING, NOVEMBER 16.

At the time of publishing our last weekly statement the Cotton market was entirely unsettled under the repeated decline of the article in the foreign market, and we were consequently unable to quote prices, as there had been no sales. On Friday last, holders having concluded to yield, prices fell some four cents per pound, and several hundred bales of Cotton were disposed of at 43 to 45 cents per pound for Strict to Good Middling. The news of a further fall of two pence per pound, which was received at New York by the *City of Washington*, and published in our paper of Tuesday, does not appear to have materially affected the market—the sales which took place yesterday being 40c. to 42c. for Middling, and 43 to 45c. per pound for Strict to Good Middling Cotton. The stock on hand for sale is very light, and the receipts for the past week here are quite small, amounting only to seventeen hundred and fifty-eight bales of Upland Cotton and two hundred and forty bales of Sea Island. The last item includes some parcels received previously, but which were not counted.

SEA ISLAND COTTON.—Nearly all the receipts here are being shipped through and we report the market about the same as last week, with small sales at 80c.@$1.65c. per lb.

RICE.—Some 1500 bushels of Carolina Rough have been received this week, and sent to the mills. We have heard of no sales, and report a dull market at 12½c.@13c. for clean Carolina.

NAVAL STORES.—About four hundred barrels have reached this market during the week, and sales of No. 3 Rosin have taken place at $5 to $6 ₱ bbl.; No. 2, from $7 to $8; and No. 1, $12 to $15 ₱ bbl. Receipts light and no stock. Sales of Spirits of Turpentine have taken place at 65c. to 70c. ₱ gallon.

HAY.—For some time past the receipts of this article have been merely nominal. About one hundred bales of North River, which came in a steamer, changed hands at $2 ₱ hundred. One hundred and seventy bales of North River were received in a schooner last evening, and are consigned to a dealer.

CORN.—No receipts during the week, but we learn that previous importations have been disposed of at about $1.15 per bushel for yellow, and $1.18 to $1.20 for white Maryland Corn.

OATS.—The market is abundantly supplied with this grain, with a limited demand and prices as before quoted, say 55c. per bushel.

SALT.—A cargo of Liverpool, which we reported previously as having been sold at $3.00 per sack, is being rapidly disposed of in smaller quantities at $3.50. A second cargo, which was also mentioned as being off the bar, has reached port, and some 600 sacks have been sold, to be reshipped to Wilmington, N. C., on private terms. So much of this cargo as remains on hand is offered from on shipboard at $3.40 per sack.

FREIGHTS—To Liverpool are quite dull, but the rate of freight remains unchanged, and we quote ¼d. for Upland and 1-16d. for Sea Island. To New York, by steamer, $4 ₱ bale, and dull; by sailing vessel to New York, ¾c. ₱ lb on Upland, and ¾c. for Sea Island, with but little offering.

EXCHANGE—Bills on England are selling at 670@680. Sight Checks on New York are sold by the Bankers ½ ₱ cent. off. The purchasing rates vary, but may be quoted at about 1 ₱ cent.

GOLD is purchased by the Brokers at 46 to 47, and sold at 48 to 49.
