

CATHOLIC BOYS JOIN WAR WORK CAMPAIGN

Girls, Too, Will Stand With Them Behind Every Fighter at the Front.

To put behind every Catholic fighter in France the support of one boy or girl in every parish throughout the United States is the plan of the National Catholic War Council for backing the Victory Boys' and Victory Girls' "Earn and Give" Division of the United Work War Campaign to raise \$170,500,000 "for the boys over there" during the week of November 11-18.

Through diocesan, county and parish organizations, the rallying of one youngster for every man who has gone to war in every community is already under way. By their own earnings, and not by contributions, it is expected that these sturdy little sponsors for the boys abroad will each raise at least five dollars for the joint welfare work of the Y. M. C. A., Y. W. C. A., National Catholic War Council, including the Knights of Columbus, War Camp Community Service, Jewish Welfare Board, American Library Association and Salvation Army.

Boys and girls in every Catholic parish throughout the United States are already being picked to represent each fighting man who has left their church for the front. In every home that flies a service flag little brothers and sisters, sons and daughters, are eagerly volunteering to look out for the share of their family fighter in the huge joint welfare campaign for all the boys abroad.

BOOKS FOR SOLDIERS SUPPLIED BY A. L. A.

English Camp Shows the Good Work of That Organization for Our Boys.

Something like 18,500 pieces of stationery are distributed daily among 4,000 enlisted men by Uriah B. Brubaker of Lila, Kas., as librarian at the Y. M. C. A. writing tent, Woodley Rest Camp of the American Expeditionary Forces in southern England.

BEAT GERMANS AT OWN GAME

Yankee Chemists Devise New Headache Tablet In Which The Heart Depressing Tendency is Counteracted by Heart Toning Elements. Aspitone, the name.

In August, 1914, when the war commenced, many of the newer remedies prescribed by our American physicians and druggists were "made in Germany." Today we are making all of them for ourselves and for half of the globe.

During the first four years of the war American genius, prompted by necessity, has concentrated its attention upon the chemical industries. American discoveries have followed in such rapid succession that only the scientific journals have been able to chronicle them all. The latest and one of the most serviceable in the field of medicine is the perfected headache tablet called Aspitone, in which the heart depressing tendency is deftly counteracted by heart toning elements.

Physicians and druggists maintain that it should and will take the place of all powders and tablets for headaches, neuralgia, colds, la grippe and general pains. They explain that Aspitone gives simple relief from the pain, which if chronic, should of course receive diagnosis by a physician.

The number of troops at this camp varies from 3,000 to 9,000.

This single detail indicates why it is necessary for the Y. M. C. A., Y. W. C. A., National Catholic War Council and K. of C., War Camp Community Service, Jewish Welfare Board and Salvation Army have to furnish 125,000,000 sheets a month for soldiers' letters.

Hundreds of books are taken out in this small camp, books furnished by the American Library Association and handled by the Y. M. C. A. Most of the demands are for a good class of fiction. Thirty American newspapers are received there daily. One hundred and fifty magazines are in use daily and 400 pieces of athletic equipment furnished by the "Y" are put to good use.

Church Novelty.

Flatbush—Been to church lately? Bensonhurst—Sure, I was there last Sunday.

"Anything new doing?"

"Indeed, yes. Grimes' boy, who is home on furlough, was there, and the domine announced: 'The young man in khaki will now take up the collection in his helmet.'"

When You Pay a Little More

For a suit of clothes, you generally get what you pay for---a little better quality and a little better service.

Same Way With Printing

You pay a little more for a little better grade of paper and a little better grade of work.

When We Print for You

You get the best that can be made with modern type faces, modern machinery and good papers.

Compare Quality and Quantity

And see if you pay any more---if you do, it is because you are getting more quality.

—Germany —has only —ONE CHANCE

—Only one chance of a Hun victory.

—Only one chance of causing the fearful outpouring of our blood and lives to prove a vain sacrifice.

—Germany's one chance is that America, dazzled by the prospect of victory, might lessen her efforts on which Allied victory depends; and, through over-confidence, slacken in her prosecution of the war.

—Our government knows that Germany still has the frenzied power of desperation, the wild strength of madness; and that she still possesses that brutal cunning which never fails to take advantage of an opportunity. She is still a power that menaces all free nations.

We in America must see to it that the power of the Hun is smashed so that never again shall the world be drawn into such agony and suffering as it has undergone during the past four years. Force to the utmost, force to the limit, must be our only thought, our sole impulse, until victory is assured—until the war is finally over.

—Failure on the part of the individual American to realize that there is yet a gigantic task before our armies would prolong the war disastrously, would open to the Huns their only hope of victory.

—The demands of our army and navy and of the fighting forces of our gallant Allies are constantly increasing and will not end until the war ends. We must, therefore, carry on to the end—must, more than ever, dispense with our consumption of non-essential goods and services. We must save to our government so that the honor and material which we have given it is put to a practical and profitable method. The way for VICTORY, and that is through the purchase of
