INDEPENDENCE DAYS ABOUND
Mary Other Nature Celebrate "Youth Day"

Paris, France—For the first time there was a free country that had the joy of noting its independence. It was in Paris, where America had born itself free. The people of France, after years of struggle, had finally achieved their independence. It was a day of joy and pride for them. The streets were filled with people, flags were waving, and fireworks were lighting up the night sky.

Lesson for Sept. 8

The Mission of the Twelve.

Jesus said to his disciples, "You are the salt of the earth and the light of the world..." He was teaching them about the importance of their mission in the world.

CRITICAL TIME OF WOMAN'S LIFE
From 40 to 50 Years of Age. How May It Be Passed?

Old Style, "I am spending better than I have ever done before. I get my meals at my own expense. I am never hungry. I have a good deal of money and I am very comfortable." Now he is 50 years of age. His face is wrinkled, his body is bent, and his voice is feeble. He has lost his hair, and his eyes are pale. He is no longer a young man, but an old one. His health is poor, and his spirits are low. He has no longer the pleasure of life, and he is no longer able to enjoy it. He has no longer the power to think, to feel, to act. He is no longer a human being, but a mere shadow of himself. It is a time of great suffering, and of great pain. It is a time of great difficulty, and of great trouble. It is a time of great danger, and of great peril. It is a time of great disaster, and of great calamity.

Rheumatism.

Rheumatism is a disease of the joints, which causes pain, swelling, and stiffness. It is caused by the introduction of foreign matter into the joint, which is then attacked by the body's own defenses. Rheumatism is a disease of the joints, which causes pain, swelling, and stiffness. It is caused by the introduction of foreign matter into the joint, which is then attacked by the body's own defenses.
