

# TAFT NOW CLAIMS 421 DELEGATES

**ROOSEVELT BACKERS LIKELY CLAIM TO HAVE 261 SAFELY CINCHED.**

## MASSACHUSETTS IS NEXT

Much Depends on the Primaries There on Tuesday.—Clark Still Leads Democrats With 197 to Wilson's 122.

Washington, April 30.—With the multiplying contests on the Republican side, and the conflicting claims as to uncommitted delegates on the democratic side, it becomes more difficult each week to ascertain what are the real facts with regard to delegates already elected to the Chicago and the Baltimore conventions. Many lists are being kept by experts in this city, and no two of them agree.

The Taft managers claim for their candidate not only all delegates instructed for him, but also all delegates in districts which the Roosevelt people have contested. The claim of the Taft people is that they carried the regular conventions in each case, and that the contests were arranged by helping conventions. The Roosevelt people on the other hand, apparently are not willing to concede to Taft all the delegates who appear to have been instructed for him, and say Taft has only about 139 delegates pledged. The claim of the Taft people follows:

Total Taft delegates, 421. Taft still needs 119.

Total Roosevelt delegates, 203. Roosevelt still needs 237.

La Follette's delegates, 36.

Cummings' delegates, 16.

Delegates yet to be chosen, 408.

This estimate agrees substantially with the estimates which are published by the New York Herald and the New York World.

261 Delegates Claimed by Roosevelt. The weekly tally of delegates elected, issued by the Roosevelt managers, shows the following:

For Roosevelt, 261 delegates. For Taft, 197 delegates. Uninstructed, 132 delegates. Cummings, 16 delegates. In this total of delegates there are counted all the delegates in New York state.

Including the delegates from Illinois, Nebraska and Oregon in accordance with the estimates which have been made by the contesting candidates, the democratic situation is about as follows: Wilson, 122; Clark, 107; Marshall, 30; Underwood, 24; uninstructed, 102 (New York and Maine).

## Massachusetts is Next.

The importance of Massachusetts in the coming election is illustrated this week when President Taft and Colonel Roosevelt united in a sneaking tour there, each one exhibiting the other. Both wind up the campaign in that state Monday night, Taft speaking at the City theater in Brockton and Roosevelt in Boston. Both sides appear to realize that states which have not yet selected their delegates to Chicago will be affected by the outcome of the direct primaries in Massachusetts on Tuesday.

The Maryland primaries are to come on May 6, just six days after the primaries in Massachusetts, and both Taft and Roosevelt are to make whirlwind tours in that state, Taft following Roosevelt.

After Maryland, interest will center in California, where the direct primaries are to be held May 14. So far as known here, neither the president nor Colonel Roosevelt will undertake to cross the continent to talk to the voters of the Pacific coast state.

The Ohio primaries will be held May 21, while no plans for campaigning in the state have been completed by either the Taft or the Roosevelt managers. It is pretty well understood that both the president and the former president will go into the state.

After Ohio will come New Jersey primaries, May 29. Colonel Roosevelt plans to speak several days in the state the week before the primaries are held, and President Taft also will speak there.

These five primary states have a total of 154 delegates—Massachusetts, 36; California, 26; Maryland, 16; Ohio, 48, and New Jersey, 28. The supporters of President Taft feel that if he can break even with Colonel Roosevelt in these states his nomination will be assured.

Sandwiched between the direct primary states above mentioned are fifteen or eighteen states that will choose delegates under the old convention system. In this division are Arizona, Arkansas, Idaho, Kansas, Minnesota, Montana, Nevada, North Carolina, South Dakota, Tennessee, Utah, Washington, West Virginia, Wyoming and Texas.

### Teachers of Child Meet.

Des Moines, Ia., April 30.—Kindergarten from all parts of the country have flocked to Des Moines for the 19th annual meeting of the International Kindergarten Union which began today and will last until Friday afternoon. Miss Mabel A. MacKinney of Brooklyn is president of the organization and is to conduct the general sessions of the meeting, the first of which will be held tonight. At that time Dr. M. V. O'Shea of Madison

where by the young spring a sudden setback.

## INCOME TAX REPEAL FAIR

Wisconsin Legislature Quickly Kills Resolution.

Madison, Wis., May 2.—No sooner had the special session of the Wisconsin legislature reorganized than a resolution was sprung in each house calling upon the governor to call another extra session of the legislature as soon as this one had adjourned for the purpose of repealing the income tax law enacted at the last session. Since this law was enacted there has been considerable opposition to its enforcement in the state because of the minute analysis required of each corporation's or person's business in order to ascertain the amount of tax to be levied.

After a brief parliamentary sparring the resolution was defeated in the assembly by 62 to 11 and in the senate by 21 to 6.

## CANADIAN RAILWAY MEN KICK

Protest Against American Crews on Hill Lines.

Winnipeg, May 2.—Committees from both sides of the line, representing the order of conductors, engineers and firemen, are trying to settle trouble on the Hill lines between the border and Winnipeg, due to American crews having been put on runs from Grand Forks to this city. In the past these United States trains have been operated with Canadian crews from the border to the city. The railway management claims it is the part of economy to bring trains through with Grand Forks and Fargo crews and is determined to ignore protests. The railway orders on the Canadian side say they will prevent it by strike if necessary.

## PRESIDENT CLEARS THE JAPANESE

### No Evidence of Encroachment in Mexico.

Washington, May 2.—President Taft has informed the senate that the department of state has no evidence whatever adequate to show an acquisition of land or any intention or desire to acquire land, whether directly or indirectly, in Mexico by or on the part of the imperial Japanese government.

The president's message was in response to a senate resolution calling for information regarding an alleged purchase of land at Magdalena bay by the Japanese government or by a Japanese company.

## STEAMSHIP TRUST IS HIT

Bill Prohibiting Monopoly of Boats Unanimously Reported.

Washington, May 2.—To bring the big foreign steamship monopolies within the scope of the anti trust law and to punish them for their "impudent and defiant" attitude toward the commercial interests of the United States, the Humphrey bill providing that no monopoly owned steamship shall be allowed to enter or clear from any United States port until the courts have effected a dissolution of the corporation owning it, was unanimously reported by the house marine committee.

# 41 DEAD, 100 INJURED IN TWO TORNADES

HALF DOZEN OKLAHOMA TOWNS BLOWN OFF THE MAP BY STORM.

## HUNDREDS HOMES GONE.

Property Loss Will Be Enormous—Seven Killed and Many Hurt by Tornado in Childress County, Texas.

Oklahoma City, April 30.—Thirty-four persons are reported to have been killed and more than 100 injured by a tornado that blew half a dozen Oklahoma towns off the map. The property loss is paced at many thousands of dollars.

At Lugert, Okla., twenty persons were reported killed and forty injured when a combination freight and passenger train was blown from the track. One woman and three children are reported dead at Eldorado. Many were injured there.

The storm formed near Eldorado, about fifteen miles north of the Texas line, swept through Jackson county and struck Martha, a small town which is reported to have been demolished. No details can be learned from Martha.

Warren, with a population of 400, northeastward from Martha, is believed to have been the next town struck. Great damage was done there, but the extent of it cannot be learned. At Blair, several persons were injured and a number of towns blown down. Three houses were blown down and upward of a dozen persons injured.

A relief train carrying doctors and nurses to Lugert, a town of 200, was made up at Altus and rushed to Lugert to care for the injured. It is reported to have picked up the bodies of ten persons along the track.

In Washita county, Lone Wolf and Rock suffered severe damage. About a dozen persons were hurt at Rock and half the town was blown away. Later telegrams and telephone messages state that the town of Coleman, about three miles west of El Reno, was blown to pieces and many hurt. Four houses were blown down at Yukon, fourteen miles west of Oklahoma City. Local damage is reported in the country between El Reno and Yukon.

Foss, Okla., ten killed, 25 or 30 injured, town badly torn up.

Butler, Okla., nine killed, many injured.

Sentinel, Okla., two killed; fifty houses blown down.

Hinton, Okla., one killed, many injured; score of buildings blown down.

Hobart, Okla., one killed, many injured; score of buildings blown down.

Hobart, Okla., two known dead, four others reported dead, several injured; great damage to property.

Rock, Okla., one killed; half of town blown away.

Calumet, Okla., three killed, six or eight injured.

Eldora, Okla., no news many reported killed or injured.

Reports of numerous smaller tornadoes have been received from Mineo, Yukon, Mulhall and points in Garfield county.

In Texas the storm played great havoc near Childress, where seven persons were killed. Thirty farm buildings were wrecked and a Rock Island work train of nine cars was blown from the track. The wind was accompanied by a veritable cloudburst. Kirkland, Texas, reported a fall of four inches within thirty-five minutes.

Telephone and telegraph communication with the stricken district is paralyzed. From the information obtainable, however, at a late hour tonight it was learned that the death list may reach far beyond the present estimate. It is declared that the towns of Lugert, Altus, Martha, Eldorado, Calumet, Blair and Rock were practically destroyed. In several instances it is declared that all of the buildings have been razed. Structures were torn apart and pitched about in the wind. Every effort is being made to rush aid to the stricken places.

Three persons were killed and property valued at \$100,000 was wrecked at the town of Calumet, Okla.

## To Learn Secret of Andree's Death.

New York, April 30.—Convinced that he is in possession of information that will lead to the discovery of the fate of S. A. Andree, the polar explorer who, with two companions, left Dane's Island, Spitzbergen, on July 16, 1897, in a gigantic balloon, only to be lost in the frozen north, Christian Leden, a polar explorer of the University of Christiania, left New York on board the steamship Cincinnati, this week, for Copenhagen to complete arrangements for an expedition to search for the ill-fated Andree.

## Mayor Robert Dollar Passes.

Santa Monica, Cal., April 30.—Major Robert Dollar, 70 years old, prominent in Grand Army circles, died here. He at one time was attorney general of Dakota territory.

## Lusitania Berths All Taken.

London, April 30.—There was not a single berth left on the Lusitania, when she sailed for New York. Among the passengers on board were Jesse Straus, son of Isidor Straus, who was lost on the Titanic.

## One View of Washington.

Washington, April 30.—The capital city is so naughty that "the man in the moon holds his nose every time he passes over it," according to J. B. Hammond, of the World's Purity Federation.

## School Notes.

Training in the "Small sweet courtesies of life," is a wonderful thing and will make gracious men and women of our children. The charm of "politeness" was felt one day this week when visiting the school by the graceful act of a little girl in passing for inspection the books and papers of the pupils in her grade. The enthusiastic and correct answers made in their studies united with the deep regard shown their teacher, impressed one most pleasantly. Children are mirrors—they give back that which is placed before them; hence the great responsibility of their elders. Again I speak of the "thoughtlessness" of our young people a "little older grown." In going to and from school they often walk three or four abreast chatting eagerly, apparently oblivious of the existence of any one else. People going in the opposite direction often step and step aside to let the unbroken phalanx pass. The inconvenience to the passer-by is very, very small; the point is, that the young people absorbed as they are in the conversation among themselves are laying themselves and their elders open to criticism by ignoring one of the "Small sweet courtesies of life."

## ROLL OF HONOR

The names of pupils in the following list are those of the highest standing in their studies the past year, ending April 2.

First grade—Teacher, Miss Delavan. Lulu Beale, Myrtle Fields, Phyllis Hynek, Clarence G. Thomas, Helen, George Saccani, Carl Mon.

First Grade, Teacher, Miss Borresen. Agnes Smith, Helen, George, Margaret, Margaret, Doris Carpenter, Dorothy Carpenter, Jenira Foot.

Third Grade. Miss Reeve, Teacher. Edward Dunbar, Mildred Jensen, Margurite Moore, Caribel Tillotson, John Faragini, Harold Sundahl.

Fourth Grade. Miss Ivossman, Teacher. Bessie Giland, Florence Wilson, Lillian Anderson.

## VISITING LIST

Recent visitors to the fourth and fifth grades were Mrs. C. D. Smith, Strang, Götman, M. D. Wilson, Gross, Connolly and Miss Patterson.

The teachers and pupils are always glad to welcome the parents and friends, and extend to all a cordial invitation to visit them at any time.

## PUPILS LEAVING SCHOOL

Rudolph Buckholz has gone to Morristown, S. D. to engage in railroad work with his father.

Edwin Howie left last week to help with spring work on a claim.

Esther Brill, obliged to give up her studies on account of the illness of her mother.

## SCHOOL PLEASANTRIES

The "Class Fight" seems to have quieted down, but they may be "only sleeping."

Why not have a free lunch counter for the school boys who are in the habit of going uninvited to parties and making away with the refreshments. Was the ice cream at the Senior reception good, boys?

Oh, them "Hookey Days" we can hardly resist them. But vacation is not far off and we must keep our standing good.

We want to rent several hundred acres of land to put in with our engine and machinery, we will put it in on the 1st of crop plant and begin at once. Also want breaking to do. Or will sell the full equipment on 5 years time with reasonable security, no cash down nor payments. The Willey Bros. Land Co.

## Spring Butte Jingles.

Mr. Warren E. Thayer returned from the Bismarck Hospital last Thursday where he has been receiving medical aid. His many friends are glad to hear of his improvement and hope to soon see him regain his health.

Mrs. Benson was to town Monday, having taken her sister and family in, they taking the train to Montana where they will make their home.

Mrs. Oscar Walters entertained the Aid Wednesday of last week. A large crowd was present and the afternoon pleasantly spent.

Mr. E. G. McLain is busy putting in the crop on the Martin Fitzgerald place. He will soon move his family there where they will reside during the coming season.

Death entered the home of Mr. C. Kulkoma Friday April 26, and took from there the spirit of a loving wife. Funeral services were held from the house Saturday afternoon. Rev. Albert Olson conducted the services. The remains were laid at rest in the Spring Butte cemetery. She leaves to mourn her departure a husband, infant daughter, a father and mother, eight sisters and two brothers. Friends extend their sympathy to the sorrowing relatives.

### Pleasantridge

Mr. and Mrs. D. C. Condon from the South Grand river called at Pleasantridge to day.

Mr. A. M. Anderson, from Lodgepole, joined the ball game here this afternoon.
