Is the democratic ticket falling to pieces of its own weight, or is it the hand of the Milbank manipulators that is responsible for its inglorious collapse?

The walls of the new addition to the Yankton asylum, in process of erection, caved in one day this week, killing one of the workmen and injuring a number of others. There has been too much politics mixed with the plaster in that Yankton building to allow it to be a good one.

Johnson Parcher, the independent or democratic candidate for sheriff, will poll a good vote here in Big Stone, and if he was running against a man less qualified or less popular than sheriff Benedict he would make it interesting for his opponent. As a republican we can see no hope for John this year, but if elected we believe he would fill the office satisfactorily.

The candidates on the democratic ticket for the offices of register of deeds, judge of probate and treasurer, have already withdrawn from the field to give place to republicans who imagine they stand a better show of beating the regular ticket. The democratic party of Grant county must be in an exceedingly robust condition when their own candidates are compelled to climb off the ticket and give place to republicans at the dictation of men outside of the party.

The first successful blood purifier ever offered to the public was Ayer's sarsaparilla. Imitators have had their day but soon abandoned the field, while the demand for this incomparable medicine increases year by year and was never so great as at present.
