The older men of the church had been invited and responded in a goodly number. Supt. C. E. Nickle was the speaker of the evening and spoke on co-operation. The male chorists rendered a selection and then the teacher of the class, Rev. W. S. Argow spoke on the same subject. Ladies' Eye Lashes Are Now Salable Articles. New York, May 25.—Ladies' eye lashes have become salable articles. The dressing table in Milady's boudoir may now be adorned, in addition to numerous other things that admirers assume to be natural, with artificial lashes that paste on right over the regular ones. This innovation in feminine attractiveness was on display here today at the American Ladies' Hair Dressing Association exhibition. Other nature cures included a half bobbed wig to cover old fashioned long hair, thus relieving the necessity of cutting it.
