

General Agency Items.

Auditor W. R. Beyer is now at Rosebud auditing former Superintendent Covey's accounts and information received states he "likes" the location. But we've yet to hear from Beyer.

Harry Evans, one of the Traders, is quite busy these beautiful spring days looking at reservation land, hoping he can buy some. He has never reported his luck but really, Harry do not take up real estate for awhile.

Walter Scott spent several days at Pine Ridge with Superintendent and Mrs. Tidwell. Also made a trip East on the reservation looking at a prospective site for his "location". Until the Sioux Trail is definitely located he is undecided where to locate.

The young folks of the Agency and some of the school went to Dewing Tuesday evening, April 13 where an enjoyable evening was spent at Jacobs Hall. The attendance was large, the music wonderful and the refreshments—well, you ask those that were there.

The Pine Ridge Stockgrowers Association met at the Agency the 2nd and 3rd of April going over the past year's business and also the future. President E. L. Rosecrans presided, and a large representation of stockman and lessees of the reservation were present. Another meeting is to be held in May at Kyle, S. D.

Roy O. Bradley, left for Rosebud overland on Sunday evening April 11, and returned to Pine Ridge April 13. He made the trip over alone and reports the road as not being well marked. No doubt the Sioux Trail Association would like to hear about this. Tell them Bradley. He returned with Mr. Anderson of Rosebud who is spending a few days at the Agency.

Roy O. Bradley, Supt. of Construction, Chief Clerk Stelzner and Clerk Brooks went to Chadron to return autos that were stalled there and being repaired. It was noticed that considerable building is being done

there. Several Indian boys from the reservation are employed at the Railroad shops making monthly wages from \$120 to \$180. The supply of help is short and many more can be employed there. Here is opportunity for our young men.

Superintendent John A. Buntin, of Lamedeer, Montana, and formerly of Shawnee and Ft. Sill, Oklahoma, has been promoted to Superintendent at Rosebud, and entered on duty there April 1st. Claude C. Covey was relieved April 1st and reports come to us that he has entered the real estate business.

Some Well.

Mr. Bradley and his gang of Sioux are excavating a well, 12 feet in diameter and they expect to dig as deep as 60 to 70 feet to reach the water which is to supply the school for domestic purposes. The interior walls of the well will be veneered with bricks.
