

SAYS FAMILY IS BENEFITED

Farmer Declares That Tanlac Relieved Suffering of His Wife and Son.

WIFE HAD RHEUMATISM

Tennessee Man Says He Thinks Tanlac Is "Greatest Medicine on Earth."

"From the way Tanlac helped my wife and son I believe it is the greatest medicine on earth," said J. B. Ham, a farmer living on Route 1, Caplesville, Tenn., in relating his experience with the medicine.

"My wife had rheumatism for eight years," he continued, "and she suffered such terrible pains in her back and shoulders that she could hardly stand it. We would have to keep hot towels on her for hours before she could get any ease and go to sleep. My son, too, was down in bed for over six weeks with a bad intestinal trouble and suffered dreadfully."

"Tanlac did my wife a world of good right from the start. She says she hasn't felt an ache or a pain in a good long time, the rheumatism is all gone and she has improved so much she hardly looks like the same person. My son has improved wonderfully on Tanlac, it is building him up and the way he is going now I am sure he will soon be as well and strong as ever."

Tanlac is sold in Chattanooga by Live and Let Live Drug Co., and by the leading druggist in practically every city, town and village in America.—(Adv.)

LUNG-VITA FOR WHOOPING COUGH

Neighbors Recommended it to Mr. Nash.

THIS BABY WAS SICK

Lung-Vita is a Great Medicine, He Says.

"Some time ago my baby was sick with whooping cough and neighbors told me to give her Lung-Vita," says Mr. E. A. Nash, who lives at 324 East Twenty-Second street, Chattanooga, Tenn.

"I did it and she was soon well. She was a delicate child, but the Lung-Vita cured her so quick that she had no after troubles, such as frequently follow whooping cough. She has had splendid health since she took the medicine. I have told others what a wonderful medicine Lung-Vita is for whooping cough, and how a number of my neighbors have used it with the very best results. It is a great medicine and I am always glad to recommend it."

Lung-Vita is sold by most druggists and dealers, but if yours has not as yet stocked it, write Nashville Medicine Co., Nashville, Tenn., for free booklet.—(Adv.)

Coal Supply Annihilated

This is the situation facing France. Her coal bins are empty. Her mines have been wrecked. Twenty years will be required to restore them. In France every housekeeper is worried about his coal for this winter. He's up on his toes phoning and calling upon the coal dealers and preferred deliveries.

Are you so sure of getting what you want when you want it that you don't think it worth while to give a thought in advance to your home comfort this winter?

These are days of great uncertainty. Better take advantage of certainty while it's here, and

RATIFICATION OF SUFFRAGE POSTPONED

GEORGIA HOUSE HASN'T TIME TO CONSIDER IT.

Solons Get Down to Work in Earnest—Forecast of Coming Events.

Atlanta, Ga., June 27.—The Georgia house of representatives started business with a rush Thursday morning, more than 100 bills being introduced during the session, including practically all the important measures scheduled for consideration. The constitutional amendment to move the state capital to Macon was the first to come up, securing first place on the house calendar.

Announcement was made by John Y. Smith of the Fulton delegation, that the Susan B. Anthony amendment to the federal constitution giving women the ballot, will be postponed until next year, on account of the large amount of matters of more importance which must be disposed of by the legislature.

All the other big items were assigned places from the jump, including the tax revision bill, creation of a budget commission, the state bank law, reorganization and enlargement of the railroad commission, amendment to the state constitution to permit votes for women, the highway bill and revision of the school laws.

Salary Increases Asked.
A number of salary increases are provided in bills. The most important are by Messrs. Hall, Mason, of Hart, Stubbs, of Laurens, and Barnes, of Bibb, to increase the salary of the state commissioner of agriculture from \$2,000 to \$2,500.

There were two bills proposing amendments to the constitution to give women the vote. They were by C. M. Dobbs, of Cobb county, and Swift, of Elbert county.

FRECKLES

Now is the Time to Get Rid of These Ugly Spots.

There's no longer the slightest need of Othine—double strength—is guaranteed to remove these homely spots.

Simply get an ounce of Othine—double strength—from any druggist and apply a little at night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful, clear complexion.

Be sure and ask for the double strength Othine, as this is sold under guarantee of money back if it fails to remove freckles.

Baby Coming To Your Home?

The Wonderful Event That Will Bring Much Gladness.

Are you looking forward, dear prospective mother, to the wonderful, glorious time when you shall hold in your arms the little mite, which is your fish and blood, with feelings of misgiving?

Now is the time to get in condition to meet the crisis, and three generations of women have found in the time-honored preparation, Mother's Friend, a grateful, penetrating remedy to prepare their systems to withstand the shock.

The action of this famous remedy is to relieve tension on nerves, cords, tendons and ligaments, to relieve strain and discomforts, such as nausea, nervousness, bearing-down and stretching pains. By regular use during the period the muscles expand easily when baby is born; pain and danger at the crisis is naturally less and the hours are fewer. Do not neglect the use of Mother's Friend, it is for external application only. It is absolutely safe and wonderfully effective.

Write the Bradford Regulator Company, Dept. N, Lamar Building, Atlanta, Georgia, for their Motherhood Book, and obtain a bottle of Mother's Friend from the drug store. It is just the standard as anything you can think of.—(Adv.)

Wilson Takes Heartfelt Farewell Of France; Looks Forward to Peace

Paris, June 27.—(A. P.)—President Wilson last night gave a dinner to President Wilson and all the delegates to the peace conference. Mrs. Wilson accompanied the president.

Responding to an address made by M. Polignac, President Wilson said: "I thank you most sincerely for the words that you have uttered. I cannot pretend, sir, that the prospect of going home is not very delightful to me, but I can say with the greatest sincerity that the prospect of leaving France is very painful to me."

"I have received a peculiarly generous welcome here and it has been pleasing for me to feel that that welcome was intended not so much for myself as for the people whom I represented. And the people of France know how to give a welcome that makes a man's heart glad. They have a spontaneity about them, a simplicity of friendship which is altogether delightful."

"I feel that my stay here, sir, has enlightened both my heart and my mind. It has enabled me personally to see the evidence of the suffering and sacrifices of France. It has enabled me to understand the personal touch with the leaders of the French people, and through the medium of intercourse with them to understand better, I hope, than I understood before, the ambitions and the principles which actuate this great nation. It has, therefore, been to me a lesson in the roof of friendship in those things which make the intercourse of nations profitable and serviceable to all the rest of mankind."

Daily Conferences Valuable.
"Sometimes the work of the conference has seemed to go very slowly indeed. Sometimes it has seemed as if there were unnecessary obstacles to agreement; but as the weeks have lengthened I have seen to my profit that came out of that. Quick conclusions would not have produced that intimate knowledge of each other's mind which I think has come out of these daily conferences."

"We have been constantly in the presence of each other's minds and motives and characters, and the comradeships which are based upon that sort of knowledge are sure to be very much more intimate sympathy and comprehension than could otherwise be created."

"These six months have been six months which have woven new fibres of connection between the hearts of our people. And something more than friendship and intimacy has come out of this intercourse."

"Friendship is a very good thing. Intimacy is a very enlightening thing. But friendship and intimacy are not a new thing that has happened in that we have translated our common principles and our common purposes into a common plan. When we part we are not going to part with a finished work, but with a common portion of which is only begun."

"We have fixed the formulation of peace, but we have begun a plan of co-operation which I believe will broaden and strengthen as the years go by so that this grip of the hand that we have taken now will need to be relaxed. We shall continue to be co-workers in tasks which, because they are all woven into one common plan, will be common to all of us and a common conception of duty and a common conception of the rights of men of every race and every clime. If it be true that that has been accomplished, it is a very great thing."

"As I go away from these scenes I think I shall realize that I have been present at one of the most vital events which have happened in the history of nations. Nations have formed contracts with each other before, but they have never formed partnerships. They have associated themselves temporarily, but they have never associated themselves permanently."

Awake to Moral Necessity.
"The wrong that was done in the waging of this war was a great wrong, but it was a great wrong because it was a moral necessity of seeing that it was necessary that men should band themselves together in order that such a wrong should never be perpetrated again."

"Merely to beat a nation that was wrong once is not enough. There must follow the warning to all other nations that would do like things that they in turn will be vanquished and shamed if they attempt a dishonorable purpose."

"You can see, therefore, sir, with what deep feelings those of us who must now for a little while turn away from France shall leave your shores, and though the ocean is broad it will seem very narrow in the future. It will be easier to un-

SOUTHERN TABLOIDS

A country farm agent in Louisiana last year, backed by the bankers, rated 160 Holstein cows, and inaugurated "own a cow" campaign. The movement was so successful that more cows are to be bought and distributed.

Pineapple production is being resumed down along the east coast of Florida. The season of 1908-9, million crates, but since then, shipments have annually decreased. It is estimated that "pine" shipments this season will run to 200 cars.

Williston, Fla., shipped over 200,000 crates of cucumbers this season. A plan is under way to establish a pickle factory at the place. Heinz, who died recently, started his great canning industry with pickles, and left an estate of \$1,000,000.

A new Florida citrus fruit, called the limequat, has been developed at the experiment station at Eustis, under the direction of F. W. Savage, of the United States bureau of plant industry. It has a thin, edible skin, with pulp having the acid of the lime.

The bureau of crop estimates forecasts for Florida a watermelon crop of 5,402 cars of 1,969 melons each from an estimated acreage of 16,240, an estimate based on July 1 of 75 per cent of normal. This compares with a crop last year of 2,539 cars from an acreage of 322 melons per acre on 8,335 acres.

Another cotton factory for Sylacauga, Ala., has been announced. The additional industry will have a capacity of 25,000 spindles.

One of the largest cotton deals ever consummated in Calhoun, Ala., was completed at Anniston, when the Robinson Brothers company, of Anniston, bought 1,354 bales of cotton from F. P. Woolf, of Piedmont, for the consideration of \$500,000.

It is said the prospective Alabama good roads bill will form a part of the report to be made to the legislature by the recess committee on convicts and good roads, when it holds its convening next month. It is thought that the bill will be submitted with the committee's report.

A 4,400-acre farm in Butler county, Alabama, has just been sold by Broughton Wilkerson, of Greenville, to Nelson Stromberg, of Eagle Bend, Miss. The price paid, it is understood, was something more than \$100,000.

Announcement has been made that the Pratt Consolidated Coal company through its board of directors, has voted unanimously to contribute to the Alabama memorial \$5 for every person who left the service of this corporation to take up work of any character with the government during the war.

\$20,000 worth of Merchandise advertised at about half price in The News Want Columns.—(Adv.)

MACK REGAINS STARS

New York, June 27.—Jack Barry and Amos Strunk, of the Boston Americans, were yesterday traded to the Philadelphia Athletics in exchange for Bobby Roth and Maurice Shanahan. Owner Harry Frazee, of the Boston team, in announcing the deal, stated that there was no cash involved in the transaction, the trade being made on even terms.

Both Barry and Strunk were members of Connie Mack's famous baseball machine several years ago and their return to the Athletics will be in the nature of a reconstruction in part of the combination which was considered one of the best in the history of professional baseball. Barry plays either short or second, while Strunk is an outfielder. Roth is an outfielder and Shanahan a second baseman. The batting averages of the four players, according to the latest statistics, are: Roth, .315; Shanahan, .277; Strunk, .268, and Barry, .256.
