

LITTLE GIRLS DOING THEIR BIT

Four Dozen Pinafores Soon to Be Sent to Children of Belgium by Junior High.

The little girls between the ages of 11 and 14, members of the sewing classes at the Junior High school, are doing their full share in this time when every one's help is needed.

These refugees' dresses or pinafores can be worn by either a girl or a boy. The garments are not easy for a child between the ages of 11 and 12 to make, but, on the other hand, Miss Ernestine Daniels, the instructor of the class, spends all of her spare time between the study periods in the sewing room instructing the eager children.

Little Black Garments. As they work, stitch by stitch, on the little black garments, they think of what a great opportunity they have to be able to do their share. They realize that when the little dresses are made, some of the children in the country where our battles are being fought and where fathers have died for the same cause which the American fathers, brothers and sons are fighting for.

Twenty dresses have already been completed by the girls at the Junior High school, under the direction of Miss Daniels, and just as soon as the other twenty-four have been completed the four dozen dresses will be done up in a package and mailed to the Atlanta headquarters.

All Members of Junior Red Cross. Each student who is working on the garments is a member of the Junior Red Cross, and the money which was paid into the headquarters for the membership was used by the department to buy the material for the garments.

The Junior Red Cross already has a large membership in Chattanooga, and the students of the other schools

CLASS OF JUNIOR HIGH SEWERS

The picture shows four members of the Red Cross society of Junior High now engaged in sewing for the Belgian war orphans. Those in the group are Misses Dorris Summers, Virginia Keating, Nina Lee Smith, Grace Johnson, Ruth Phelps.

FRUIT CROP PROMISES TO BE HEAVY IN CHATTANOOGA DISTRICT THIS YEAR

Interview With a Practical Grower—Gardening Time Near at Hand—The Best to Plant for Early Crops.

There have been a few frosts in the vicinity of Chattanooga during the past two weeks, and many fears have been expressed that the fruit crops might have been ruined.

An interview with Robert S. Walker, editor and publisher of the Fruit Grower, had a tendency to quiet any uneasiness that might have been held as to fruit conditions. Mr. Walker stated that he has never seen such a profusion of buds and blossoms on fruit trees as now exist in this vicinity.

- Roster of Sewing Room. The children who were working in the sewing room with Miss Daniels when a reporter called Monday afternoon are as follows: Misses—Marguerite Johnson, Lillian Inman, Cleo Guthrie, Irene Murray, Clara Smith, Anna Bell Wright, Anna L. Thomas, Ana Harrison, Virginia Keating, Dorris Summers, Nina Lee Smith.

HOSPITAL TREASURER ON CONVALESCENT LIST

D. H. Rains, treasurer of Erlanger hospital, who has been sick for the past month, is gradually regaining his health. He has not been confined to his bed all of the time, but has been unable to attend to his duties at the hospital, only occasionally going to his office. Mr. Rains attributes his recuperation to the health-giving air of his Mission ridge home. He thinks he will be fully recovered in a few days, so that he can resume his active duties.

and about two or three inches above the ground, and the worm will not disturb it. (Cabbage can be saved in the same way.) Among the best varieties are the Early Ana, for first crop; Bonny Best and Greater Baltimore. The Ponderosa is a popular, large, smooth variety, with few seeds, but the vines grow very tall if held off the ground, and should be staked to be of the best quality.

Sweet Peppers—Ruby Giant, Lima Beans—Burpee Bush, If the dwarf kind is wanted. Cucumbers—Long Green, for slicing, and White Spine, for general use. Cantaloupes—Rocky Ford and Nettea Yama. Watermelons—Kleckly, Sweet Florida Favorite and Tom Watson. Squash—Early White Bush and Yellow Crook Neck, for summer use; Golden Kershaw, for late variety, and Hubbard, for winter.

Sweet Potatoes—Nancy Hall, Southern Queen and Porto Rico Yam. Sweet potatoes for seed should be planted in a hotbed, and as the plants get four to six inches high, they should be pulled up and transplanted in such shallow ridges as are usual for such planting. An experienced gardener or farmer can tell you how to make hotbeds, raise potato plants and transplant them.

The Chattanooga Kiwanis club presented a permanent organization at Tuesday's regular meeting. It was announced that the formal presentation of the charter to the Chattanooga club from the International association would take place next week.

The officers below were elected by acclamation: President—O. P. Darwin. Vice-President—Dr. Raymond Wallace. Treasurer—D. H. Griswold. Secretary—Raleigh Crumblin. Directors—J. C. Steuch, Sherman Sanders, H. W. Longley, F. W. Edwards and M. L. Hogsheld.

POSTAL TO PLACE WIRES UNDER NINTH STREET

New Pavement Must Be Torn Up on One Side to Permit Development.

The Postal Telegraph company was given a franchise by the city committee to place its wires under the sidewalk from their office on Ninth street to the James building on Broad, and from their building up Ninth across Market up to the Volunteer State Life Insurance building.

The attorney for the Postal Telegraph company spoke in behalf of the franchise. He said that the company he represented was subject to a penalty for their failure to put in these conduits when the streets were being paved. Commissioner Bass asked the attorney to suggest a fine, and he replied that he thought \$500 should be charged against them.

Commissioner Bass, in opposing the franchise, stated that while it was a good thing to take the wires down from the poles and place them under the ground, he opposed it on the basis that a street newly paved and torn up, could never be replaced as good as it was before.

This conduit will be laid at the edge of the street, and not under the side walk, as was first thought they would be. The objection to the conduit under the sidewalk was that in future time, the property owners may desire to make use of this space, and the conduits would have to be removed or piped. Mr. Bass has declined on several occasions to grant the franchise, but matters of real importance to the public welfare have demanded that he reconsider and allow the streets to be reopened.

Children's Coughs and Colds. For many years Chamberlain's Cough Remedy has been a favorite with mothers for their children. That it has well merited the esteem in which it is held is shown by the following extract from a letter to the manufacturers by Mrs. T. H. Still, Charleston, Ill.: "Last winter our little boy, two years of age, had a severe cold that settled on his lungs and we were greatly worried over his condition. He had a very persistent cough that hung onto him, despite all the treatment we gave him until I got him a bottle of Chamberlain's Cough Remedy. This preparation relieved him almost immediately and two bottles of it cured him."—(Adv.)

MANY PROMINENT MEN COME OUT FOR TANLAC

FORMER MAYOR RECOMMENDS IT

Hon. Frank V. Evans Says He Weighs More Than He Ever Did in His Life.

One of the latest additions to the large and rapidly growing list of prominent men who have publicly endorsed Tanlac for the good it has done them is the name of Hon. Frank V. Evans, former mayor of Birmingham. Mr. Evans is one of the best known men in public life in Alabama today, being at one time editor of one of the South's greatest newspapers, the Birmingham Age-Herald. He was also examiner of public accounts in Alabama. In telling of the benefits he has derived from Tanlac Mr. Evans said:

"For years I suffered with gastritis and indigestion in the worst form. I was habitually constipated and had pains in my shoulders and headache continually. My appetite left me almost entirely and everything I would eat hurt me. Finally I got to having awful attacks of acute indigestion, palpitation of the heart and smothering spells. For a long time I would have one or more of these spells every night and I would wake out of my restless sleep gasping for breath.

"I bought a bottle of Tanlac, and to my surprise and gratification I began to feel relief after the first few doses. I kept taking the medicine and now I weigh more than I ever did in my life and my recovery is simply the talk of Birmingham."—(Adv.)

BIG BANKERS OF SOUTH ENTHUSED

From Two of the Best-Known Bankers in the South Comes Voluntary Praise.

Two of the best known bankers in the Southern states recently in personal letters told of their remarkable experience with the use of Tanlac. Their letters follow exactly as written:

The first letter quoted comes through Ed W. Goode, draughting and local agent for Tanlac at Hawkinsville, Ga., containing the statement of E. J. Henry, president of the Hawkinsville Bank and Trust Company, which is one of the best known financial institutions in that part of the state. His letter follows, just as it was written: "Hawkinsville, Ga., March 5, 1917. "Mr. G. F. Willis, Atlanta, Ga. "Dear Sir: Mr. E. J. Henry, president of the Hawkinsville Bank and Trust Company, came into my store a few days ago.

"I said, 'Mr. Henry, what do you really think of Tanlac?' His reply was so commendable to the virtues of the medicine, that I asked him if he would give me a signed statement about it. He said, 'Yes, of course I will,' and this is his statement: "Last spring I was all wrong some way or other, and couldn't get right. I came to you and bought a bottle of Tanlac and began to improve. Two more bottles put me all right, and I felt perfectly well. A few weeks ago I had the grippe and was beginning to get down and out again, and about a week ago I bought another bottle and have taken it and am perfectly well again.

"I unhesitatingly recommend Tanlac to anyone who is sick and worn out, as I believe that if anybody will take Tanlac when they first begin to feel badly it will prevent and keep off sickness. It certainly is a great remedy. (Signed) 'E. J. HENRY, President.' "The other letter referred to comes from the cashier of the Hornbeck branch of the West Louisiana Bank, at Hornbeck, La., and is as follows: "Hornbeck, La., March 5, 1917. "Mr. G. F. Willis, Atlanta, Ga. "Dear Sir: I wish to say that I have taken five (5) bottles of Tanlac and have gained fifteen (15) pounds in three weeks. I think it is a great medicine. (Signed) 'W. C. MELVEIN, Cashier.' "Bank of Hornbeck, Hornbeck, La."

PRESIDENT COTTON OIL MILL PRAISES TANLAC

Mr. C. C. Cooper, president of the Georgia Home Cotton Oil Company, of Lawrenceville, Ga., and one of the big business men of Atlanta, said:

"I suffered for seven or eight years. Not until I began taking Tanlac have I been able to notice the slightest improvement in my condition. I am greatly improved, and Tanlac is unquestionably the best thing of the kind I ever tried." Among the prominent manufacturers and business men who have endorsed Tanlac are John B. Carroll, cotton mill superintendent and leading citizen of Chattanooga and Atlanta; N. M. Yancey, manager of contract department, Atlanta Telephone and Telegraph Company.

MAYORS OF LEADING CITIES, PROMINENT JUDGES, STATE AND COUNTY OFFICIALS, BANKERS, LAWYERS, BIG BUSINESS MEN AND PROMINENT MINISTERS OF THE GOSPEL ALL INDORSE TANLAC.

It is seldom, indeed, that men of prominence, especially men holding high public office, willingly express their indebtedness publicly to a proprietary medicine. Many prominent men, however, including supreme court judges, mayors of our leading cities, prominent state and county officials, leading educators, government officials, and even ministers of the Gospel, have deemed it their duty to come forward and tell the people what Tanlac has done for them.

These well-known men of affairs have recognized in this medicine a new discovery and a scientific triumph in the medical world. It is a well-known fact that these splendid endorsements have been given Tanlac time and time again, and they will continue to be given just as often as new cases of its powers are made, and it also explains why numbers of the big drug firms of the country are ordering it exclusively in carload lots. Appearing below are a few endorsements from the large number that are continually being given to the public.—(Adv.)

HIGH SHERIFFS ARE NOW CONVINCED

Highest County Officials in Four Southern States Tell Their Experiences.

From four of the best known sheriffs in the south, in widely separated states, have come enthusiastic endorsements as to the merits of Tanlac.

"Tanlac has certainly helped me, and I recommend it for the good it has done in my case," said Hon. C. W. Mangum, ex-sheriff of Fulton county, Georgia, who resides in Atlanta and who is one of the most popular officials in the state, having served three terms as sheriff. "Tanlac seemed to be just what I needed to put my system in shape. It has toned me right up. Now I feel like I would recommend it to my friends, and I know of fifteen or twenty families that are taking it now on my say-so."

Arkansas Official Testifies. Hon. Chas. I. Lewis, ex-sheriff of Crittenden county, a merchant and a large plantation owner of Marion, Ark., said: "I am convinced from the benefits that my wife and myself and many of our friends have received from Tanlac that it is without an equal."

Ex-Sheriff Anderson's Statement. "None but the best of goods. Tanlac has done me, and I gladly recommend it to others for what it has done in my case," said Hon. Archie R. Anderson, ex-sheriff of Harris county, Texas, who was re-elected to his high office seven times and served the people of his county for fifteen years as sheriff. Mr. Anderson was chief of police of the city of Houston, where he resides, for several years, and there is not a better known man in Harris county.

Texas Sheriff's Indorsement. "I needed a general all-round building up for the last seven months, and Tanlac has done that very thing for me," said Hon. S. A. Kelly, sheriff of Ector county, Texas, who resides at Odessa, Tex., and who is one of the most popular officials in that section of the state. "I have taken only two bottles, but I feel like a different man already. My appetite is fine and what I eat gives me nourishment and strength. The rheumatism is much better and my liver is in good condition. I am relieved of the headaches and feel more active and energetic than I have in months."—(Adv.)

Prominent Doctor of Georgia Prescribes It

Dr. J. T. Edwards, of Fayetteville, Ga., one of the best known members of the medical profession in the state of Georgia, makes a statement that will undoubtedly produce a profound impression throughout the south.

"In my thirty years of active practice as a licensed physician in the state of Georgia," says Dr. Edwards, "I have never seen anything to equal Tanlac as a medicine to produce results. I hear people on all sides telling of the benefits they have derived from its use. Tanlac is simply the talk of my town. I have no hesitancy in recommending the medicine, and as a matter of fact, I am prescribing it for my patients almost every day."—(Adv.)

COUNTY REGISTER THINKS HE OUGHT TO SPEAK OUT

Hon. C. G. Lavender, register of Williamson county, Tennessee, and one of the most popular men in that section, said: "I feel like I owe it to suffering humanity to speak out and tell what this great medicine, Tanlac, has done for me. I was hardly ever without pain, and every three or four months I would have to take to my bed. Well, Tanlac certainly did for my trouble, and it has ended it."—(Adv.)

REV. W. C. NORTON NOW ENDORSES IT

Pastor Wesley Memorial Church, of Jacksonville, Praises Tanlac.

One of the most noteworthy features in connection with the introduction of Tanlac throughout the south has been the large number of ministers of the Gospel who have unhesitatingly and voluntarily given this wonderful medicine their unqualified indorsement.

Rev. W. C. Norton, who for years was pastor of the Wesley Memorial church, Jacksonville, Fla., but who now resides at Perry, Fla., comes forward and adds his testimony to the thousands of others who have been restored to health by its use. Rev. Norton is not only held in highest esteem by the hundreds of his church followers, but is exceedingly prominent as a man and citizen.

After saying that Tanlac had been recommended to him by several members of his congregation, and particularly by Mrs. S. C. Azlin, who lives at No. 8 Maplewood avenue, and whose testimonial was also published, he made the remarkable statement that Tanlac had entirely relieved him of a severe case of chronic indigestion of eight or ten years' standing. His statement follows just as it was given when he called at Bettes Pharmacy to purchase his third bottle of the medicine. "I suffered from chronic indigestion for eight or ten years. I had intense pain from an accumulation of gas on my stomach, and would have to leave the top button of my trousers loose in order to get free expansion. "At times I would become very dizzy, and I seldom slept well. I also suffered occasionally with headache, which at times were severe. I had to be very careful of what I ate, and if I went beyond that and over-indulged my appetite I was sure to suffer for it. Attacks of acute indigestion were frequent, and I just can't tell you how uncomfortable it was all the time.

"I became interested in Tanlac through reading the high indorsements of so many well-known and prominent people, and through my friends who had tried it. The benefit I have derived from this medicine is nothing short of wonderful, for I really feel as well now as I ever felt in my life. "I sleep splendidly and eat anything I want, and indigestion never troubles me. My liver and kidneys seem to be acting perfectly, and I feel splendid in every way. In short, Tanlac has simply restored my health, and I feel it my duty to recommend it as a medicine of exceptional merit, especially to those who are suffering from the troubles I had."

Commenting on Rev. Norton's statement, Mr. G. E. Willis, Southern district superintendent of the Atlanta, Nashville, Tenn.; Rev. W. T. Roby, pastor of the West Lonsdale Methodist church, at 809 LeRoy street, Knoxville, Tenn.; Rev. John M. Sims, a well-known pastor of the Methodist church at Atlanta, Ga.; Rev. A. I. Tull, a well-known retired Methodist minister, who lives at No. 3 Druid Hills, Atlanta, and many others."—(Adv.)

KENTUCKY NOTABLES ARE ENTHUSIASTIC

Hon. Moses B. Glenn, of Frankfort, Ky., state superintendent of public printing, a man of wide experience and one who has been true to his friends and to every public trust, said on his last visit to Louisville: "I am a conservative man and have had very little faith in medicine of any kind; but I feel it my duty to my fellow-men to state publicly what your medicine has done for me. It cured the catarrhal condition of my nose, head and throat was simply distressing, and I had almost decided to go to a warm climate, preferably Florida, when I decided to try Tanlac. I am now a well man, and I propose to tell others of the good this medicine has done me."

Among the Kentuckians in public life who have given the unqualified approval of Tanlac for its specific aid to them are: Hon. McKennie Moss, judge of the Eighth judicial district; Hon. Moses B. Glenn, state superintendent of printing; John B. Gaines, editor and publisher of the Bowling Green Daily News; George W. Hinton, former secretary of the Warren County Equity League; President Berg, of the Newport Business college, and others.—(Adv.)

PRESIDENT PROTESTANT HOME FOR GIRLS TALKS

Dr. W. H. Brown, 4523 Charlotte avenue, Nashville, Tenn., founder and president of the Tennessee Protestant Home for Girls, and a man whose charitable work has won for him the friendship and admiration of thousands, said:

"My friends have all noticed the great improvement in me since I took Tanlac, and I am boasting it every chance I get. From my own personal experience with the medicine and from what I have observed where others have been using it, I am convinced that it is the best medicine of the kind in the world. Tanlac is sold in Chattanooga by Lipe and Let Live Drug Company and by the leading druggists in practically every city, town and village in America."—(Adv.)

Advertisement for Pape's Diapepsin. The ad features an illustration of a box of the medicine and a pile of tablets. Text: '22 GRAIN TRIANGLES OF DIAPEPSIN FOR INDIGESTION. Stops Indigestion, Dyspepsia, Heartburn, Gases, Sourness and Stomach Distress. Eat "Pape's Diapepsin" like Candy—Makes Upset Stomachs feel fine. Large 50 cent case. Any drug store. Relief in five minutes! Time it!

Advertisement for Catarrh treatment. Text: 'ARE YOU CHOKED UP WITH CATARRH? to the winds, and pay heed to the voice of science. Realize that Catarrh comes from a germ which infests the blood, and that the disease cannot exist when these germs are routed from the blood. The rational and successful treatment, therefore, is one that reaches the blood, and cleanses it of every trace of impurity and rids it of these tiny catarrh germs. Of course no local remedies can reach the blood supply, and that is why Catarrh is not cured by sprays and lotions. The one great blood remedy that has made a wonderful record is S. S. S., which has been on sale by drug stores everywhere for nearly half a century. If you would be rid of your Catarrh, get a bottle of this great old remedy today, which will give you satisfactory results, as it has in so many cases. You will find that you are on the right treatment at last, as S. S. S. will do for you what it has for thousands of others. Start taking S. S. S. today, and write a complete description of your case to our head physician, who will give you all necessary instructions by return mail, without charge. Address Medical Director, 303 Swift Laboratory, Atlanta, Ga.—(Adv.)

Advertisement for Catarrh treatment. Text: 'No Joyous Spring-Time for Those Who Can Hardly Breathe. If you are in the grasp of Catarrh, your experience should convince you that the disease is beyond the reach of sprays, douches, jellies, balms, salves and other locally applied remedies. When the air passages become so stopped up that every breath you take is difficult, when the throat and nose are so clogged up with offensive mucus that you are constantly hawking and spitting in an effort to clear your nostrils, every effort you make to get relief by the use of sprays and douches is promptly followed by new accumulations, so that no headway whatever is made toward getting rid of the disease. If you want to get rid of Catarrh, throw your sprays, atomizers and other local treatment
