

# PUTNAM COUNTY HERALD

VOLUME IX.

COOKEVILLE, TENNESSEE, THURSDAY, JUNE 29, 1911.

NUMBER 26.

Mt. View Lodge, No. 179, I. O. O. F. met at the usual hour June 21st, 1911 with J. M. Haynes, N. G., presiding with a good attendance.

It being the last meeting in the term an unusually large amount of routine business was disposed of.

One petition for the initiatory was presented, read and referred to committee.

Bro. E. H. Boyd, who was severely hurt in the wreck on 21st inst., was reported doing well. Bro. Dr. G. N. Guthrie was reported as painfully, though not seriously hurt, in a railroad wreck in New York recently, but is getting along very well. Bro. W. D. Ferrell, our dashing driver, was reported as recovering rapidly. Other sick and ailing brothers were reported as improving slowly.

The initiatory degree was conferred upon two applicants in good style. One brother, an ancient Oddfellow, was restored to membership.

The installation of officers will take place at the next meeting when in view of the extraordinary expensive term the secretary promises the best report ever made by this lodge. All members are earnestly requested to attend the next meeting, July 10th. There will be no degree work but a real jollification over what is considered under the circumstances a remarkable showing.

#### Laying Cornerstone Postponed

The laying of the cornerstone of Baxter Seminary has been postponed until July 4, at 2 o'clock. The rain last Sunday made it impossible to conduct the services in open air.

The public is invited to attend. The service used will be a combination of the church and Masonic rituals for such occasions, and will be beautiful and impressive.

#### The Legislature

The House has passed the appropriation bill with an outright steal of \$500 for each member included in the items. This is done under the plea of extra work done, when in fact the body has done less than ever. The bill also provides for an increase in salary for nearly every clerk and employee of the state. It is a disgrace to decency.

Outside of this piece of attempted burglary nothing has been done except to fight for political or personal advantage. In short the thing stinks. Why don't the senate kill the steal, pass the revenue bill and go home. Nothing can be expected of the House. If the senate gives over the whole thing is lost.

#### The Genter-Edwards Co.

The People of Cookeville have been delightfully entertained every night this week by the above named theatrical troupe. In our opinion this is the best company that ever showed in this city. Their repertoire includes some of the best plays ever written, the actors are capable, the band and orchestra superb. Everything on the stage is clean and wholesome. In short the company is made up of clever ladies and gentlemen.

They will show Friday and Saturday nights in the big tent on the city lot. Every person wishing to see a good show should be present both nights.

#### Goodpasture Not Guilty

It took the jury six minutes to return a verdict of not guilty in the trial of E. C. Goodpasture on the charge of attempting to bribe Dishonorable J. Q. McDonald, the Alabama statesman floating around in a seat in the legislature. Why it took the jury so long to dispose of the charge of McDonald and the Anti-Saloon officers is a mystery.

#### Teachers' Institute

The Putnam County Teachers' Institute is in session under the charge of Supt. J. M. Hatfield and an able corps of instructors. The attendance is nearly 150, and work has progressed pleasantly and in a satisfactory manner. Next week examinations will be held and certificates issued.

## 3 Reasons

1. Depositing money in a bank makes it absolutely safe from loss by robbery, fire or accident.
2. With a bank account you can pay your bills by check. The cancelled check is a legal receipt for payment and you cannot be made to pay the bill twice.
3. Nearly every man needs to borrow money sometime. If you are well known at the bank through your bank account, it is easy for you to get accommodation.

The bright standard this bank has set for itself in the conduct of its business is a protection to its depositors in every emergency and under all circumstances. It insures them against reckless speculation and the get-rich-quick fever, and it is a guarantee that whatever the profits may be, they have been earned by prudent, conservative business management in which there is not a single element of danger. We like to have prospective patrons examine us regarding these claims to strength and stability.

#### MONTEREY MERCANTILE CO.

##### Piano Voting Contest

The Monterey Mercantile Co. are conducting a piano voting contest, which is getting well under way. All persons who buy goods at their store may vote for anyone they choose, the lady receiving the most votes getting the piano.

The Herald will participate in the contest, also. Every subscriber to the Herald at 25c a year may cast 250 votes, and for every dollar paid the Herald for printing or advertising 1,000 votes.

To help make things interesting the Herald will give a bonus of 10,000 votes to the candidate who sends in the most subscriptions during June.
