I like Tennessee fine. It is the garden spot of the world to me because I was born and raised there. I never expect to live in that state again as I am satisfied and can spend a night in city any time I wish to.

I came here Dec. 29, 1910. Begun work Jan. 3, have lost but about three weeks since. Once I got my left arm broken and I laid off for two weeks. So dear readers I have a good time and a hard one too as you can readily see.

Claude S. write from that place.
