#### Crossville

I was born and reared seven miles east of Cookeville, at a little village called Brotherton. I left there in the fall of 1879, coming to Cumberland county. That was before the railroad was built. Many changes have taken place since then. The young men that I grew up with have all gone to different sections of the country some have passed over the river and will not return, and those who were young then have so changed in looks that the years that have gone by made furrows in their once round and rosy cheeks, the frost of many winters are telling on their once black hair that we are made to say how changeable are all things in this world.

My good wife and I were given an invitation to come to Brotherton last Sunday to meet my good old friend W. T. Willett whom I grew up with and who I had not seen for thirty-six years. Mr.

Willett left when a mere boy, going to Illinois where he found a help-mate and leaving there he went to Kansas. We found Mr. and Mrs. Willett at his brother John's and spent one of the most pleasant days talking over our boy days' experiences, calling to mind many things long since past. One that Mr. Willett had not forgotten and that was the writer had a fine watermelon patch and was saving a large one for seed, but he (Willett) with some other boys thought it would not make good seed decided to see what was inside and came one night and lo, the melon was and was not. Mr. and Mrs. Willett now live at Santa Fe, Kansas, where they have accumulated a nice home and have enough laid up to take life easy. They will return to their home in a few weeks probably not to return to old Tennessee any more. We wish them a pleasant time while they are visiting here and pray that God's blessings may attend them during their stay on earth.

## DO IT NOW

Cookeville People Should Not Wait Until it is too Late

The appalling death-rate from kidney disease is due in most cases to the fact that the little kidney troubles are usually neglected until they become serious. The slight symptoms give place to chronic disorders and the sufferer goes gradually into the grasp of dropsy, Bright's disease, gravel or some other serious form of kidney complaint.

If you suffer from backache, headaches, dizzy spells; if the kidney secretions are irregular of passage and unnatural in appearance, do not delay, Help the kidneys at once.

Doan's Kidney Pills are especially for kidney disorders—they act where others fail. Over one hundred thousand people have recommended them. Here is a case at home:

J. G. Duke, of Cookeville, Tenn., says: "My experience with Doan's Kidney Pills was so satisfactory that I can highly recommend them. I took this remedy when I was suffering from a pain in the small of the back, caused by weak kidneys and I soon found relief."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.
