Six Months Fifty Cents

Kill off the calamity howler and misery of hard times will soon cease.

The greatest need of Hancock county is less kickers and more boosters.

There is not a family in Hancock county who cannot afford to subscribe for their home paper.

The latest reform joke is to the effect that ex-Governor Patterson has joined the prohibitionists.

The recent extra session of the legislature was a worst disgrace to the state than its predecessor.

In looking around for congressional timber, and one who would be a credit to his people, what's the matter with Joe W. Howard?

A water shortage in Middleboro is doubtless due to a recent visit of the prohibition wing of our legislators to that city.

The good book says that "All extortioners shall have their fire in the lake that burns with pitch and brimstone." This being the case, the fellow who pays his work hands 50 cents a day and charges them a dollar for corn, may expect a warm time when he passes out.

because he persuaded a young girl to elope with him, and because fate led the thoughtless feet of the honeymooners out of one state into another, a young man has been convicted of the Mann white slave traffic act.

When a servant in the German army perceived that he had been detected in theft, he seized two ordnance revolvers and fled to an attic, from which vantage point he shot and killed the first two men who approached to arrest him.

A detective has been arrested in Atlanta on a magistrate's warrant charging kidnapping, it being charged that a prisoner whom the detective claims he secured through the regular means of extradition, had in fact been illegally taken into custody.

TO OUR READERS.

There are quite a number of our subscribers' time expired, but through an oversight they have not heeded the X mark on their paper or wrapper, and some of them are our best patrons, who the paper, and we hate to give them up, also to lose their patronage. But Uncle Sam says all subscriptions must be paid in advance. So you see where we are at. Now this is to notify all our subscribers who are delinquent, as well as new subscribers, that we will send the News until January 1, 1915, for one dollar, and that unless their remittance reaches us by November 1 we will be compelled to cut off those not paid up, which we regret to do, but we must obey the postal laws or be deprived of the privilege of the pound rates, without which we could not run our paper. Now watch for the X mark on your paper or wrapper and remit us by return mail. You cannot afford to do without your county paper, and we have some financial obligations that are pressing us that we cannot meet unless you assist us, and as we are doing our best to give you a paper that is of interest to you, and a credit to your county elsewhere, you should show your appreciation of our work by a prompt renewal, and get your friends who are not already subscribers to become readers. Thanking you for past patronage, and assuring you that in the future, as in the past, we will be found working for the upbuilding of your county and its people.

We are Yours to Command,
THE EDITOR.

HON. GEORGE L. BERRY.

The Illustrious Son of Hawkins County,
Who is Being Urged to Make the
Race for Governor.

A strong club of citizens has been organized in Hawkins county to boost her favorite son, Hon. George L. Berry, for governor. He is a self-made man of rare executive ability whose life is an open book without a stainless page, and should he accept the nomination and be elected, he would be a governor for the entire people, and would place our state on a higher plane than it has been for years, as his administration would be conducted in a clean and business-like manner. "Governor" George L. Berry sounds good to us hill billys, having been raised among us he kinder feels like kinfolks—and is—as will be shown by our votes, if he is nominated, when we will land him in Nashville. What's the matter with George L. Berry? He's alright!

Home-Keeping Women Need Health and Strength.

The work of a home-keeping woman makes a constant call in her strength and vitality, and sickness comes through her kidneys and bladder oftener than she knows. Foley's Kidney Pills will invigorate and restore her, and weak back, nervousness, aching joints and irregular bladder action will all disappear when Foley's Kidney Pills are used. J. C. Trent.

SEE US AT COUNTY COURT.

Foley's Kidney Pills Succeed.

Because they are an honestly made medicine that relieves promptly the suffering due to weak, inactive kidneys and painful bladder action. They offer a powerful help to nature in building up the true excreting kidney tissue, in restoring normal action and relieving bladder discomforts. TRY THEM.—J. C. Trent.

ELM SPRING.

The health of our community is good at this time.

We have been having a fine rain all day and the ground is getting wet. As soon as this is over our farmers can go to plowing for wheat.

Ye scribe attended meeting at the Johnson graveyard yesterday and heard some fine preaching and also some good singing in the evening at the church at Sand Spring, conducted by Prof. D. J. Newberry. There was a part of three classes and they certainly made good music.

Some of the boys must have gotten a little too much booze yesterday, from the way they were acting. You ought to be careful boys. Court will come again and you won't be so gay.

W. C. McDaniel and clever little wife, was visiting his sister on Brier Creek Saturday and Sunday and report a nice time.

C. C. McDaniel got thrown off the track singing tenor Sunday, and didn't get back on.

There was preching at Elm Spring yesterday, but ye scribe was unable to attend, owing to engagements elsewhere.

Hello Calera, Oklahoma. Come again. We certainly like to read your letters.

Come on, all you who write for the News, and help to make our home paper better—if possible—it's good enough for me in its present form, and if the price was two dollars a copy it would be without it.

Will G. Richmond, a resident of Inglewood, Cal., will answer any inquiries about Foley's Honey and Tar Compound. He says further: "Foley's Honey and Tar Compound has greatly benefited me for bronchial trouble and cough, after I used other remedies that failed. It is more like a food than a medicine." Do not accept a substitute.—J. C. Trent.

There will be singing at Swan Creek next Sunday conducted by Prof. D. J. Newberry. There will be some good singing led by the Brewer's Chapel class, and they always make good. Everybody invited.

The changeable weather of early fall brings on coughs and colds that have a weakening effect on the system that may become chronic. Use Foley's Honey and Tar Compound. It has a soothing and healing effect on the irritated and inflamed air passages, and will help very quickly. It is a well known family medicine that gives results.—J. C. Trent.

About Your InHills.

What do your initials spell? Some people have had queer experiences. Names like Arthur E. Sullivan are unfortunate. George (Henry) Augustus Sain preferred to make himself, Mrs. George Adam Smith, into G.A.S. Gilbert A'Bechet, of course, was just G.A.B. Whistler for awhile dropped his McNeill, fearing the possible ridicule of J.A.M. Webster. Henry Rider Haggard becomes very dignified as H. R. H.; (Henry) Augustus Dobson refuses to be H.A.D., removing his first name, and Mrs. de Northoff, though no longer Olga Klaff, has become "O.K." forever.—London Chronicle.

Cables of Human Hair.

In north Japan is an enormous human temple, the floors of which were hauled from the mountains and put in place with ropes made from the hair of the women of the province. From these ropes, which were brought forth by an edict, two ropes were made, one seventeen inches in circumference and 1,400 feet in length, while the other was eleven inches in circumference and 2,000 feet long.

Women Who Get Dizzy.

Every woman who is troubled with fainting and dizzy spells, headache, weakness, debility, constipation or kidney troubles should use Electric Bitters. They give relief when nothing else will, improve the health, adding strength and vigor from the first dose. Mrs. Laura G. Gaines, of Avoca, La., says: "Four doctors had given me up and my children and all my friends were looking for me to die, when my son insisted that I use Electric Bitters. I did so, and they have done me a world of good." Just try them. 50c. and \$1.00 at all druggists or by mail. H. E. Beckles & Co., Philadelphia or St. Louis.
