Mr. Coy L. Hopkins and Miss Lena Mole, members of the Red Cross Extension Committee, and Editor Greene, member of Sneedville Chapter, organized a strong Auxiliary Chapter at Lusher Sunday. LUTHER

Dear Editor:

I ask of you a little space for a few happenings on our community for the first time.

The health of our burg is good. We have been having some good plow-weather and the farmers made good use of it.

Mrs. Harrison Antican has been on the sick list for a few days but is getting better now.

The Sunday School at Chinquepin Grove is progressing nicely with A. J. Jarnigan as Superintendent. We are having one of the best Sunday schools of Hancock County, and if you don't believe me, just visit us and see.

We have ordered new literature for the second quarter and hope more will take an interest in the School. We have had an average attendance of 66 since we reorganized Feb. 3, 1918. We hope the school will continue this way.

We are having some excellent singing at Chinquepin, Wm. Singleton being our leader. We had four new members: Mrs. Mayes and Mrs. McCoy.

Henry and Gale Trent were visitors at our school the Third Sunday. Come back again boys you are always welcome when you come to Chinquepin. Wish more people would visit us.

Listen, all you Christians who belong to Chinquepin Church, are requested to be present the Third Saturday in April. Our Pastor, Rev. H. L. Greene wants you present for the purpose of having the roll called. Chinquepin is preparing to clean up the church book; and has purchased a new book for this purpose.

Wonder why Dewy Bray and Tip Wolfe have quit coming to Chinquepin?

Rev. A. J. Jarnigan preached an excellent sermon at Chinquepin Saturday night. We have preaching every Saturday night.

Peter Antican was looking somewhat blue Sunday. Think Jennie is about to drop him. Cheer up Peter, there are plenty more.

Rector Carpenter and Jessie Seal visit Sunday School at Providence Sunday and report a nice time.

We want to read some more letters from College Hill.

Hello soldier boys! Why don't more of you write to the News as we are always anxious to read your letter.

I will ring off by wishing the editor and his many readers success.

Jelly Girl.

CAMP SEVIER

Dear Editor:

May I give you a few items from this place and express my thanks for the opportunity of reading the news of the county?

The health of the thirtieth division is reported good considering the large number belonging.

Everything seems lively in camp now since most of us have spent a few days at home with friends and loved ones.

I'll tell you home looks good yet; It's like the old song, "There's No Place Like Home."

I am made to wonder why more of the people of old Hancock don't write to the News. If you knew how lonely your boys get here so far away from home all would see who could be first to give the editor a few items to cheer thy soldier boys when they take the blues.

I sure enjoyed my visit home; but hated to return to camp.

I guess most of the farmers are busy preparing for crops and gardening to a great extent. I hope how soon peace may be declared when the boys can return home to plant and reap the golden grain.

As this is Liberty Loan day, a legal holiday for the soldiers of this camp, all seemed to enjoy themselves while parading through Greenville.

Sand the track

When a locomotive engine starts up a grade with a heavy load he first sands the track. This keeps the wheels from slipping and the engine a "toe hold."

Gaining a fortune is uphill work for most of us. The track is not smooth, the grade is steep. You need a "toe hold." The track must be sanded. This bank will furnish you a "toe hold"; will sand the track for you. We will pull you and we will push you. Come to us and we will help you up the hill.

Food Sign on Capitol. From Church street, two blocks distant, visitors to Nashville can now see on the south entrance of the ornate State Capitol a huge sign that "We'll Win the War," and appealing to all to have a share in a victory through this means. Similar signs are being placed at McKendree church in Centennial park at the Elks' club and other prominent places. They were the patriotic contributions of organizations and individuals and did not cost the government a dollar.

To Increase Production. Cooperating with the state and national departments of agriculture, the Food Administration in Tennessee is now in the midst of its big drive to stimulate an increase in production of food commodities during the coming season.
