

SOUTHERN REPUBLICAN FOR LEAGUE, SAYS DAVID LAWRENCE

Expert Declares State, Normally Republican, May Furnish Another Surprise If Johnson Upsets Situation.

BY DAVID LAWRENCE. (Special Correspondent of the News-Scimitar.)

SANTA BARBARA, Cal., Sept. 22.—California furnished a surprise four years ago. It may furnish another this year if Senator Johnson chooses to upset a situation which today looks like a majority of at least 100,000 for Senator Harding.

To understand the mixup it must first be stated that normally Southern California represents the heavy Republican vote to overcome the Democratic strength in San Francisco and Northern California.

But this year Northern California, especially with its Irish vote in San Francisco, has listened to the arguments of Hiram Johnson and a press which has been strongly in favor of the league, while Southern California has been strongly in favor of the league, and a majority of the newspapers of influence have taken that attitude.

Senator Johnson, who has always been popular in Southern California, lost it decisively to Herbert Hoover in the primary because Southern California is for the league.

When Senator Harding was nominated Southern California was disappointed. It wanted Hoover. When Senator Harding first announced his views on the league and men like Taff and Hoover expressed themselves as satisfied, the friends of the league in Los Angeles and vicinity also began to show signs of accepting Senator Johnson's ideas on the league question.

They are for the time being submerged in the issue, but are hopeful that Senator Harding will meet with more sympathetic attitude toward the league. All would be well if the situation ran on without the intervention of the party for controversy inside the Republican party.

Senator Johnson's Attitude. But Senator Johnson is not disposed to let well enough alone. Either he believes that Southern California will be converted to his viewpoint on the league or he sincerely believes he should campaign throughout California and drive home the interpretations of Senator Harding's position which he himself holds.

Anyway, they say they do not want Senator Johnson to speak in Southern California. Senator Johnson has been invited for Los Angeles next Saturday night to follow that of Gov. Cox. Perhaps it is the instructions of the Republican national committee or perhaps Senator Johnson was permitted to speak where he pleased in California.

But the truth is the Republicans in California have appealed to the Republican national committee to keep Johnson out of Southern California. Elmer Dyer, regional director on the Pacific coast for the Republican national committee, has been in Los Angeles the last few days checking up on the situation, and it is understood that he has advised Will Hays it might be more discreet to ask Senator Johnson not to speak about the league in Los Angeles, or better yet, not to come into the section at all.

There has been talk that as things now stand the situation from a Republican viewpoint is excellent and that if the league issue does not drive Republicans into a war inside the party the majority in Southern California will be up and for the league.

Johnson's Coming Resented. Many staunch league supporters resent Johnson's coming, and if he attacks the league, there is almost certain to be a mass meeting by friends of the league as an answering demonstration.

This is exactly what the Cox-Roosevelt supporters would like to see happen, for anything that disturbs a serene situation will benefit the Democrats, whose candidates they are for the league and has lately said he would accept any compromise reservation that might be agreed to in California.

Some Republicans of prominence told the writer they would not dare to predict what would happen in California if Senator Johnson aroused the wrath of the southern part of the state on the league issue. It seems hardly possible for Gov. Cox to acquire enough strength to carry Southern California, majority which Los Angeles might otherwise give Harding, and if the San Francisco is to remain the Democratic vote in Northern California, the state might yet turn another somersault.

It was the Hughes visit to Los Angeles which started a feud and gave the state to Wilson in 1916. The issue then was progressive versus conservative. California was solidly behind Johnson and resented Hughes' attitude toward their hero. This time the issue is the league of nations and Southern California has shown by its primary vote that it disagrees with Johnson.

"To inject the league issue in Southern California," said a Republican of great influence here, "is to deliberately invite Republican disaster and defeat." (Copyright, 1920, by David Lawrence.)

DENY SEATS TO A. O. U. W. DELEGATES

LITTLE ROCK, Ark., Sept. 22.—Dr. J. W. Johnson, grand medical examiner, and Claude H. Monk, of Pine Bluff, and J. H. Clark, of Paragould, representative of the Pine Bluff and Paragould lodges, were denied seats in the tenth biennial session of the Arkansas grand lodge, A. O. U. W. when it convened in Fraternal building Tuesday.

The three were denied credentials by the credentials committee and the decision of the committee was upheld by the grand lodge. The vote, it was believed, served as a test on the efforts being made to oust John R. Fraser, grand master workman, and other grand lodge officers.

Dr. John, Mr. Monk and Mr. Clark were leaders in a charge of circulating unauthorized statements concerning the grand lodge. The statements were in support of the charges recently filed in chancery court here, which asked for appointment of a manager in charge of the grand lodge. Dr. John, under action taken by the grand lodge, was permitted to attend with the grand lodge for presentation of his charges.

ANTIS ASK COLBY FOR STATEMENT OF HOUSE ACTION

WASHINGTON, Sept. 22.—Having refused to rescind his action in proclaiming the suffrage amendment a part of the federal constitution, Secretary Colby has under consideration the request of a delegation of Tennessee anti-suffragists that he issue a statement showing the certification of the second vote of the Tennessee house against the amendment had been received by the state department.

The secretary, members of the delegation said, told them that he would refer their request to his superior, the secretary of state, and would not request Mr. Colby to rescind his suffrage amendment proclamation on the basis of Tennessee ratification, but admitted precedents for such an action had been referred to. The announcement made at the state department regarding Monday's conference said that Secretary Colby had refused to rescind the suffrage amendment proclamation on the basis of Tennessee ratification, and accordingly rescind his proclamation.
