W. S. Embrey & Son's New Store.

Last Monday Messrs. W. S. Embrey & Son were visited by hundreds of people, mostly from the country, at their new store building on the corner of the Square and Jefferson street. Many of these were in search of goods, and all admired the new building, which is certainly an ornament to our town. It is two stories high, and the brick work and internal arrangements are splendid. Mr. W. S. Embrey, by personally supervising the whole from the commencement, can congratulate himself upon having the most desirable business house in the county. It is 120 by 30 feet, and admirably lighted. The upper story is exclusively for the storage and exhibition of ready-made clothing, of which the firm have a stock unequalled as to quantity and quality, and we suppose they will give bargains in this line as they propose to do in all articles of the heavy stock they have just received. We advise the ladies of our town and country to make a visit to Embrey & Son and see the elegance of the building and the quantity and quality of the fresh and attractive goods stored therein, whether they purchase or not.

Decherd Items.

Getting in their wheat crops is now the order of the day with the farmers. Some have their crops in, and quite a number are pretty well advanced, and a goodly number who are October sowers will commence this week. There has been quite a demand for wheat drills, and a good number have been sold here this season. The majority of farmers around here have learned from experience that there is but little pay in half doing anything, therefore they have prepared their lands for the coming wheat crop better than usual, and every farmer that can is putting his wheat in with the drill.

Mr. Ed. Birchenough, who owned and ran a saw mill here, has moved with his mill to Birmingham, Ala. Mr. F. D. Carson, late from Indiana, formed a partnership with Mr. Birchenough and went with him. His family will soon follow.

Elder H. M. Babh, who came here some eight or ten months ago from Indiana, and purchased a farm near here, has exchanged his farm for hotel property in Kenton, Indiana, and will leave us this week.

There is some sickness in our town, and we had one death last week. Mr. Silas Mallard lost a child about a year old.

Dr. Cherry has a child some four or five years old lying very low with fever. Mr. J. W. Mason, who had a spell of fever and got about again, is now confined with flux.

Mr. John F. Blair, an aged and good citizen, died last Thursday at the residence of his brother, Mr. W. L. J. Blair. He had been confined to his bed about eight weeks with fever. He was eighty-six years old.

Rev. Mr. Woods, pastor, will fill his regular appointment at the Presbyterian Church here next Saturday evening and Sunday. The services will be protracted.

Quite a lively scene took place the other day in the neighborhood above here. A woman named Mary J. Sabal was visiting at the house of Noah Tarwater, and while there Mrs. Tarwater thought she saw signs of too much intimacy between the aforesaid Mary and her husband; so she became enraged and took a board and boarded her off the place. The assaulted party swore out a State warrant against Mrs. T., and had her arrested and brought before a Magistrate. Upon the day of trial the prosecutrix did not put in an appearance, and Mrs. T. was discharged and went on her way rejoicing, while the aforesaid Mary now roams about with a black eye.

From Alto.

A few nights since the Oak Grove Mutual Aid Society met at Natural Hill, the grandest and most delightful of all halls. The building was lighted by glowing lamps, assisted by the friendly kith, with her sparkling eyes and warm heart; and everything was calculated to preserve harmony except, alas! one wayward member who, by her terrible good looks, spoiled our fun. Much business was transacted by the Society. Many topics of interest were discussed, and lengthy speeches were made (so to) for the edifying of the Society. These are happy meetings, and may your readers all be as happy, just once, as we were that night. As for the outside world, we know but little. Farmers very busy, consequently there is not much to gather. A Sabbath School mass meeting was held at Pelham, Grundy county, recently, which proved to be quite interesting. Speeches were made by Messrs. J. F. Laxson, Lane and West, Esq. Parks Rev. G. D. Guinn and B. A. Cherry. The speaking, for the most part, was very interesting, especially the plain, practical and forcible talk of Mr. Laxson. Why don't our friends write about their Sabbath Schools? Is it not a fact that the Sabbath School is essential to our future well being as a people? Is it not worthy the attention of the man of talent? Why not do away with mud-slinging, and think and write in the interest of schools, Sabbath schools, churches, turpikes, etc? Why do talented men waste so much time trying to find fault with their neighbors? Ought not a wise man to remove first the beam from his own eye? Surely it would be more profitable. CAROL. Alto, Tenn., Sept. 29, 1883.

A special to the American says another attempt was made last Thursday night, near Anderson, in this county, to wreck a passenger train. "Four large timbers were placed upright in a cattle guard at a point where the road makes a sharp curve. They were not discovered until the train was within a few feet of them, and every possible effort was made to stop the train, but too late to miss the obstruction. Still the speed had been checked sufficiently to prevent the impending catastrophe, and only the forward trucks of the engine left the track. It was replaced in two hours. The road is on a high embankment at this point, and if the speed had not been checked a dreadful accident would have occurred." This is the fourth attempt within a week to wreck the accommodation train.
