

Prof. J. W. Terrill will preach at Goshen at 11 a. m. next Sunday.

Eggs are scarce in this market. We suppose they are being saved up for the Christmas holidays.

A poem ("Thoughts of Long Ago") by the most estimable lady of Winchester will appear in our next issue.

An article written for the Journal headed "Waste of Time," was crowded out. Will give it a place next time.

Bay Cornshellers from Cager & Bro., and bring them your corn and get cash for it.

Dan. Nickles, a colored man who lived on the lot in the rear of Mr. J. A. Gaines' storehouse, died last Thursday.

We are glad to learn that the public roads throughout the county are in a better condition than for several years past.

Happy Mike Plumlee, a popular young merchant of Wartrace, paid a flying visit to his parents here since our last issue.

A larger acreage of wheat has been sown in this county this fall than usual, and we learn that it was put in with more care than heretofore.

Mr. Jas. L. Scott, of Nashville, the most popular and successful commercial tourist in the South, visited relatives and friends here since our last.

We have been doing an unusual amount of Job printing lately, and still are crowded with orders. We do the best work at the lowest prices.

There is a growing disposition on the part of some people hereabouts to attend more to the faults of their neighbors than to their own imperfections.

Thanksgiving services at the C. P. Church next Thursday at 11 a. m. In addition to a sermon, some excellent music has been prepared for the occasion.

Notwithstanding the inclement weather our streets were crowded with good country people—the stamina of the land—Monday. As far as our observation extended, fair order prevailed.

At the Ballard House, in this place, last Monday, Mr. J. M. Brewer was united in matrimony to Miss Annie H. Brown. Mayor John A. Lawing performed the ceremony.

In addition to the members of the church, quite a number of our citizens of other denominations attended Confirmation and Mass services at the Catholic Church last Sunday.

Those of our young ladies who, on account of not being blessed with rich parents or guardians, wear calico dresses, should not envy those who dress in satin, for calico dresses are sat in, too.

We notice in the last issue of the Dresden Era that Mr. W. C. Yatom, who was to accept a position in the Franklin County News office, has concluded to remain in Dresden and continue the publication of the Era.

There is a movement on foot to organize a hook and ladder company, and it should succeed. Property-owners should not be backward in contributing money for this purpose, for it might be a means of saving their property from destruction by fire some time.

Dr. Lewis Metcalfe returned, several days ago, from Nashville, where he had been for some time under official appointment. We welcome him home, for he is a man we never separate from without having learned something to our advantage mentally, if not otherwise.

MARRIED.—Nov. 22d, 1883, at the residence of the bride's father, (Mr. Jas. Dardis,) in the 8th civil district of this county, by Rev. W. B. Watter-son, Mr. J. T. Hedgepeth of Cowan, to Miss Mary Dardis.

Mr. Hedgepeth is one of Franklin county's best citizens, and there is no nobler lady than his bride. Both have done well, and may Heaven smile upon them graciously.

About 7 o'clock on Tuesday night of last week a stable in the rear of Capt. B. Duffield's lot was discovered on fire. In a few minutes after the alarm was sounded people congregated, and by hard work the surrounding buildings were saved, although it seemed impossible almost at one time to prevent the fire from catching Duffield's livery stable, in which case not only the stable but Phillips' drug store building, and probably the whole south-east side of the Square, would have been destroyed. The stable and contents, a small lot of hay, were entirely consumed. We suppose \$75 would cover the loss.

We have often said, and say it again, that the citizens of Winchester, young and old, white and black, can "beat the world" fighting fire.

Tramp to Anti-Tramp, Cowan, Tenn.

To the Home Journal:

Brother Anti-Tramp, I am sorry to learn that the "Ohio cyclone" which swept your Prohibition ship out to the west, and foundered it with nearly 320,000 Prohibitionists on board, has never been heard from since, and it is very doubtful if it ever will be. It was enough to make you sick, and make you hide out; but by the aid of good nursing and skillful physicians, you attempted another letter in last week's Journal.

You are complaining about my "wanton calumny." You remind me, sir, very much of the thief in New York who snatches a man's watch and chain from his vest, starts off in a run, shouting, "Stop thief! stop thief!" and the people take up the cry, and in the crowd the thief disappears. You cry to me, "Calumny, calumny," and all the time you are shooting off your personal slurs.

Your figuring on the Kansas vote of 1882 is simply ridiculous. Why, sir, before making statements don't you know you must have some proof. Please tell me why there are from 20 to 30 towns and cities in Kansas which never have stopped retailing intoxicating liquors and, Prohibition is the law in Kansas. Don't get out of my question by saying it is not so, for I have been at some trouble to write and find out, and it is so.

You say in your last letter if Prohibition was the law in Tennessee, and I was Mayor of Decherd, "Uncle Irb," would not have to close his business. Thank you, I am as much a law-abiding citizen as you, and if Prohibition was the law I would want, and would do my share as a humble citizen, to see it enforced.

You, Mr. Anti-Tramp, are like some other correspondents. You would try to insinuate through your letters that I am some old toper, or something of that sort—anything to make your point. Well, sir, we deny the charge. Our friends, our opponents, and our honorable enemies, would not say so, and what others say we care not. They have our cordial contempt.

We expect to follow the even tenor of our way. We have always been a temperate man—always been a friend to temperance—but we are not a Prohibitionist, and no honorable man can think any the less of us for not being one. Neither do we ride on the fence, neither will we go to the ditch, but we will be where tens of thousands of good, true and honest citizens are—on good conservative ground, middle ground, moderate ground—ground on which the ablest writers, on all subjects in the English language, have stood upon and given to the world works which will never be surpassed, and numbers of those works were written while "sipping wine and smoking tobacco."

You, Mr. Anti-Tramp, would try and make us believe that none but "total abstinence" and Prohibitionists are respectable. According to the vote of Ohio there must be nearly 400,000 people in that State who are not respectable. Let the majority rule; but it's bad for Ohio that she is not ruled by respectable people. Nevertheless, she prospers. She educates her sons and daughters, and her people will compare with and other people in the world.

As a citizen of the State of Tennessee—devoted to her interests and desiring her welfare—I am not willing to vote for Prohibition. It would, in addition to the crimes and misery growing out of intemperance, bear an army of informers, law-breakers and hypocrites. I may be wrong, but I think I am not. Give us intelligent legislation—zeal for the good of society, at the same time guarding with due care the rights of citizens, and we can successfully and wholesomely regulate the liquor traffic; but we can never effectually suppress it.

It is a wrong idea to suppose that prohibitory laws would suppress drinking. What does any man of means care for prohibitory laws? He can send off and buy his drink in quantities. He can obtain it from the druggists.

The Circuit Court Judge at Brownsville has decided that a doctor can give prescriptions for whisky and it is not a violation of the law. While we know our own doctors would not do this, unless really necessary, there are numbers of doctors who would do so.

Thanking the Journal for publishing my letters, and wishing it success, I am, most respectfully, G. E. BANKS, alias TRAMP.

Decherd, Tenn., Nov. 24.

From Maxwell.

To the Home Journal:

"Bro Bob" Smith gave his little reception here last Tuesday, with an average attendance. Several of the dollar family accompanied him back to Winchester.

The present road law must be a very good one, judging from the condition of our highways, which are in the best condition ever known.

The singing after the Sunday School at the Institute, conducted by Rev. J. Bollenbacher, was an exceedingly interesting feature of the exercises.

Our merchants are carrying a good trade this fall; and, as they are all clever and accommodating, they deserve success.

You can put the majority of us down as "middle men," who would rather persuade by kind acts than by bull-dozing.

Mr. Geo. Hall has sold his property here and will remove to the country.

Mr. Haynes, the efficient conductor of train No. 2 on this line, informs us that there is as much or more shipment of produce and live stock from Maxwell than any other station between Decherd and Fayetteville. Maxwell is not a metropolis, but it is "some pumpkins."

The church directory for this community runs thus: First Sunday in each month, and Saturday before, at Walnut Grove—M. E. Church; Saturday before, and 2d Sunday, preaching at Benn's Creek Church by Rev. Goodloe Woods, and at Salem Christian Church; fourth Sunday, and Saturday before, services here at the Baptist Church, by Rev. A. J. Brandon.

CHARON.

A hog fight on the Square last Sunday morning attracted quite a crowd.

17th District.

To the Home Journal:

After a few days of pleasant weather we are now having some rain, which causes a diversity of opinions as to whether or not it is best to have rain just at this time. Some of our farmers are not done sowing wheat and gathering corn, and you may guess that they are not praying for much rain. Others, like your humble servant, are done seeding and harvesting—for the present—and, being a little scarce of water, too, don't care if it does rain. We have long since found out that it doesn't rain just to suit the convenience of any individual. "It rains on the unjust as well as the just," so we might as well exclaim, "Just let it rain."

We have some new comers in our district, Mr. Smith, from Wisconsin, and Mr. Moore, from Ohio, have purchased farms and located here on Elk river.

Dr. Rowe Byrom is now a citizen of our district. We are glad to have him as a neighbor, and would be glad to have him as a physician if we were sick.

Miss Mary Pogue, of Virginia, is visiting her brother, Mr. J. C. Pogue, of Estill Springs.

Mr. George Colyar, of Tracy City, was down last Friday to take a little recreation in the way of bird-hunting. He and Bob "fatch 'em in."

Well, yes, we have had one wedding in our district since my last, and if I had been present on the occasion I would have reported it; but, not being present, I can only say that on Thursday night, Nov. 22d, at the residence of the bride's father, (Mr. Reubin Curl), Miss Lizzie Curl and Mr. Charlie Clay were united in marriage by Esq. W. B. Gossage. Who will be next? I could guess, but if I should, Willie would get mad, and for that reason I'll not guess.

Health of the people of our section is good.

Wheat is looking fine. EDWIN.

Our New Chancellor.

Gov. Bate has appointed Hon. E. D. Hancock, of Murfreesboro, to the office of Chancellor, made vacant in this Chancery Division by the death of Judge Burton. Messrs. W. H. Brannan and J. R. Beasley were applicants from Winchester, and it is natural that our people should have desired a member of our Bar. But the Governor has, no doubt, made a good and proper selection. The Nashville World says, in this connection:

"Judge Hancock is highly esteemed by the citizens of Murfreesboro, his home, and they supported his claims, both the lawyers and the city, with flattering unanimity. It seems equitable that the former Chancellor's removal by a dispensation of Providence should suggest that the unexpired term should be filled by a citizen of Rutherford; and in addition to this, Judge Hancock, on his own personal merits, is the peer of the many honorable names recommended to the Governor for appointment."

Our Agents.

The following named persons are authorized to receive and receipt for subscriptions to Home Journal:

John H. Martin, Winchester. George E. Banks, Decherd. D. S. Long, Hockerville. L. R. Sarlin, Cowan. W. B. Gossage, Estill Springs. I. N. Martin, Maxwell. O. P. Bruce, Huntland. G. W. Bowling, Maxwell.

Annual Meeting.

The annual meeting of the Franklin County Auxiliary Bible Society will be held at the Baptist Church next Sunday night, Dec. 2.

Everybody is cordially invited to attend. Jo. C. OEBMIG, Corresponding Secretary.

Sale of Land!

B. F. Holder, Executor, vs. J. M. Holder and others.

Said land is situated in the 11th civil district of Franklin county, Tennessee. The purchaser will be required to give good and solvent security, and a lien will be retained until the whole of the purchase money is paid.

This November 19th, 1883. B. F. HOLDER, Executor, &c.

Non-Resident Notice.

D. S. Reynolds and wife vs. P. D. Woods et al.

It appearing to the satisfaction of the Clerk and Master, from the affidavits in connection with a Bill in above cause, which is plain that — Stowers and wife Annie, formerly Annie Bishop, — Manace and wife, formerly Mary Ann Nickles, and Joe Nickles, are non-residents of the State of Tennessee, so that the ordinary process of law cannot be served upon them.

It is therefore ordered by me that publication be made for four successive weeks in the Home Journal, a newspaper published in Winchester, Tenn., requiring said non-resident defendants to appear on or before the 4th Monday in January next, before the Chancery Court at Winchester, Franklin county, Tenn., and make defense to said Bill, or the same will be taken for confessed and set for hearing ex-parte as to them.
