**PERSONALS**

Dr. J. C. Curry, of Adamsville, was here Monday.  
J. C. and W. C. Hair were business callers Monday.  
Henry Harris was here Monday and made us a pleasant call.  
A. H. Jopling, of Cairo, has been spending a few days with home people.  
T. J. Hurley, of Chewalla, was on the bench as a member of the court Monday.  
J. C. Robinson was a caller Monday and left a remembrance for his subscription.  
W. T. Pigott, cashier Bethel Springs Bank, was a business caller Monday while in town.  
Mrs. Ola Bryant left Saturday for Whiteville to visit her daughter, Mrs. J. H. Richardson.  
W. C. Barnes made glad his friends this week by presenting his portly form on our streets.  
G. W. Wilmeth was in Monday and entered a new subscription for his sister, Mrs. Abbie Hurley.  
Garfield King went with J. W. Prather to Morris Chapel Sunday to the Sunday School convention.  
Mrs. J. T. Bagby and babe, of Obion, came Wednesday to visit her parents, Mr. and Mrs. J. H. Steadman.  
Anderson Henry sent Monday his annual contribution to religious literature which he has been sending for eleven years.  
Anderson Moore, of Decatur, Tex., returned to his native county Saturday. He says McNairy for him, and that he intends to return with his family.  
As the guests of Mrs. Judge Abernathy, Miss Verda Castleberry of this county and Miss Lou Wardlow of Montgomery, La., honored us with a call Monday.  
It looked natural Monday to see F. J. Floyd on hand. As a member of the county court for years he always was present. He says the is now a "rover".  
J. W. Prather reports a fine Sunday School convention at Morris Chapel Sunday. We had intended to accompany Mr. Prather, but a case of sudden illness prevented. The next convention for the 4th district will be at Crumps Landing.  
Dr. and Mrs. Wickwire attended the trial of Jim Bolin before Esq. Carothers Friday. The Doctor can be relied on when it comes to enforcing the tick law, and he has the hearty support of all who are not kickers on the law.  
G. D. Maness slipped a "plunk" in our hand on the street Monday. We knew what it was for, and in entering credit, found he has the best record on our books; a first issue subscriber with a year in advance. It is a pleasure to have such subscribers.  
The protracted meeting this week at the Baptist church, conducted by Rev. J. H. Turner, of Corinth, began Sunday and will continue indefinitely. Good congregations at night and able sermons characterize the services. But little outward interest is so far manifested, but much good is expected.  
The play of "Birds Island" by home talent last Thursday night at College Hall was a pronounced success. The merit of the play was rewarded by a large and appreciative audience. The play was put on the boards at Adamsville Tuesday night by the same company. The play is quite catchy and all the actors did their parts in good style.  
The honor conferred on L. S. Perkins in being selected as one of the members of the National Advisory Council of the World's Permanent Exposition at Washington, D. C., shows the estimation in which he is held by the nation's greatest minds in promoting this the greatest and permanent exposition of the world. McNairy county may feel proud of this distinction coming to one of her sons.  
R. E. McKinney stopped to spend a day at Selmer on his way from Memphis to Henderson Saturday. He was accompanied by his daughter, Miss Jennie May. As the friends of Mr. McKinney know, he is paralyzed on his entire right side, and his mind is affected to that extent. He cannot call the name of anyone, yet knows them and can in some respects speak intelligently. It is a most sad and unusual case, which can but bring sorrow to his many friends.

**SAND BOX**

Those needing brick in any quantity call on Will Browder, who has a fresh kiln just burned. For a real July county court crowd Monday the reputation was not maintained. Good bye garden truck. You are too far gone to come back even with a good rain. H. P. Wood has moved his old office on another lot and is pushing the building of a nice three-room brick office on the old lot next to McNairy Co. Bank building. Doc Smith is contractor and proposes to complete brick work in 30 days. A safe and same Fourth was Selmer's contribution. The white teachers' institute is succeeded by the other color this week. This (Wednesday) morning the rain is timidly falling with every indication of a great blessing is coming to this whole region. So mote it be. While at Corinth last Friday we had the pleasure of visiting Gish's big store and seeing what he is doing in his great July Clearance Sale. He is getting big results in large sales at the cut prices, which are a reality. Send for what you want. We don't know what the lazy brigade will do when the blackberry crop is over. The Mississippi penitentiary seems to be reeking with graft, and inhuman punishment inflicted. It seems there is some hitch in the confirmation of Mrs. Perkins as postmistress. Senator Lea asked it to be held up. The inner circle knows the kitten in the stove wood. Sweat's barbecue on the 4th was largely attended and the best of order ruled. All enjoyed the feast. The great Annual Reunion and Picnic at Finger Aug. Second will be the big occasion of the season. Bulgars, Servians, Greeks and perhaps others are now fighting over the spoils they jointly obtained from Turkey. The Turks stand by to clean up the whole bunch when they are ripe. What a fate for the little powers who fought Turkey so bravely and successfully. We would like to have a few hundred new subscribers but have no premiums to give, but offer the subscriber the worth of his money in a clean, live, news giving local paper, run in the interest of our people, regardless of politics or outside influence. No one in the county can keep abreast of the times and not read and pay for his county paper. The financial report of the county Monday shows that an indebtedness of several thousand dollars must be met by the present year's taxes.

**Studebaker**  
"The LIFE of a wagon is what counts—that's why I buy a Studebaker"  
"That's reasonable, isn't it?"  
"A wagon that doesn't last is expensive no matter what price you pay for it."  
"Suppose you buy three wagons, one after the other, and the three of them don't last as long as one Studebaker—which is the best bargain?"  
"I didn't find this out myself. I heard my grandfather say it a good many years ago. He said he had proved that it paid to buy a Studebaker. I followed his advice to my own satisfaction."  
"A wagon can't have life in it unless it has the material and work and finish in it. The Studebaker people have been making vehicles for sixty years. They ought to know how to make wagons right—and they do. They have the reputation because they've produced the goods. They don't put the name Studebaker on until the wagon's right, and when you see the name Studebaker on a vehicle of any kind it is your insurance of quality."  
"That's why I buy a Studebaker. I trust a Studebaker wagon because I trust the people that make them. It's good business."  
"A Studebaker promise is always made good."
