

YOUR DOLL IS NOW READY.

CALL AT THE

Nashville Globe Office, 447 Fourth Ave., N.,

OR AT THE

National Baptist Publishing Board, 523 Second Ave., N.,

AND GET YOUR

NEGRO DOLL.

An extra large supply of these dolls has just been received, and if history repeats itself they will not last very long. Don't be late. Get your doll in time. Remember there are four different sizes. No girl is happier than when she has a beautiful doll.

Collier's Weekly, one of the greatest weekly papers published in the United States, in speaking of these dolls, said: "There is more involved than appears on the surface in encouraging little Negro girls to clasp in their arms pretty copies of themselves. The white race doesn't monopolize all the beauty and loveliness, and it will be a happy day when this is realized."

SPORT.

FOOTBALL.

Atlanta, Ga., October 31.—The "Tigers" of Baptist College played the second game of the season this afternoon with the City Y. M. C. A. The "Tigers" were greatly surprised when they found the city team so strong. In the first half the battle was hard and fierce; but in the last half the city boys grew weak, and the "Tigers" ran the score up to 27. The Marooner's goal was not even threatened at any stage of the game. The principle feature of the game was the hard tackling by the Y. M. C. A. The "Tigers," as usual, played great ball. For the Y. M. C. A., Franklin and Marion were easily the stars. It is always a hard job to pick A. B. C.'s stars. I think "Vic" Turner, the Huberts and Wade were the stars in this game. However, old "Sandy" Jackson, known to many as "Kid Sandy," played great ball and because of that I make special mention of him. The "Tigers" miss Dickson their old guard who is now playing with Meharry. Of course, "Gene" Allen, a former member of the "Champs," and who is now at Howard University, will be ever remembered. Referee, Dr. R. H. Carter; Umpire, Dr. A. D. Jones. A. B. C., 27; Y. M. C. A., 0.

After a defeat by Franklin last Friday—6 to 0—in which Franklin was outclassed but won, the Tigers of Pearl High met the Walden Cubs and defeated them by a score of 5 to 0 Wednesday afternoon.

Fifteen minute halves were played and it is due to this fact that the High school did not score another touchdown.

During the first half after an exchange of punts and several rushes Pearl brought the ball to the middle of the field. Two more rushes a forward pass, and an end run put the ball inside of Walden's 5 yard line. Time for the half ended here with the ball in Pearl High's possession.

During the second half by good punting and line rushes, the High School brought the ball to Walden's 25 yard line. Here Allison got around Bass's end and had clear field ahead, but after running fifteen yards stumbled and fell. The High School then made two efforts to crush the Walden line and failed. On the third play a neat for-

ward pass from Hurt to Upshaw enabled the latter player to cross the goal for a touchdown as time for the half ended. Hurt failed to kick goal.

The Pearl School line worked in the same magnificent manner that it has in every game of the year and the back field was there with the goods all the time.

The High School was especially weak in handling punts in the back field, and plunging the line with the players a little too high. With the faults remedied, the High School will be able to make all teams of its class hustle.

In this game Walden was entirely on the defensive and seemed to be out-classed.

The line-up follows:—
 Pearl: Upshaw L E Walden.
 Summers L T Dill
 Whittaker L G
 Anderson C Bibb
 Caldwell R C
 Duncan R T Maclin
 Carey, Allison R E Morrow
 Leach Q Trice
 Hurt L H B Bass
 Floyd R H B Alexander
 Davis F B
 Officials: Referee, Mr. Randalls,
 Pearl; Umpire, Mr. Dobson, Meharry;
 Head Linesman, Mr. Johnson, Meharry;
 Timer, Mr. Davis, Meharry.

 Something Doing on Bennett Field.

"Work, work, work!" and "unending toil" seem to be the watchword of the Fisk squad. Nothing is being trusted to chance, for the men have had it beaten into them by ceaseless work and suggestions that fall "is on the side of the heaviest batallions" and that the heaviest batallion is made not by avoirdupois, not by the process of any individual man, but by a deadly accuracy and absolute precision in every little detail of the game; by careful and untiring drill in the machine like operation of eleven men, links of the same chain and that chain is no stronger than its weakest link. The "changing sled," "tackling dimmy" and other little devices are not spared their share of making up in welding the individual links for their greatest efficiency in this chain.

The students wear the "smile that wont come off" now that Smith, the

left tackle is on the field again. Like most of the rest of the squad Smith is in the game all the time.

The team as a whole is light but fast and as plucky as they make them. Aside from the handicap in weight which is regarded very slight, the boys have a few injuries. King, the mighty left half, seems to be out of the game for the season with a bad shoulder. Upshaw, Fisk's great booter and right half has a slight leg soreness which is puzzling, while McMillan, tackle and Jackson, end, all on the right side of line, are at present reminded that they have legs by minor injuries. All will be around perhaps by the Baptist College game on the 14 of November.

Clarke, end and veritable adamant of last year, will be shifted from full to left half, while Thompson, one of the greatest toe managers on the checker board of today, is expected to don his armor and do battle for Fisk at full. Warner, McKissack, and Booker Washington are bubbling over with energy and desire to mus up their togs on some big half back. In fact, the whole squad, including some rugged but unseasoned scrubs, are anxious to do service under Capt. Stith, appointed to take charge in the place of King.

If no new injuries result from practice, the people of Nashville can expect one of the hardest battles ever ushered on the field by the passing of the sun into the western sky. We have a tough proposition and we know it, because Baptist College is without doubt the strongest team west of the mountains, and you may well search their record for clean football. There is sure to be "something doing" on Bennet Field.

Tuskegee Defeats State Normal.

Special to the Globe.

Montgomery, Ala., Nov. 3.—The schools in this district are as interested in football as ever and it would seem from some of the contests played each one is represented by a strong team. Last Saturday, October 31, the boys of the State Normal School, of this city, stacked up against the husky representatives of Tuskegee.

Concerning the game Dr. W. F. Watkins, who will be remembered by students of football lore as the famous "Watt" of Meharry, one of the best quarters ever turned out by that

school, had the following to say to the Globe correspondent:

"It was one of the cleanest and hardest fought games I have ever witnessed. Both teams were keyed to the highest pitch and played their best. The teams were about evenly matched. The first half the State Normal played in Tuskegee's territory and it looked as though a touchdown would be made as Tuskegee's goal was repeatedly threatened.

"In the second half, State Normal fumbled a punt and this enabled Tuskegee to get near their goal and with only one minute to play Tuskegee executed a beautiful pass. In the next play Tuskegee carried the ball over for a touchdown. The game ended 5-0, Tuskegee having failed to kick goal. The Normal boys were highly entertained by the Tuskegeans and though the city boys lost, it was in such a hard fought contest that they can feel honored by the fight they made."

Tuskegee is to meet the strong Atlanta Baptist College team on the fourteenth of the month.

The game to be played Saturday, Meharry vs. Talladega, will no doubt be a good one as both teams are strong and confident of victory. Talladega comes with a long string of scalps dangling from her belt, and is very anxious to take the coming game from Meharry. This would add prestige to the team. Meharry, on the other hand, is compelled to take this game to hold her place in the football world as one of the strongest teams in the country. If all reports are true, she will have the time of her life to down the boys from Alabama. The team comes well drilled in the new game, and with as fast a set of backs as she has ever had; in short, nothing has been left undone to make the team a good one. Meharry will have to play some good hard football to win.

There seems to be plenty doing on Bennett Field. Every day Coach Giles has his boys out early carrying them through a stiff practice, and they seem to be rounding into fairly good shape. His back field is giving him considerable trouble. He will have to develop a new man to fill the place left open by King, as it is hardly likely he will be able to play again this season. To fill his place will be no easy job, for he was by far the best man

on the team, and to be without his help in the game is a big blow to the team. We are hoping, though, that he will soon recover, and that the public will again have a chance to see the big boy in harness.

Despite the fact that Coach Giles has only light material on hand with which to work, he will have a wonderful team. And when they play the A. B. C. boys on the 14th, they will present an aggregation that will be hard to down. While the boys are light they are also fast and, above all, they have that old Fisk spirit that will keep them fighting until the last.

The Globe man was out several days ago to look at the team in motion. While they are a bit light they have speed to burn, and it is safe to say Fisk has never had a faster team. Coach Giles has also given some attention to the forward pass, and it is a common thing to see some of the boys throw the ball from ten to fifty yards.

Fisk will play her first varsity game on November 14; and until then it will be hard to get a line on the team. But there is no doubt but that she will be strong, and that Fisk will still be in the running.

WATERPROOFING MATCHES.

Simple Method That May Be of Use to Campers.

(From the Scientific American.)
 Perhaps some of your readers would be interested to know that I have found a simple, inexpensive way to waterproof matches.

Into some melted paraffin (care being taken that it was as cool as possible) I dipped a few ordinary parlor matches. After withdrawing them and allowing them to cool it was found that they scratched almost as easily as before being coated with the wax. Several were held under water for six or seven hours and all of them lighted as easily as before immersion. When the match is scratched the paraffin is first rubbed off and the match lights in the usual way.

Matches treated as above would be very useful on camping or canoeing trips, as they do not absorb moisture. Since more rubbing is required to light them than the ordinary match, it would be practically impossible to set them on fire by accidental dropping.
