GO NO FARTHER

The Evidence is at Your Door

Dickson proof is what you want and the statement of this highly respected resident will banish all doubt:

S. A. Tidwell, ex sheriff and stock buyer, N. College St. Dickson, says: "I have used Doan's Kidney Pills when suffering from disordered kidneys. The main trouble was too frequent action of my kidneys, and now and then, my back would ache terribly. I used to do so much riding when acting as sheriff and so much jolting I think caused my trouble. I began using Doan's Kidney Pills on the recommendation of a friend, procuring them at the Myatt Drug Co. Doan's did me more good than anything I ever used and I am only too pleased to endorse them."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Tidwell had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Walk straight and you will not go crooked.

Never lend an umbrella. Say good-by instead.

Many people are envied by those who condemn them.

Some people are princes in name and others by nature.

When a fellow is in a brown study he is often quite blue.

Not all cheers are commendable. Some are in honor of unworthy causes.

The fellow who is always preparing for the worst seldom gets the best.

Jazz continues to remain popular with people whose minds are the same.

Love in a cottage is sweet in proportion to the amount of grub on the table.

Good times are just ahead of us, but they seem to be moving about as fast as we do.

The golden rule is a good one to follow, but most people object to trailing along behind.

When a fellow swears off from a bad habit he immediately spoils it all by patting himself on the back.

If it is true that we can talk with departed spirits why not ask them how it is down there? It might induce us to change our mode of living.

We orate about "America for Americans" and forget that the Indians were here before us.

Chew your food thoroughly and you will not have to chew the rag no much about the condition of your stomach.

Some people object to the one-piece bathing suit for women, although it is a long step in the direction of safety first. It can't drop off.

If you want to retain the good will of a politician keep him a guessing. Time is too precious to waste on deb that are already booked.

Speeders are becoming less numerous as the fines become increasingly severe. When jail sentences become popular the speeder will be a slow duck.

How would you like to place your arm around a dainty waist, and gaze fondly into limpid eyes, and give a firm and vigorous squeeze, and run jam up against a sharp pin?

Judging from press reports, the radio has made wonderful strides in the last few minutes. In an hour or so we ought to be receiving elections returns from Mars.

Whooping Cough.

This is a very dangerous disease, particularly to children under five years of age, but when no paregoric, codeine or other opiate is given, is easily cured by giving Chamberlain's Cough Remedy. Most people believe that it must run its course, not knowing that the time is very much shortened, and that there is a little danger from the disease when this remedy is given. It has been used in many epidemics of whooping cough, with pronounced success. It is safe and pleasant to take.

Lumbago

This is a rheumatism of the muscles of the back. It comes on suddenly and is quite painful. Every movement aggravates the disease. Go to bed, keep quiet and have Chamberlain's Liniment applied and a quick recovery may be expected. Mrs. F. J. Dana, Brockport, N. Y., writes: "I can honestly say that Chamberlain's Liniment cured me of lumbago a year ago last summer. When I began using it, I was flat on my back in bed and could not turn to the left or right. I had a bottle of Chamberlain's Liniment in the house and this was applied to my back. It promptly drove away the pains and aches."

For SIDING use Carey LASTILE ROOFING

Ask yourself, "Why won't a material that stands direct rain, direct sunlight and direct wear on the roof of a building, last even longer when subjected to indirect wear on the sides?"

The answer is — it will.

It makes the most enduring and beautiful siding for garages, farm buildings and all buildings to which weather strips can be applied. *And it cuts the cost of the building.*

A more beautiful roll roofing than Lastile has never been made. Lastile has the spark resisting, water-proofing, enduring qualities a siding should have, and it has the looks.

It is surfaced with red or green crushed slate giving a LASTING, TILE-like surface. The slate is fadeless in color and therefore requires no painting and is always attractive to the eye.
