

COMING EVENTS FORESHADOWED.

From the Philadelphia Post-American.
MONS TERRITORY.—The twenty ninth parallel of latitude is named as the next Southern boundary of the Union.

It will be seen that Pennington is dropped, and that the Northern Anti-Slavery and Know Nothing forces are very tenderly floating between Campbell, Banks, and Fallor.

It is not so, we! Whenever we see of the promotion of a Stephens, a T. A. or a Walker, we are well pleased.

More Protection.—We understand that R. B. Dietrich, Esq., was yesterday removed from the General Land Office, for the heinous offense of being a member of the American party.

The Green Lakes of Onondaga.—The number for this month of Putnam's Monthly contains a short interesting article on the above subject.

WALKER'S PLANS IN CENTRAL AMERICA.—A plan (says an exchange) has already been started for the revival of the old Central American confederation.

THE SPEAKERSHIP.—The New York Herald of the 5th furnishes the following of the contest for Speaker:

NIGHT.—Night levels all artificial distinctions.

The beggar on his pallet of straw, smiles as soundly as the king on his bed of down. Night—the earthly paradise of the slave, the sweet oblivion of the care-worn soul, the nursing of poetry, and devotion; how the great pulsing heart of society yearns for the return of night and rest!

There is something strangely beautiful in the contemplation of night—when the smiling stars seem to do homage to their pale-faced queen, and the clouds float silently through the tranquil sky.

AMERICANS IN RUSSIA.—A Paris letter says: "I do not know whether the fact has been published in the United States, but I have received intelligence direct from Odessa to-day, of the death of another American surgeon in the Crimea, Dr. McMillan, of Columbus, Ohio."

A MAX OF HONOR.—He will violate no confidence. He will consider everything confidential which is likely, if repeated, to injure a friend, or even an acquaintance.

A MODEL PASS.—A friend of ours in the police force met a couple of servants going to church on Sunday evening last, and desired them to show their pass, which was shown a half sheet of note paper neatly folded, and on opening it to his surprise read as follows:

It is stated that the Indians in Oregon Territory from the northern to the southern boundary, were in a state of insurrection. They are offering a formidable opposition to our regular troops there.

THE FOLLOWING BIOGRAPHICAL NOTICE OF General Totten we take from the New Prussian Gazette.

"Francis Edward Totten was born at Mittau, in Courland, on the 20th of May, 1818. His father was J. H. Totten, and his mother's maiden name was A. Sophia Sander."
