"Here's a letter from a woman," said the answer-to-correspondent editor "who wants to know what to use in cleaning carpets."

Chamberlain's Cough Remedy Aids Nature. Medicines that aid nature are always most effective. Chamberlain's Cough Remedy acts on this plan.

"I suppose," said the facetious stranger, watching a working spread a carpet from the church door to the curb, "that's the high road to heaven you're fixing there."

No more crying babies and you always get a good night's rest when you give them Dr. Fahrney's Teething Syrup.

We take cunning for a sinister and crooked wisdom; and certainly there is a great difference between a cunning man and a wise man, not only in point of ability.—Bacon.

When teething most babies stomachs are disordered. Dr. Fahrney's Teething Syrup cures and prevents this trouble.

Abcesses, with a few exceptions, are indicative of constipation or debility. W. H. Harrison, Cleveland, Miss., writes Aug. 15, 1902: "I want to say a word of praise for Ballard's Snow Liniment."

A few doses of this remedy will invariably cure an ordinary attack of diarrhea. It has been used in the epidemics of dysentery with perfect success.

It can always be depended upon, even in the more severe attacks of cramp colic and cholera morbus.

It is equally successful for summer diarrhea and cholera infantum in children, and is the means of saving the lives of many children each year.

When reduced with water and sweetened it is pleasant to take. Every mother of a family should keep this remedy in his home.
