The springs near here have been largely attended this year. The saw and planing mills are doing an extensive buisness. The dry goods and grocery trade is dull. Cotton fields are getting white, Mr. La Rose has been making some scathing prohibition speeches in the vicinity. He handles the question without gloves. This district will go largely for prohibition, Mr. Pink Smith, our hotel keeper and chief sales man for G. W. Garrett and who recently killed a negro, has skipped the country, leaving his business to wind up the matter. G. W. Garrett is chief bondsman.

Our esteemed citizens, Shex and Tipler, are at Bolivar this week.

SALESMEN WANTED!

Last Wednesday afternoon a horse belonging to Nuckolls' livery stable was tied to a carpenter's horse in front of the stable. By some means he became frightened and dashed up Main St. through court square, carrying with him in his wild leaps the carpenter's horse. When he reached the court house fence, he took along the pavement. Several parties were standing on the outside, leaning against the fence. Terror seized them, and each made a frantic leap to clear the iron fence for protection. They all succeeded in getting over. But when the excitement had abated, the seat of pants' pants legs, and coat tails could be seen hanging all along. The horse choked down against the fence, without any serious injury.

CRAINSVILLE, TENN.

Editor Bulletin:

Dear Sir:—Knowing you to be a friend to the people of the 13th civil dist of Hardeman County and always glad to know and hear of their advancement for good, I write this letter that you and your many readers may see and know what has been done in the past three weeks, and to God be all the praise. We have just closed two protracted meetings at Crainesvill, the first at the M. E. Church South, under the management of Bro Jas. S. Carl. Where we had seventeen converts and ten accessions to the church and the church greatly revived, The other at the Missionary Baptist church where there were nine converts and 37 accessions to the church and the church greatly revived this meeting was conducted by Elder Wm Jordan, who is their pastor, and assisted by Elders C. C. McDaniel, John Huddleston, U. A. & John West, and to show to your readers that we have been moved, we have instituted a series of Prayer Meetings, to meet alternately, at the above named churches weekly, where we propose to meet together and work together for the good of our community at large. And further more we are working for the moral good of our people, that is we are working for Prohibition, and right here I will say to all the young converts, in the state of Tennessee, and to the older members of the different churches, to work hard for Prohibition from now until four o'clock on the 29th day of Sept 1887 and if we should be so unfortunate, as to lose Prohibiton on the 29th, commence work again with renewed energy, and now a few words to my Bro Wheelers through out the state of Tenn and I will close Brethren you know that our motto is to pull down and destroy every combination in our land, let us not stop until we have driven whisky so far from us that our children will not know what it is when they become men and women; for it is one of the biggest combinations we have in our country. By the combined effort of the church and State Wheel, we will carry the amendment on the 29th. dont you forget it. Let us work together for this amendment. Very respectfully yours,

MORAL CRANK.

Big Hatchie Baptist Association and Prohibiton.

This association of Baptists numbers about five thousand members. It includes the Baptist churches in the city of memphis, and in the country for quite a distance round about Memphis. It was my pleasure to be present at their late meeting at Germantown. I do not think I have ever seen greater interest taken in any question than they took in Prohibition. They began its discussion about the middle of the afternoon, continued it till late and then resumed at the night session. If that was an expression of the sentiment throughout West Tennessee, then we may expect joyful news from that part of the State. Let all our Baptist associations, that meet between now and the 29th of September, be just as hearty a dout spozen as this, and they will make a record that they should not be ashamed of. But here are the resolutions adopted by a unanimous rising vote.

J. H. ANDERSON.

"In view of the fact that on the 29th day of September, 1887, the voters of Tennessee are to decide whether the Constitution of this State shall be so amended as to prohibit the sale and manufacture of whisky, wine and beer as a beverage within her borders, we, the Big Hatchie Association, hereby declare the sentiment of this body as heartily in favor of the adoption and enforcement of said Amendment. And to the end that it may be adopted, suggest that it is the duty of every Christian man and good citizen to actively support this Amendment by word, by deed, and by earnest prayer to God. We further suggest that free ballots of the right as an American privelege. And in view of this no man's feelings or honest convictions are to be trampled upon or disregarded, but that this contest be made in the spirit of the Master, without whose favor men can not possibly live up to great. We suggest that the questions involved in the Amendment is of a three-fold nature—viz: political, social and moral As a moral question it is eminently proper that its domain be occupied by the ministers of the gospel; as a social question by all the philanthropists; as a political question by all patriots. We assert that the principles involved in this proposed Amendment in no wise conflict with religious liberty, so dear to Baptists, and with general personal liberty. We suggest that it is hardly practicable or possible for any one to be a good temperance man and oppose this Amendment.

The Physicians have Found out

That a contaminating and foreign element in the blood, developed by indigestion, is the cause of rheumatism. This settles upon the sensitive sub-cutaneous covering of the muscles and ligaments of the joints, causing constant and shifting pain, and aggregating as a calcareous, chalky deposit which produces stiffness and distortion of the joints. No fact which experience has demonstrated in regard to Hostetter's Stomach Bitters has stronger evidence to support than this, namely, that this medicine of comprehensive uses checks the formidable and atrocious disease. Nor is it less positively established that it is preferable to the poisons often used to arrest it, since the medicine contains only salutary ingredients. It is also a signal remedy for malarial fevers, constipation, dyspepsia, kidney and bladder ailments, debility and other disorders. See that you get the genuine.

We are grat fied to report that Aaron Blaydes, living near this place, and who has been suffering with a severe case of Blood Poison, is now well. He was cured by Swift's Specific. He was blind, and his body was covered with eating sores, His sufferings were intense, and he seemed on the verge of the Stygian river, and had made every preparation to go to "that bourne from whence no traveler returns." We furnished him with a supply of Swift's Specific, and he is now well.

Truly yours, T. CAVEN & Co., Druggists, Atlanta, Texas, Sept, 1886.

A Golden Opinion

I have used your Specific in a number of cases in the last twelve months, always finding good results. At present I have a patient, in my charge who has a cancer I am treating him on Swift Specific alone and believe it will effect a permanent cure and can safely recommended it to the public as being one of the best blood purifiers I have ever tried,

A Grand Record.

We call your attention advertisement of a remedy which has stood the test of more than a half century with increasing popularity and is universally admited to have no equal as a medicine for the cure of diseases originating in a disorded Liver, such as Dyspepsia, Biliousness, Constipation, Colic, etc. Simmons Liver Regulator is a simple and harmless medicine, purely vegitable, and can be safely and advantageously used under any circumstances. It acts mildly and effectually and is especially valuable as a Family Medicine, which position it holds in so many homes. We do not know another preparation which can bring forward such indorsments from heads of families and those holding the highest official and social position. Keep Simmons Liver Regulator in your house, it will reduce your doctor's bill and insure for your families health and happiness.

It is not to be wondered at that so popular and meritorious a medicine should be counterfeited. The Medicine they cannot imitate, but they copy its exterior, general appearance and use names so suggestive of Simmons Liver Regulator as to deceive the unwary. Don't be deceived, lives perhaps life by not exerting proper discrimination in buying Be sure you are right Look and see that you get the Genuine which has always the Trade Mark in red on the fronts of Wrapper and the signature of J. H. Zeilin & Co. on its side.
