FRIDAY, JANUARY 20, 1899.

The general assembly was accu- peried nearly two weeks electing a few officers. They deserve a rest.

HON. BENTON McMILLIN is now governor of Tennessee, the inauguration having taken place Monday in a formal, quiet manner.

We note with satisfaction that a bill has been introduced in the senate by Mr. Morgan to abolish the criminal court in this circuit. We voice the almost unanimous sentiment of our people in urging Mr. Morgan's bill. Governor McMILLIN has declared for retrenchment and reform, and if the general assembly is imbued with the same spirit, it should begin the reform by cutting off the useless offices.

It is one thing for the general assembly to practice economy upon others and quite another to reinforce their own purses, says the Jackson Whig. If this is to be known as a retrenchment and reform body, it is a pity the members appropriated \$5.00 each for postage stamps out of an already depleted State treasury. Legislative economy, like charity, should begin at home. The names of the treasury raiders should be made public and filed for future reference.

We are getting tired of the talk about the lobby. There never was a corrupt lobby unless there were corrupt legislators for the lobby to work on. The lobby is persistent, but it can accomplish nothing if the legislator refuses to be influenced by it. If the legislator permits himself to be influenced by the lobby, he is the greatest criminal of the two, because of his position and oath of office. Such an act should be made a felony. Apply the remedy at both ends, if you would mitigate the evil.

When you want fine commercial job printing, remember that THE CHRONICLE continues to make a specialty of this class of work.

A Good Investment FOR HOME PEOPLE.

A few calves and pigs make a good investment generally, but not if you are always on the move. Why not buy you a neat little home, locate yourself permanently, and know what you are doing? I have recently been placed in position to subdivide and sell at reasonable prices the noted farm of B. F. Brevard, on Morgan's Creek.
This land is level and rich; locality unequalled; water the very best; 1/4 mile from Nicholtown, 1 1/2 mile from Tennessee River and the same from Sugar Tree. Churches and schools all around.
This is the first and the last time the small land buyer and home seeker will have an opportunity to purchase just the number of acres he wants off of such a farm as this.
This land is on the market for a short time, and if you want to make a good investment, make your wife happy and your children contented, see me at once at Sugar Tree, Tenn.
