FRIDAY, OCTOBER 6, 1899.

THE CHRONICLE gives value received for all it gets, serves the public well as a news gatherer and mentor and minds its own business.

THE Carroll County Democrat is quick to observe the effect of the trusts' influence. It says: "The big papers of the country are beginning to line up for the trusts, and that is where the people and the said big papers will part company." And that is a fact.

THE following clipping recently appeared in the Decatur County Herald, and could apply to other localities not necessary to mention here:

"It seems as if there were certain kind of christians hereabout who think they have purchased through tickets with stopover privileges to Heaven's land and have sleeping car accommodations clear through. But they will find that if they do not have their tickets renewed at some revival station that they have been switched off on the incline route, and will wake up some fine morning where there are no cold storage accommodations."

Ex-Gov. Robert L. Taylor has the following to say on the subject of infidelity:

"It is in the desert, where virtue trembles to treat, where hope falters and where faith is crucified, the infidel dreams. To him all there is of Heaven is bounded by this little span of life; all there is of pleasure and love is circumscribed by a few fleeting years; all there is of beauty is mortal; all there is of intelligence and wisdom is the human brain; all there is of mystery and infinity is fathomable by human reason, and all there is of virtue is measured by the relation of man to man. To him all must end in the 'tongueless silence of the dreamless dust,' and all that lies beyond the grave is a voiceless shore and a starless sky. To him there are no prints of deathless feet in its echoless sand, no thrill of immortal music in its joyless air. He has lost his God, and like some fallen seraph flying in a rayless night, he gropes his way on fagging pinions searching for a light where darkness reigns, for life where Death is king."

QUARTERLY COURT.

Quarterly court met here Monday, and was in session one day only. A number of reports were received and there were several releases of payment of poll taxes.

The appropriations were as follows: Bridges and turnpike, \$885; paupers (including expense incurred in sending inmates to asylum), \$108.75; tax book, etc., \$186.90; jail account, etc., \$99.30; justice of the peace mileage and per diem, \$64.60; total, \$1,344.55. While the appropriation is considerably larger than usual, this is accounted for by the amount appropriated to bridges and turnpike.

W. T. Morris, D. G. Hudson, J. H. Hudson, esq., J. M. Castile and S. T. Presson were appointed to investigate and report upon the advisability of redistricting the county into school districts.

The Great Presidential Campaign of 1900.

The policies of the great political parties are now being formed and the candidates discussed. The voice of the people is recorded by ballot at the approaching Presidential election will probably decide the policy of the nation for the next decade. Every citizen must study the great questions that are to come before the people. This can only be done through the medium of a great newspaper. Now is the time, therefore, for every voter to subscribe for the best and most reliable newspaper obtainable. The Semi-Weekly Republic covers the whole field of political news. While it is Democratic, it publishes the news in regard to all political parties without prejudice. Its telegraphic and cable news service is superior to that of any other paper. Its special features are the best. In fact, it is the paper for that large class of readers who can not afford or do not have access to the daily papers.

Attention is also called to the Republic's Sunday Magazine. Its half-tone illustrations are alone worth the subscription price. It is made up of special articles by the best literary talent, embracing a variety of subjects of current interest. New features of absorbing interest are illustrated and enlarged upon. For the benefit of the ladies the latest fashions are handsomely illustrated. The Republic Sunday Magazine is always interesting to every member of the family. The subscription price of the Semi-Weekly Republic is \$1.00 per year. The Republic Sunday Magazine \$1.25 per year. Both papers are now being offered at the very low price of \$1.50 for one year. To secure this low rate both must be ordered and paid for at the same time. Address all orders to THE REPUBLIC, St. Louis, Mo.

THE NEW WAY.

WOMEN used to think "female diseases" could only be treated after "local examinations" by physicians. Dread of such treatment kept thousands of modest women silent about their suffering. The introduction of Wine of Cardui has now demonstrated that nine-tenths of all the cases of menstrual disorders do not require a physician's attention at all. The simple, pure

Wine of Cardui

taken in the privacy of a woman's own home insures quick relief and speedy cure. Women need not hesitate now. Wine of Cardui requires no humiliating examinations for its adoption. It cures any disease that comes under the head of "female troubles"—disordered menses, falling of the womb, "whites," change of life. It makes women beautiful by making them well. It keeps them young by keeping them healthy. \$1.00 at the drug store.

For advice in cases requiring special directions, address, giving symptoms, the "Ladies' Advisory Department," The Chattanooga Medicine Co., Chattanooga, Tenn.

W. I. ADDISON, M. D., Cary, Miss., says: "I use Wine of Cardui extensively in my practice and find it a most excellent preparation for female troubles."
