An Atlantic City maiden of forty-five summers has discontinued sea bathing since she has hoard of Uncle Sam's submarine cruisers.

It is said there would not have been so much matrimony among the teachers on that Manila transport if they had not been all at sea. "Any port in a storm."

THE pacification of the Filipinos is a brilliant parallel to the conquest of the South African Dutchmen. The natives of the Philippines have been frequently conquered in reports to the war department, but they still form the ambuscade and flourish the bolo.

THE Spanish American war, to say the least, has left us a legacy of odoriferous official scandals. The Embalmed Beef court was followed by the Neely embezzlement case, and now we have the attempted immolation of Rear Admiral Schley on the altar of the regnant Bureaucrats. History, however, has more than one instance of the conversion of immolation into apotheosis.

G. W. E. HERRIN.

The above named gentleman, who is well and favorably known to the voters of Benton County, announces his candidacy for re-election to the office of trustee in this issue of THE CHRONICLE. He has filled the office of trustee one term, and his record is before the people. Under the management of Mr. Herrin the duties of trustee and the business of that office are being looked after faithfully and efficiently. His settlements with the county and State officials have been satisfactory in every respect; his accounts have been kept well in hand, and are said to be all right. He has been a painstaking, courteous and accommodating official, and always watchful of all the details and interests connected with his office. Mr. Herrin courteously asks an endorsement by the voters of his party at the November primary. He is not only an upright, christian gentleman, but is a staunch Democrat, and will abide by the will of his party. We commend his claims to your careful consideration.

E. G. FLOWERS.

We wish to call the attention of the readers of THE CHRONICLE to the announcement of E. G. Flowers, who is a candidate for election to the office of sheriff of Benton County. "Lige Greene," as he is more familiarly known, has filled the office of sheriff one term heretofore, and he was a painstaking and fearless official, always considerate where it did not interfere with his official duties, accommodating, and he never forgets a friend. He is efficient in every way. His past experience has amply qualified and equipped him in every way to render the county valuable service as sheriff. As marshal of Camden he has faithfully discharged his duties. His record as an official and as a citizen and Democrat will bear the scrutiny of the voters of the county who are interested in the enforcement of the laws of our commonwealth. Mr. Flowers is a life-long Democrat and a good party worker, and, like all true Democrats, his candidacy is subject to the will of his party. His claims are commended to the careful consideration of the voters of the county.

FOR the benefit of seventy-six millions of people who have been seriously handicapped in discussing Czolgosz by the impossibility of pronouncing his name, it may be stated that as near as a decent American tongue can come to it, the pronunciation is "Sholgosch." It is the unanimous opinion of the country that a man with such a name as that ought to be deported, anyhow.

EX-SECRETARY William C. Whitney admits that politics is a great game, but declares that he is weary of it and that nothing could induce him to give up the pleasures of a peaceful retirement. Strong men, however, have been known to yield when their services were needed by a great political party.

SEVERAL millions of American citizens have learned, through the recent tragedy, that attempted assassination of a President can only be punished by ten years in prison. It seems rather an expensive way to learn law. By all means, let us have a new statute and a severer penalty.

MRS. CARRIE NATION has been in New York where she attracted almost as much attention as the big yachts. Perhaps it is because she, too, is a cup challenger.

EMMA GOLDMAN says that she is not "the" Emma Goldman; but the fact is that just at present it was enough to land her in jail to be any Emma Goldman at all.

THE Virginia Republicans are doing a great deal of prancing, but it is not the circus horse which comes in first in the race.

OCTOBER and November will be an exceedingly busy time with the Democrats of old Benton, especially the candidates.

THE navy department ring seems to be preparing for a circus; and, after all, that is what a ring seems to be for.

Look us up in the brick near the southwest corner of the square.

TO SCHOOL TEACHERS.

In our institute held at Camden in June the teachers voted to erect a monument to the memory of Voscie Nunnery, and they elected me secretary and treasurer. The monument was to be erected by subscription, each teacher subscribing so much as to be paid when called upon.

October was selected as a time to erect the monument. The time is near at hand, and a few only have paid the amount of their subscription. As I will not have an opportunity to see all those teachers who have not paid, I wish to notify them in this way that they can send the money to me at Chalk Level, or hand it to Prof. W. D. Cooper at Camden and I can get it.

By all means, we want the monument fund by the second Saturday in October.
JOHN B. ANDERSON.

The Western Poultry News is a big 32-page monthly Chicken Magazine, published at Lincoln, Neb., printed on fine paper, illustrated, and is an acknowledged authority on poultry methods. Every housewife in town or county, as well as farm or city man, should have it, especially when it can be secured free.

"THE BEST IS THE CHEAPEST."

Not how cheap, but how good, is the question. The Twice-a-Week Republic is not as cheap as some so-called newspaper. But it is as cheap as it is possible to sell a first-class newspaper. It prints all the news that is worth printing. If you read it the year round, you are posted on all the important and interesting affairs of the world. It is the best and the most reliable newspaper that money and brains can produce—and those should be the distinguishing traits of the newspaper that is designed to be read by all members of the family.

Subscription price, \$1 a year. Any newsdealer, newspaper or postmaster will receive your subscription, or you may mail it direct to

To Grand Opera at Nashville, Including Railroad Fare Hotel Bills.

Chance to Hear Calve and Sembrieh and Other Great Artists.

The Nashville Banner to Spend \$2,000.

A committee of prominent and influential citizens of Nashville recently took under consideration the liquidation of the debt now due on the tabernacle of that city, one of the finest auditoriums in the country, and with this object in view, the committee has arranged for two performances of grand opera in Nashville, October 23 and 24, to be given by the most celebrated singers that have ever been brought together either in this country or abroad.

The operas to be given are "Carmen" and "The Barber of Seville," with Madame Calve and Madame Sembrieh in the leading roles, accompanied by a host of the leading artists to be found in this country or Europe. These two operas are to be produced in Nashville just exactly as though the performances were given in the Metropolitan Opera House in New York, where a seat for a single performance frequently costs as much as \$50.

The Nashville Banner, in order to aid in bringing these great artists to Nashville, and to do its part towards relieving the tabernacle from debt, has agreed to take 150 reserved seats, good for both performances, and to present them to ladies in Tennessee, Kentucky and Alabama selected by its readers. One hundred and ten of these season tickets will be given free to ladies living outside of Nashville and readers of THE CHRONICLE will have a chance to share in these tickets and a trip to Nashville, with railroad fare and hotel bills paid in addition, all at the expense of the Banner. This generous and laudable action on the part of the Banner will cost the management fully \$2,000.

Those of our readers who are interested in it can consult with any issue of the Banner after this date or write a postal to the Nashville Banner for particulars, which will be furnished by return mail.
