THURSDAY, . . . JANUARY 19, 1906.

ANNOUNCEMENTS.

I hereby announce myself as a candidate for the office of County Court Clerk, subject to the action of the Republican party.
E. E. JOHNSTON.

I hereby announce myself as a candidate for re-election to the office of County Court Clerk of Marion County, Tennessee, subject to the action of the Democratic party.
J. M. PRICE.

I hereby announce myself as a candidate for Register of Marion County, subject to the action of the Republican party when in convention. I feel that I am qualified to fill the office and, if elected, will make an officer that you will not be ashamed of.
C. A. QUARLES.

I hereby announce myself candidate for Trustee of Marion County, subject to the action of the Republican party.
FOSTER A. KELLY.

I hereby announce myself as a candidate for the office of Sheriff, subject to the action of the Republican party.
H. M. WESTMORELAND.

We are authorized to announce William A. Pryor, of Jasper, as a candidate for the office of register of Marion county, subject to the action of the republican party.

They are making so many useful substances from the smoke and gases which formerly were allowed to escape from coke ovens, that companies which are so far behind as to use the old-fashioned bee hive ovens will have to quit fighting unions and use the money thus saved in building ovens of a more up-to-date pattern to be in the commercial swim. The bee hive oven has outlived its usefulness, and the by-products of coal, which formerly were allowed to escape in the air, are now taking important places in the commercial arena. Southern coke burners will have to abandon their antiquated methods in a few years to avoid constantly increasing loss. Their business depends not so much on their ability to down organized labor as ability to grasp existing conditions and make money out of them.

We have very poor opinion of a concern which pays its employees only \$3 a week, but we have such a one in this county. The News has stood in need of help hundreds of times, and has been solicited for positions, but never felt it right to employ anyone except at a decent price, and the editors have worked many an extra hour because they would not employ any one at a price lower than they would expect themselves. The News is "sorter set" on the matter of pay, and thinks low wages and lots of work is the bane of a section.

The corporation idea is to keep the hand of every man against his fellow man. This is the ticket they expect to win on.

The Southern Railway has not reached Sequachee yet, though some of our sanguine citizens are still expecting it.

And so the organ of the coal operators says the printers strike will not be successful. Just wait and see.

Have you had the grip yet? If not, why not? Every chance has been in your favor.

Critiques Action of Justice.

Jasper, Tenn., Jan. 15, 1906.
Editor News:
There are queer people in this county or rather in the 6th district, or they would never have elected a certain man a Justice of the Peace to represent them, for since he has been in office he seems to have gone against the interests of his district in every way. Just now we would like to know what has been gained by having the rates at Kelly's Ferry cut? It keeps money from being brought into our county, which would circulate among the people and help in the general public welfare. If he can bring any reason for this action, on account of the good that it does, we would like him to bring it forward.

\$100 REWARD \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature to do its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address:

A Bad Stomach

Lessens the usefulness and mars the happiness of life.
It's a weak stomach, a stomach that can not properly perform its functions.
Among its symptoms are distress after eating, nausea between meals, heartburn, belching, vomiting, flatulence and nervous headache.

Hood's Sarsaparilla

Cures a bad stomach, indigestion and dyspepsia, and the cure is permanent.
Accept no substitute.

GLEN MARY, TENN.

Well, Mr. Editor, I thought since I had been idle for some time I would try and come again. I see you have received my renewal to the News all right of which I am proud. I want the readers to know that I am still in the land of the living.

News is certainly scarce in this neck of the woods. I know of nothing in the way of news to write that would interest the readers.

It seems raining or snowing is the order of the day.
On January 1 the U. M. W. of A. Local here gave an oyster dinner, after which we had the pleasure of listening to some good speaking and singing. Those who spoke were Joe Vasey, I. N. B. M. of the U. M. W. of A., and Gus Carter, G. M. of Glen Mary Coal and Coke Co., and Supt. John Keene of said company, Chas. Birch and Jesse Davis. All made good talks and to the point. Bro. Vasey held his audience for about one hour and the greater part of his talk was on organized labor and organization in general. Bro. Vasey was well received in Glen Mary. Too much cannot be said in honor of him and the noble way in which he performs his duty as an official of the U. M. W. of A. I am sure he is the right man in the right place. We, the people of Glen Mary, are ready to receive and welcome Bro. Vasey in our midst any old time and Messrs Keene and Carter expressed willingness open and above board towards working union men in lieu of non-union labor, giving their reasons for same. Everything went off nicely.

Bill Boyd and Clark Young returned from Petros this morning where they have been working for a few days. They say there is nothing in loading coal by the acre. They say they don't want any more loading coal after machines.
Well, Mr. Editor, the reason I haven't written before now I have been waiting and watching to see what would develop. I wanted to see how "Watch man" and "More Anon" would make it. "More Anon" used some very broad assertions in the issue of the 11th. He said the sooner the miners would learn to lead themselves and not be led by such ilk as John Mitchell and Debbs the better off they would be. If "More Anon" would send W. B. Wilson, of Indianapolis, Ind., a dollar for the United Mine Workers' Journal for one year and read his interview with me he would be a better posted man on unionism in the course of 12 months than he even thinks he is now. If "More Anon" will visit the White House in Washington there he will find the photographs of John Mitchell and the chief ruler of the United States hanging on the wall side by side. Despite all that might be said about President Mitchell he is honored by the honor of the world.
The editor said eighteen months of the strike had elapsed. Wonder how many more the money men think it will take before they can force men to abandon their principles. He should have said, how many more months will it take for them to see their financial ruin.

Well, dear readers of the News, before this goes to press the International Convention of U. M. W. of A. will be in full session, which will be the greatest convention on record. There will be no less than 1500 delegates present representing close to 400,000 United Workers, besides the few delegates that will be there representing the Federal Labor unions of the American Federation of Labor, which their last official report showed a paid up membership of 3,000,000, so you can infer from this that the laboring people of America don't lack so much of being completely organized as you might suppose. While there are several remaining outside of the organization they are largely in the minority. I would to God that every laboring man in America could see just for one moment the position that he was in, the few that he is standing with as against the vast number who are in the organization. He certainly and undoubtedly would not wait any longer than the first opportunity presented to get into the organization. For fear that I might infringe upon a space for some one else, I guess I had better ring off for this time with a promise that, if this misses the waste basket, I will try and come again some sweet day. With best wishes to the News and its many readers, I remain, Far Away David.

A Jamaican Lady Speaks Highly of Chamberlain's Cough Remedy.
Mrs. Michael Hart, wife of the superintendent of Cart Service at Kingston, Jamaica, West Indies Islands, says that she has for some years used Chamberlain's Cough Remedy for coughs, croup and whooping cough and has found it very beneficial. She has implicit confidence in it and would not be without a bottle of it in her home. Sold by John W. Simpson, Jasper, Tenn.

WHITWELL.

Special to the News.

Miss Reba Porter, of Cowan, who has been the charming guest of her uncle and aunt, Mr. and Mrs. Will Miller, has returned home.

Will Bryant, of Chattanooga, visited home folks here this week.

Ervin Grayson and Luther Grant attended a party at Looney's Creek, Wednesday night.

Miss Emma Harris visited her sister here this week.

Miss Lula Teague and cousin, Miss Lyle Hooper, were in town Wednesday.

Miss Nellie Harlin, who has been here for the past three months with her aunt, Mrs. Holloway, will return to her home at Tracy City next week, much to the sorrow of her many friends here.

Mrs. J. A. Heard has been at Whitwell all the week at the bedside of her father, W. B. Hilliard, who is seriously ill. Dr. Lamb was called yesterday. He reports the patient some better.—Dunlap Tribune.

Dr. Moore was up from Whitwell this week doing dental work. He still defends the course of the union miners at Whitwell, and is for Patterson for Governor. He says there is no doubt, in his mind, of Patterson's nomination.—Dunlap Tribune.

Mrs. John Farmer, of Tracy City, and children, have been visiting friends here, after a visit in Dunlap.

WHITWELL.

Special to the News.

Well, Mr. Editor, this is my first attempt to write to the best paper I ever read.

Mrs. W. M. Bellis is on the sick list. We hope she will soon recover.

Nina Jordan is on the sick list.
Mrs. Lige Hollin died this week.

I don't know what the people will do when they get to work for they have had such a long rest and played and had plenty to eat.

What has become of "Jolly" if she hasn't starved to death I wish she would write again I like to read her pieces. They are so fine.

Ye writer went to town today and got a little ducking.

Well, "Nip & Tuck" I don't have to go to church and get baptized for if you just go up in town these days you will get all the water you want.

Come on, Bright Light, I like to read your letters, and hit "Jolly" another blow or two and I think she will ring off and come over on the union side and eat John Mitchell's grub again.

Come on "Uncle John" and also "Wild Bill."

Ye writer visited Nina Jordan today who is some better.

Well, as it is getting late I will ring off wishing the News and its many readers success.
Silver & Gold.

WHITWELL.

Special to the News.
We are enjoying good health here in Scabbtown. Whitwell is doing fine. I am a union girl and have a union father and two union brothers. My father is working in Alabama and one of my brothers is at Wilder. It is hard for us to have to stay at home and our fathers and brothers be away from us but I hope that soon I can see the scabs pick up their grips and start like my father and brothers have had to.

Our Sunday School is gaining and there were twelve scabs present last Sunday chewing their tobacco and spitting on the floor. That is the way the scabs do in our little town. The preacher may be praying and a scab will come stamping in and will not even take off his hat. That shows that they have not been raised right. They have just been raised up by the hair of the head. They are very polite when a union girl passes them in the road.

Come again, "Coperas Breches." We like to read your letters. Darling.

A Grim Tragedy

is daily enacted, in thousands of homes as Death claims, in each one, another victim of Consumption or Pneumonia. But when Coughs and Colds are properly treated, the tragedy is averted. F. G. Huntley, of Oaklandon, Ind., writes: My wife had the consumption and three doctors gave her up. Finally she took Dr. King's New Discovery for Consumption, Coughs and Colds, which cured her and today she is well and strong." It kills the germs of all diseases. One dose relieves. Guaranteed at 50c and \$1.00 by all druggists. Trial bottle free.

Whitwell.
Special to the News.

We were sorry to hear of Wm. Burnett, at Jasper, seriously stabbing Mr. Haynes. We were informed over the phone that Haynes opened up the trouble by knocking Burnett up in the head with a club, and Burnett cut Haynes seven or eight times in self defence. Burnett is a nephew of W. H. White, of this place, and eldest son of Dr. E. A. Burnett. His grandfather was Robt. N. White, deceased, whose name is not yet forgotten through out the county. Burnett is respected by all up here and never was in any trouble in his life before he left home to go to So. Pittsburg to learn the moulder's trade. From there he went to Chattanooga where he and John Tate worked some four or five months. Burnett and Tate had just returned and had taken a contract with D. M. Tate, the latter's father, at the time this trouble arose over a small turnip patch that was outside enclosure. The boys happened to pass through part of it with their log wagons is what started the trouble.

I want to congratulate my friend, "Nip & Tuck." His whereabouts have been unknown for months past but at last he steps forward and lifts his hat and salutes the News and staff by saying he wishes them success, and all the News readers, which you know up here is at least two-thirds union, and if you mean what you say I want to take you by the hand and extend to you the right hand of union fellowship I believe, from reading your letter, that you have professed Christ, from the good advice you give on Christianity, morality and education. All the members of Local 287 unanimously endorse your lecture on that subject. That is the fundamental principle that unionism is based on, education, christianity and morality, and let me congratulate you, "Nip & Tuck," on your good advice. Hope you will continue to preach this same doctrine and meet me at the Red Men's hall next Saturday week, and confer the honor on me of introducing you as a converted man, as a peace advocate for law and order, for christianity, and morality, education and temperance. I know you will accept this proposition. Its fair and reasonable and for the best for all classes of laboring men. Will you come? Let your answer be, "Yes I'll be there."

The T. C. I. Co. has relieved itself of a great burden by discharging about twenty-five guards that have cost them a great deal of money and trouble. Doubtless, in my mind, it has been the instigation of the bulk of crime that has been committed here. If they will all adopt "Nip & Tuck's" advice peace is at hand. Let us hoist the white flag of peace, the battle is over, the baby is born, its name is union, its daddy is the U. M. W. of A. with Pres. John Mitchell in the chair. Those who are not natural born American union sons, the daddy of the U. M. W. of A. will receive by adoption into the union family.

Following is the Justice of the Peace court record for last week: State vs. Will Cross, charged with getting money under false pretenses; S. L. Havron, prosecutor; J. T. Raushton, Attorney for the State; W. H. White, Attorney for defendant. Case dismissed and Cross went free.

State vs. Jimmie Ridge, Joe Wimberly, Elijah Grayson, Joe Reel, Robt. Vandergriff, charged with misdemeanor or refusing to work the public highway for the year 1905. J. W. Morrison, attorney for state; W. H. White, attorney for defendants. The defendants were cleared by Attorney White and discharged.

State vs. Jas. Rogers charged with misdemeanor; J. W. Morrison, attorney for state; W. H. White, attorney for defence. Case was dismissed by the defendant paying \$2.75, costs. Was legally discharged and allowed the privilege of going home instead of to jail.

G. C. Thomas vs. Tobe Cox charged with being an unlawful detainer. Cox case settled outside the court house by a committee of three as arbitrators to settle the litigation. The following named gentlemen were appointed by the court: N. B. Moore, Jas. Drake and Thomas Hambrick.

Sarah Higgins vs. John Thomas—a reply suit. W. H. White, attorney for Thomas. Case dismissed. Cost taxed against plaintiff.

State vs. Alec Vanhooser charged felonious assault with a gun, attempt to commit murder in the first degree. J. T. Raushton, attorney for the state, Byron Tatum for the defendant. Waived examination to the grand jury, defendant's bond was fixed at \$500 by S. L. Havron, J. P.

I want to say that W. H. White, the newly elected road commissioner of the third district, will do the clean thing for the people and the roads of the third district by appointing clean men as road overseers. The following is a list appointed up to this date: On the west side of Sequachee river Andrew D. Thomas, Sam B. White. On the east side, R. C. Pickett, Geo. Van dergriff. On the Chattanooga mountain road, Green P. Powell. On cross roads from near New Hope to Sequachee river, Dock Smith. From east valley road to company mill at Sequachee river, S. H. Grayson. From month of lane on back valley road, J. Hudson. There will be an entirely new road system adopted here to what was adopted last year. Every overseer appointed under W. H. White, the present road commissioner, will be charged to the letter of the law. Any

overseer on any road in the 3rd district willfully failing or refusing to warn any road hands assigned to his section of road will be indicted for a misdemeanor in office and negligence of official duty. Under the order and instruction of the road committee just passed out of office, the district lost the labor of thirty men. His road overseers will swear that he ordered them not to warn part of the men at all because some of them were working for the T. C. I. Co., and so was he. Now if he did this who is responsible for about \$112.50 due from those delinquents to our district? If this is a fact and he caused this amount to labor to be lost to this district are not he and his bondsmen responsible to us for the amount of money and is not he subject to an indictment for misdemeanor in office? It is reported that the stub book shows something like \$100 issued and a certain road overseer got something like \$85 although the law sets out what they shall receive and that \$80 was paid to a certain party to haul sand put over the pike road when he was to dust gravel or crushed stone. This is the way the road funds of the 3rd district were gobbled up. It won't do anybody any wrong to have an investigation if all official business is rightly done. Only the guilty parties would suffer.
Citizen.

WHITWELL.
Special to the News.

We are having more rain than sunshine.

Bad Farmer, of So. Pittsburg, made a flying trip to Whitwell Sunday. Wonder what was his hurry.

Mrs. John King visited Mrs. Jack Ridings Sunday.

Dr. Thompson has been very sick, but is improving.

Land sakes! but didn't Dixie have a fine Christmas! If I hadn't lived so far I would have ate dinner with him. Wonder how come Dixie's dog to be so smart. Guess he had gone to school.

A negro shot another negro through the arm on the hill today.

I think the Company has brought the roughest set of negroes here that could be found any where.

I am afraid the frost will get Morning Glory for the Company has turned him loose and he hasn't any hot nose to stay in now.

I notice that "Nip & Tuck" has appeared again. He says an education is one thing we all need. I agree with him there. Again he says let us not have to work and slave like negroes, but let us make ladies and gentlemen out of ourselves. That is what we want. If I was working like "Nip & Tuck" I wouldn't call myself a gentleman for I don't think a gentleman would take another man's job from him. I am glad that "Nip & Tuck" has begun to think about Sunday school. I think parents ought to send their children to Sunday school and public schools also and teach them not to scab, not to try to take the rights and privileges away from any one.

Come again, Herrin, Ill, for I like to read the news from all parts of the country.

What has become of Dixie? I have n't heard from him in a week or two. Guess he ate so much Christmas that his tomatoes came off.

Mrs. Jack Riding has been on the sick list.

Ye writer has been on the sick list. Best wishes to the News and its union readers.
Morning Star.

RED HILL

Special to the News.
Rain and mud is the order of the day.

G. B. Powell was in our vicinity Friday of last week.

W. C. Shirley and J. P. Rogers are founding a saw and grist mill at Shirleyton where they will wait on the public.

The old man, who is 75 years of age, talks as though he could teach the union something if they would listen to him. I want him to know that the union could teach him a great deal if he would come up and listen to them. They could teach him more about his own welfare than he has learned in all his 75 years of existence. The old man's skull is too thin to teach the union anything. The union is made up of men of high intellectual power, men that will uphold the freedom and the rights of the present and coming generations. For all the old man has lived 75 years and can't see any farther than from one day to another. He is like unto a grass-hopper that feeds on the weeds. He can just see from one weed to another.

I saw a rabbit today running mighty fast. The reason he ran that way was because he couldn't fly, and it is reported by Charm Thomas that there is a rabbit on the ridge near Whitwell that is bare of fur or hair, and has so many shots in him that he runs as heavy as a dog, and a liberal reward will be given for his scalp. Hawk.

WHITWELL.

Special to the News.
We see one of our Tennessee boys from Ft. Slocum, N. Y., signs his name "Rookie," and I think I know him. We notice he speaks bravely in favor of the union, yet he don't spat at the non-union men very hard and that is my way of doing business. I don't believe in jumping on a man until you have showed him the error of his way. We people here in the south, should remember and bear well in mind that we can't build up here in five or ten years what it took other countries a hundred and fifty years to build up. So come on "Rookie" and I will ask our noble editor to publish your letters. I think such letters as you write will bring forth good fruits in the future, and if I am not mistaken in who you are, you are fully able to come right along with some thing good every week.

Sorry to note that Charles Ferguson, who shot himself about seven weeks ago, is no better at this writing. He may go to Chattanooga for treatment if the weather will permit.

Mr. Taylor is on the sick list this week.

R. F. Ashburn was the guest of Geo. Cary Monday evening. Russell likes to talk over old times.

Two young men went sparking Sunday and one wanted to stay and hunt the hen's nest.

Miss Rose Knox looked sad Sunday but said there will be another day.

Come on, all of you correspondents, with your little, sawed-off names. I like to hear from you.

Pat Cary left Saturday to attend the miners' convention, which is said to be the largest ever held in Indianapolis. There will be not less than 1000 delegates at that convention.

Well, as I am the oldest man that ever lived and for fear this will strike the waste basket, I will ring off wishing success to the News and its many readers.
Methuselah.

overseer on any road in the 3rd district willfully failing or refusing to warn any road hands assigned to his section of road will be indicted for a misdemeanor in office and negligence of official duty. Under the order and instruction of the road committee just passed out of office, the district lost the labor of thirty men. His road overseers will swear that he ordered them not to warn part of the men at all because some of them were working for the T. C. I. Co., and so was he. Now if he did this who is responsible for about \$112.50 due from those delinquents to our district? If this is a fact and he caused this amount to labor to be lost to this district are not he and his bondsmen responsible to us for the amount of money and is not he subject to an indictment for misdemeanor in office? It is reported that the stub book shows something like \$100 issued and a certain road overseer got something like \$85 although the law sets out what they shall receive and that \$80 was paid to a certain party to haul sand put over the pike road when he was to dust gravel
