LEGION DINNER NEXT MONDAY TO BE BIG SUCCESS

MANY DONATIONS HAVE BEEN RECEIVED AND COMMITTEE IS ENTHUSIASTIC.

NEED FOR THE FINANCES

Local Post Cannot Do the Work That It Plans Unless It Has Some Support From the Public—For Genuine Americanism.

Preparations are rapidly being completed for the dinner to be given next Monday at the Hardison Motor Company garage for the benefit of the Herbert Griffin Post of the American Legion. This dinner is under the direction of a committee from the post and also from the Red Cross canteen assisted by the friends of the legion and donations for the dinner are requested from people of town and county. All gifts for the dinner should be sent to the garage early Monday morning.

The purpose of the dinner in brief is simply this: The national convention of the legion raised the dues of members very much above the amount that the local post had fixed

them. To enforce the payment of the dues at the amount fixed would result in the loss of many members who joined with the understanding that the dues would be much less. The loss of the members would not only be bad for the Legion, but it would be bad for the community.

The American Legion stands first of all for better citizenship and for 100 per cent Americanism. It believes in the constitution and institutions of America. Its members are imbued with that spirit. They can be depended upon to resist every attack upon American institutions, every effort of the reds or socialists of any sort to subvert American institutions. Every effort is being made to get all the ex-service men into the Legion. Many of them are not flush with coin, they made great sacrifices to serve the country during the war and it would be unfortunate to deny them the benefits of the Legion.

The business men and farmers of the county are expected to back the Legion. It is going to put on a drive this spring to add to its membership. This will cost money. Therefore donations for the dinner should be liberal.

Mozart began composing at an earlier age than anybody else on record. At four he was exhibited as an infant prodigy, and at five he composed concertos. When he was eleven he wrote an open bouffe.

TO ISSUE BONDS OF COUNTY FOR STATE HIGHWAY

JUDGE WHITTHORNE RECEIVES REQUEST FROM STATE BOARD FOR FIRST INSTALLMENT.

HALF OF AMOUNT AUTHORIZED

Will Advertise and Sell at an Early Date \$100,000 of the \$200,000 Provided by Resolution of the County Court Last July.

Judge W. C. Whitthorne, of the county court, has been requested by the state highways commission to advertise and prepare for the issuance of \$100,000 of the \$200,000 of highway bonds authorized at the July term last year of the quarterly court. This indicates that within a few weeks work should begin on the first of these state highways, which will be the road from the Williamson county line to Columbia.

The authority to issue the bonds was conferred more than six months ago by the county court, but no request had ever been made on the county judge for their issuance and it is hardly probable that more than \$100,000 will be issued during the

present year. Getting the roads started was a much slower job than the advocates of the system had expected. Under the resolution of the county court the bonds will bear not to exceed five and a quarter per cent interest and no bid for less than face value and accrued interest will be accepted. The \$100,000 received from the sale of the bonds will be supplemented by a like sum from the state and a like sum from the federal department of highways. It had been expected when the appropriation was made that \$12,000 a mile would cover the cost of the roads, but this idea has been abandoned and it is assured now that the cost will be \$16,000 at the minimum and may run even beyond that sum, so that it is doubtful if the \$200,000 so far authorized by the county court will be sufficient to pay the county's part of building the forty-two miles and a supplemental appropriation will be necessary. However, this will not have to be made until next year at the earliest.

In Turkey the disappearance of the sun at night is accounted for by the periodical retirement of that pious luminary for prayer and religious reflection.

Among many actors to whistle in the dressing room is looked upon as a portent of ill-luck.

The name Europe has been in use for more than 2,500 years.

Fourth Annual Bred Sow Sale

Tuesday, February 3rd, 1920

THE OLD HOMESTEAD FARM

Culleoka, Tenn.

The Home of Tennessee Defender Durocs

12 Sows sired by Grand Champion Chief's Pilot 2nd, 21 Sows bred to Grand Champion Chief's Pilot 2nd, 7 Sows sired by Allen Dale's Defender, 14 Bred to Allen Dale's Defender, 12 Bred to Champion Defender's Perfection.

ALLEN DALE'S DEFENDER

Defender Blood Produces Champions

Of all the hogs shown at the National Swine Show, the man who writes for the packers in the Duroc Bulletin selected—

Highland Queen Defendress, IV

—as the ideal killers type. She is a full sister to Allen Dale's Defender. She is the trimmest sow you ever saw. No waste about her anywhere. She will be as big as a box car.

The largest hog ever sold at the stockyards in Indianapolis was a grand-son barrow of Old Defender. The largest hog ever recorded as being killed in the state of Ohio, actually weighing 1,125 pounds, was a grand-son barrow of Old Defender.

Defenders meet the requirements of the farmer, the feeder and the breeder.

LOCAL ASSESSOR HAS FULL POWER TO FIX VALUES

IT IS HIS DUTY TO EQUALIZE ALL VALUES, SAYS SENATOR LOUTHAN.

WRONG IMPRESSION PREVAILS

If Property Assessed Below Actual Cash Value It Should Be Raised, If Too High It Should Be Lowered to the Proper Mark.

Webb Williams, tax assessor of Maury county, has full authority under the law to equalize all property values, according to a letter written him by Senator Louthan, of the state board of equalization. The letter from Senator Louthan is as follows: "There appears to be an impression in the minds of the taxpayers of your county that their 1920 assessment has been made by assistant statisticians from Nashville, and that your authority to make your assessment as heretofore has been limited or taken away entirely. This is an error.

"The work done by the chief tax statistician and his corps of assistants in establishing the value of property is supposed to pretty fairly represent the total wealth of your county, and enables us to determine what the total assessment in 1920 from each county should be in order to effect equalization as between the counties.

Each assessor has been furnished a copy of the proof. The law creating the state board of equalization does not in any degree take from the tax assessor his duty to make his assessment. This is still your function, to be performed by you as you have always performed it, except that you will be required to bring your county and each individual assessment to cash value. In my general letter of instructions to you I said: "Whenever you discover that the proven value of any piece of property does not represent the actual cash value, it is your duty to correct this error and to assess the property at its actual cash value, and enter your assessment in the column provided for this purpose on the proof transmitted to you. This is true whether the property has been valued at less than its cash value or in excess of its cash value." In other words, our work will effect equalization as between the counties; your work should effect equalization within the counties on the basis of actual cash value.

"I am of the opinion that it would aid you in your work for the taxpayers to know that you have full authority and that it is your duty to effect equalization within your county. I am therefore giving a copy of this letter to the papers of your county with the request that they publish same.

"Soliciting your continued cooperation with this office to the end that justice might be done your county and each citizen in your county, I am, Yours very truly,

"A. V. LOUTHAN,
"Chief Tax Statistician."

OLIVER MOTOR CO. GARAGE READY FOR CONCRETE

ROOFING ALL ON AND SKY LIGHTS PLACED IN ROOF—CONCRETE WORK START SOON.

The Oliver Motor Co. garage building is moving along apace. The roofing is all on and the sky lights in, and the grading has been completed and ready for the concrete man.

J. F. Nicholson, who has the contract for pouring the floor will begin this work about the last of this week, provided the weather will permit. As soon as the concrete floor is poured in the front of the building Eugene Alford will put in the front and begin the building of the offices and show rooms.

The Turks believe amber to be an infallible guard against the injurious effects of nicotine; hence its excessive use for cigarette holders and pipe-stems.

IMPROVEMENT IN OBSERVANCE OF TRAFFIC RULES

POLICE SAY AUTOMOBILISTS ARE FAST LEARNING CITY ORDINANCES.

STILL AFTER THE SPEEDERS

Commissioners Ask Every Law Abiding Citizen to Report Names of All Persons Driving in Excess of Twelve Miles on Streets.

A week of strict enforcement of the traffic laws of the city was reflected in police court this morning. There were comparatively few cases to be disposed of. Last Monday, a week ago from today, police court was run over with violators of the traffic ordinance, arrested on the first day of the enforcement campaign.

Officers say automobilists are fast learning the traffic ordinance, and are observing it. They are learning where and how to park their cars properly, how to turn the corners, and above all, that they must drive slowly on the streets. Drivers who "cannot drive slow" should enter cars for speed way events, but they have no place on the streets of the city.

The police commission is fully determined that the excessive rate of speed shall be reduced. Officials of the city have been notified that "speeding" is one offense which will not go, and not only the officers of the city, but every law abiding citizen has been asked to aid in the enforcement of this section of the ordinance, by reporting to the police the names of any person seen driving on the streets at a rate in excess of the twelve mile per hour limit.

MUST HAVE DAILY VISITS OF THE HERALD

Clarence E. Dugger, of the McCain's section, was in the city Monday and enrolled his name for America's great agricultural daily.

H. L. Baker, of Williamsport, prominent farmer, joined the ever increasing ranks of Daily Herald subscribers Monday.

W. R. M. McKissick, county surveyor, came in today to renew his subscription to The Daily Herald. "I would not undertake to do without the daily visits of The Herald," said the genial official.
