recognizes the justice of collective bargaining and declares that the strike or lock-out inflicts such loss or suffering to justify government initiative to "reduce the frequency." The convention declares for the policy of the Esch-Cummings law.

On the high cost of living the convention blames "the fiscal policy of the democratic administration" and pledges an "earnest and consistent attack" by avoiding further inflation of currency through government borrowing and taxation. The people are warned not to expect an early reduction in the high cost of living "because of the government debt and obligation."

On the soldier bonus, the convention "pledges the discharged men the fullest obligation a grateful nation should justly fulfill."

Without specific promise of legislation on the question of equal suffrage, republican governors of states whose states have not ratified the amendment were urged to immediately call special sessions.

Farm government should be regulated, and co-operative marketing plans encouraged, and the farm loan should be administered so as to enable all farmers to own their own farms.

On the national economic question it was declared that "only stubborn refusal of the administration to co-operate had prevented a great expenditure reduction. It was claimed that pledges have been carefully planned for readjustment. Rapid economic elimination of employees was suggested."

Wilson was condemned for his veto of the McCormick budget bill. Presidential war powers. The severest condemnation was heaped upon Wilson for retaining war powers, which the plank says shows a "determination not to restore to the states the form of government provided for by the constitution."

FATHER OF THIRTY-SIX DIES AT AGE OF 112

UNCLE GEORGE KNOTT, MAKER OF BASKETS AND BOTTOMER OF CHAIRS PASSES AWAY.

Uncle George Knott, Maury county's oldest citizen, possibly the oldest in the state is dead at his home, Southside Park, near Columbia at the venerable age of 112 years. "Uncle George" remembered when Maury county was but a wilderness, and when only a few cabins of the earlier settlers stood, where now the prosperous little city of Columbia is built. He remembered when a hay shed stood on the present site of the court house. He remembered members of the distinguished Polk family of Maury county, and many of the grand old men of this section who have gone before. He remembered the day Nathan Bedford Forrest's cavalry entered Columbia, and the stirring scenes enacted in the "Dimple of the Universe" during the conflict between the states, and immediately thereafter.

Uncle George was married six times, and was the father of thirty-six children. The last time he was married he was only ninety-six years of age, while his bride was eighteen. Only three children survive Uncle George, one being a son, Dock Knott, by his second wife. Dock says he does not know exactly how old he is, but knows he is more than sixty. For more than twenty-one years he has been living at the same place and remembers events which took place fully sixty years back. Uncle George has grand children more than fifty years of age.

Uncle George was the property of Wm. Knott of Williamson county before the war freed the slaves, and was a good faithful old negro. He earned his living by making baskets and bottoming chairs, and he was engaged in this occupation until just seven days before his death.

Miss Brownie Tomlinson, of Colleton, is the guest of Mrs. J. L. Finney. Mrs. Hester Chumley, of Nashville, is visiting her daughter, Mrs. W. E. McKinney.

Mr. and Mrs. Coy Smith left today for Nashville, where they will make their home.

Miss Rebecca Wolf has gone to New York and Boston for a month's visit to relatives and friends.

WOOL

Wool—Free from burrs, 36 cents per pound.

MAURY WOMAN IS OWNER OF GREAT JOHN R. BRADEN

PACER BELONGING TO MRS. CAMPBELL BROWN, SPRING HILL WINS GREAT RACE.

WAS BRED AT EWELL FARM

Driven By Johnny Thomas of Maury County, Braden Defeats South Bend Girl, By Walter Direct at Cranwood Track at Cleveland, O.

Mrs. Campbell Brown, of Spring Hill, and for a number of years mistress of Ewell Farm, is possibly the only lady in the South and as far as can be learned, the only lady in the United States who is the possessor of a race horse, bred, looked after by herself, that has gone a mile in as good time as 2:03.

Mrs. Brown bears this proud distinction. She is the owner and breeder of John R. Braden, the horse that won the race June 1st at Cranwood, Cleveland, Ohio, beating South Bend Girl, by Walter Direct 2:05 1/2. In the second heat this filly carried the field to the half mile in the fast time of 1:02 1/2, the fastest half of the year, but John R. Braden won the race in straight heats.

John R. Braden is by John R. Gentry 2:00 1/2 and out of Braden Girl, Braden Girl is a daughter of Brown Hal 2:12 1/2 and is the dam of Hellenia Braden 2:09 1/2 and John R. Braden (2) 2:02 1/2, her dam being Kate Braden the dam of Hal Braden 2:07 1/2; Braden 2:10 1/2; Brown Braden, 2:13 1/2 and Hal Braden 2:12 1/2.

It is easy to see that John R. Braden comes by his speed honestly, and as his record of 2:02 1/2 shows this race is no test of his speed, and if everything goes well he will beat his sires record this season.

It is also interesting to note that he was carried to the pole each time by a daughter of Walter Direct, one of the greatest sires the South ever produced, making it purely a Tennessee race.

John R. Braden is being driven by Johnny Thomas, an old Maury Countyan, and on May 25th at Findlay, Ohio, Thomas drove John R. Braden to victory in three straight heats.

The following account of the race by Ben Scott is taken from the Cleveland Plain Dealer of June 1st: Cleveland's harness season opened yesterday at Cranwood in an auspicious manner. John R. Braden paced the fastest mile, 2:06 1/2, negotiated by a harness horse this season.

Due to the time recorded, the 2:07 class special pace probably was the feature. John R. Braden, the favorite, won in straight heats and won comfortably, but he had to pace one of the greatest races of his career.

South Bend Girl was the contender. The erratic daughter of Walter Direct was good. She chased out John R. Braden in the first heat in 2:08 1/2. In the second heat she carried the field to the half in 1:02 1/2, the fast half of the year. But at the five-eighths Thomas cut loose with John R. Braden, that pacer simply shooting to the front. He eased away and won off by himself. He was pulled up when he slipped under the wire in 2:06 1/2. If he had been driven out he could have negotiated the distance around the 2:05 notch.

The third heat was a loaf to the three-quarters were South Bend Girl tried to outprint John R. Braden to the wire. She failed. John showed that he could sprint with the best of them, coming that last quarter in .30, a clip that gave him the heat and race easily.

Summary of race: John R. Braden, b. m. by John R. Gentry (Thomas) 1 1 1 South Bend Girl, br. m. by Walter Direct (Morehead) 2 2 2 Robert E. br. g. by J. G. S. (McCoy) 4 3 3 Red Bearer, b. g. by Cup Bearer (Beck) 3 4 4 Time—2:08 1/2, 2:06 1/2, 2:11 1/4.

Africa contains a smaller quantity of coal than any of the other continents.

MOORE & SONS

DR. MARION DORSET MAY COME TO CITY

GREAT DISCOVERER OF HOG CHOLERA SERUM TO SPEAK TO FARMERS INSTITUTE.

Dr. M. Dorset, distinguished son of Maury county, chief of chemistry of the bureau of animal industry of the United States department of agriculture, will probably be one of the "big guns" who will speak to the Middle Tennessee farmers at the convention here on August 10, 11 and 12. Invitations to Dr. Dorset to speak have been forwarded by President Graham and Secretary Burkett, of the farmers organization, and they have been joined by Dr. M. Jacob, state veterinarian.

President Edward P. Turner and Secretary H. Cliff Hendley, of the Retail Merchants Credit Association, on behalf of the business men of Columbia, have also written to Dr. Dorset urging that he accept the invitation and attend the meeting here. It is known that Dr. Dorset would be delighted to visit the county of his nativity and speak to the farmers here and will assuredly accept the invitations, provided his official duties will permit him to do so. He does not ordinarily leave his office to speak to farmer's bodies but this being his home, it is said that he will likely make an exception and appear.

Gov. John M. Parker, of Louisiana, has already accepted an invitation to speak here and there are some other "top notchers" whom the program committee hope to get, making this the greatest farmers meeting in the history of the state.

Dr. Dorsett is the discoverer of hog cholera serum.

Next Reunion of South at Houston

VETERANS OF THE GRAY WILL HOLD THEIR ANNUAL MEETING IN TEXAS CITY, IN OCT.

Brig. Gen. John L. Jones, commanding the second brigade of the United Confederate Veterans of Tennessee, has received the following official notice of the next reunion of the veterans of the South:

General Orders No. 2. 1. The General commanding takes pleasure in announcing that the invitation from the city of Houston, Texas, to hold our reunion of 1920 in that hospitable city has been accepted; and that the thirtieth annual reunion and convention of the United Confederate Veterans will be held there October 6th to 10th, 1920.

2. It is a fitting tribute to the brave Confederate soldiers from the Trans-Mississippi department, that the patriotic city of Houston should be the first to invite us this year.

3. Proper application for the usual reduced railroad fare will be made, and together with other reunion matters will be announced in later general orders.

4. The General commanding thankful to God for the preservation of so many Confederate soldiers to their present advanced age, extends greeting to his comrades, and hopes that many of them will meet with him in Houston, to fraternize with each other, and to continue the patriotic work of our confederation.

By command of K. M. VAN ZANT, General Commanding. A. B. BOOTH, Adjt. Gen. and Chief of Staff

Invitations to meet any member of the British royal family rank as commands, and the only invitation allowed to override that of royalty is one from the speaker of the house of commons to a member of parliament.

A factory is operating in Formosa to make caffeine out of tea dust.

League Nations Plank Causing Republican Convention Concern

(Continued from Page One.)

intelligent planning" for the return of peace.

The platform enumerates the republican congressional achievements, made, it was said, in the face of "vindictive votes."

The only reference to prohibition was that "congress has provided for the enforcement of the eighteenth amendment to the constitution."

Wilson "lacked vision, leadership and

referring to labor. "The convention
