

BETTER SERVICE MEETING IS HELD BY RAILROADERS

OFFICIALS AND WORKERS GATHER IN BIG GET TOGETHER MEETING HERE.

PLEA FOR CLOSE CO-OPERATION

Workers Apparently in Heartiest Sympathy With Movement for Better Service to Both General Public and to the Railroads.

(From Wednesday's Daily Herald.) In the interest of "Better Service," both to the public and to the railroad, a big "get together meeting" and smoker of railroad managers and employes was held last night in the general waiting room of the union station. The meeting, which lasted from 7 until 9:40 o'clock p. m., was attended by about 100 managers and representative employes of this division, reaching between Nashville and Athens, Ala.

Among those in attendance were E. A. Defuniack, general freight agent of the Louisville & Nashville; H. T. Liveley, general claim agent; J. R. Wheeler, superintendent of this division; A. W. Brant, assistant superintendent; C. J. Trantham, assistant master of trains, and N. H. Lackney, chief dispatcher, and trainmen, agents and representatives of all classes from over the division.

The meeting was one of a series of similar meetings being held on all American railroads for the purpose of establishing close relationship between the management of the roads and the employes. The officials pleaded for the heartiest co-operation of the boys who make it possible to operate the roads. They declared that only in this way could efficiency be improved, and better service given the public. They pleaded for a long hard "pull together" as the roads emerge from one of the most trying situations in the history of American railroads.

Representatives from Nashville and other points left on a special train for their homes shortly after the meeting was adjourned, while Southern representatives left on the Montgomery train which passes here at 10:53 o'clock.

DR. MAYFIELD TO LECTURE ON BIRDS

VANDERBILT PROFESSOR TO BE HEARD AT HIGH SCHOOL ON NEXT SATURDAY.

Dr. George R. Mayfield, of Vanderbilt University, will deliver his well known bird lecture at the County High School on Saturday evening. Dr. Mayfield has long been a student of bird life and his lecture is very interesting. He is coming to Columbia under the auspices of the Highland Park Woman's Club.

FIRST COMMUNITY MEETING AT NEW HARRIS SCHOOL

PUPILS AND PEOPLE OF THAT SECTION TO ASSEMBLE NEXT SATURDAY AFTERNOON.

MAKING PROGRESS ON BUILDING

Robert Willis, of Mt. Pleasant, Who Built the New House at Cross Bridges, is in Charge of Construction. Frame Work Going Up.

(From Wednesday's Daily Herald.) People of the Bigbyville and McCains communities will come together on next Saturday for their first community meeting at the Harris High School, the magnificent new \$25,000 building that is being erected as a consolidation of the two schools. On the athletic field of this school a big community meeting will be held at 1 o'clock. There will be games for the school children and also for the grown-ups and parents. It is hoped to have every pupil of the two schools and every citizen of that section of the county present to enjoy a general get-together assembly, the first to be held in the new grounds.

Work is now progressing rapidly on the new school, which, it is expected will be completed early next year. The foundation has been finished and the wood work is being rapidly put together. Nearly all of the brick has been placed on the ground and it is probable that within a short time the work of laying the brick will commence. The structure is to be of brick veneer and it will be one of the most complete school plants in the state.

Robert Willis, of Mt. Pleasant, who has just completed the new building at Cross Bridges, is superintendent of construction, and he is pressing the work as rapidly as the weather conditions will permit.

It is planned by the citizens of that section to have a big celebration at an early date to which the general public will be invited. It has not yet been decided whether this will take place at the laying of the corner stone or whether they will wait until the building is finished and then have it dedicated with appropriate ceremonies.

BATE BOND IS VICTIM OF DEATH

MEMBER OF STATE ELECTION BOARD STRICKEN WITH ACUTE INDIGESTION TODAY.

(From Thursday's Daily Herald.) Special to The Herald. NASHVILLE, Tenn., Nov. 18.—Bate Bond, member of state election board, died suddenly of acute indigestion at his home at Brownsville today. He was a son of Judge John R. Bond and a brother of W. W. Bond, speaker of the senate.

DR. O. J. PORTER HEADS LEGION FOR NEXT YEAR

PHYSICIAN CAPTAIN CHOSEN COMMANDER OF LOCAL POST AT ANNUAL MEETING.

PRESTON GANT IS ADJUTANT

More Than 250 Ex-Service Men Enjoyed the Big Feast on Armistice Day at the Watson Camp on Duck River—The New Officers.

(From Sunday's Daily Herald.) Dr. Otey J. Porter was unanimously elected commander of the Herbert Griffin Post of the American Legion at the annual meeting held on Armistice Day. Dr. Porter served as captain and surgeon with the medical corps of the American army during the war. He was one of the first to volunteer from Maury county and has always manifested a lively interest in the welfare of the ex-service men.

Sergeant Walker, of Williamsport, was elected vice commander and Preston Gant, of Columbia, was elected adjutant. Both served their country during the world war with credit. It is believed that with this splendid organization the Legion will go forward to the achievement of greater success than has yet crowned its efforts.

There was a large attendance of the ex-service men at Watson's camp for the annual meeting. An actual count showed about 250 present or more than there are members of the Legion. While all of the ex-service men enjoyed the barbecue of course only the members of the Legion participated in the election of the officers for the coming year.

The time for the payment of dues will end on January 1 and it is expected that some kind of a drive will have to be conducted at that time to get some of the members to renew. This was necessary last year and was so successful that something of the kind may again be attempted.

DEAN WILL ATTEND BIG HARVEST DINNER

GOES TO CLARKSVILLE TONIGHT TO ENJOY FEAST—BIG CELEBRATION OF SUCCESS.

(From Tuesday's Daily Herald.) District Agent J. M. Dean left today for Clarksville where he will attend the big Harvest Dinner, which is one of the biggest stunts the live-wire citizens of Montgomery county have ever pulled off. Montgomery is rejoicing over the splendid showing at the big state fair when she got away with the first prize for the best county exhibit—and over the splendid success of the county exhibits.

Mrs. David Castleman and little baby, of New York City, are here for a visit to Mrs. Castleman's sister, Mrs. Ernest Cruikshank, at the Columbia Institute.

Godwin's Idea Of Democracy And of Democratic Precedent

Following the first Democratic primary for county officers in February 1910 Claude Godwin who was then the leader, but who ran 340 votes behind the leader in the recent primary issued the following appeal to the voters of Maury county, on February 10, 1910:

To The Democrats Of Maury County

You nominated me LEADER in the first PRIMARY by a majority of over 400 votes over my present OPPONENT. I beg you next Saturday to remember the DEMOCRATIC CUSTOM. The Democratic precedent has always stood by the MAN WHO GETS THE LARGEST NUMBER OF VOTES. I NEVER SCRATCHED THE DEMOCRATIC TICKET in my life. I have always been LOYAL to the time honored Democracy of the Leader being the NOMINEE. I believe you will stand to the Democratic custom. Then you will be a great FACTOR in dispelling FACTIONS AND SCHISMS in the Democracy of Maury county. The keynote of Democracy is, UNITED WE STAND, DIVIDED, we fall.

My heart swells with love for what you have done for me and with the highest degree of gratitude prompts me to say that all my endeavors and energy will be used to so conduct the Sheriff's office that no man shall live to regret having given me his support.

I beseech every friend who voted for me and every Democrat, whether they voted for me or my opponents, to vote for me next Saturday.

I have no ill feelings toward anyone but claim the custom to appeal to all Democrats to stand by me next Saturday, Feb. 12. With gratitude to all.

Claude Godwin

In the recent Primary I received substantially the SAME PROPORTION OF THE VOTES that Godwin received in the primary in 1910.

MY MAJORITY OVER GODWIN IS OVER 340 Votes.

Andrew B. Ewing

Leading Candidate for Sheriff

HOPE TO RETAIN MAIL DELIVERY FROM LEWISBURG

BELIEVER THAT SUSPENSION OR DER MEANS RETENTION OF THE SERVICE.

BRINGS THE MAIL HOURS EARLIER

Schedules Have Been Remarkably Maintained Since the Service Was Started—All Depends on the Report of Inspectors.

(From Wednesday's Daily Herald.) With the suspension of the order for the discontinuance of the star truck routes from Lewisburg to Columbia and from Columbia to Mt. Pleasant and Lawrenceburg it is believed that there is a good prospect for the continued operations of these routes.

When the order was issued for the discontinuance of these routes Representative Lemuel P. Padgett, of this district immediately got busy. He at once went to the office of the second assistant postmaster general and protested that to undo what had been done in this territory for the prompt delivery of mail would be a great in-

justice. So earnest was Mr. Padgett and so convincing his arguments that he finally prevailed on the department to suspend the order and give time for an investigation. This was done.

It is expected that the inspectors will at once make a thorough investigation of the routes. Final action will depend altogether upon the report that they make. The star service from Lewisburg serves a great many offices and routes and patrons. Leaving Lewisburg on the arrival of train No. 1 from Nashville and the North this route serves Culleoka and its five rural routes and Columbia and the ten routes out from here. The mail is then sent to Hickman county and to Lawrence county and by train connections other patrons of the post office are served.

The early morning mail from Nashville and the north is brought into Columbia more than two hours earlier than would be the case if the route was not in operation. From a standpoint of maintaining schedules the service has been remarkably good. Only on a comparatively few occasions has the truck been very late in arriving here and it is usually right on time. The trucks have hauled a good many passengers and have in that way been of service to the public.

It is understood that the order issued for the discontinuance of the service was in line with the policy of economy that Postmaster General Hays has inaugurated. Nevertheless he has stated that there would be no

economies that would interfere with the prompt and efficient delivery of the mails.

Berry Growers Of Culleoka To Meet Saturday

(From Monday's Daily Herald.)

It is indicated that the meeting of the melon and berry growers to be held at the store room of the Culleoka Produce Company next Saturday afternoon will be largely attended. The meeting will be held for the purpose of ascertaining whether or not there is sufficient interest in berry growing to organize a Strawberry Association. In the event farmers will agree to plant as much as fifty acres in berries the association will be formed, but if this amount cannot be secured it is believed that the project will be abandoned.

It is also planned to discuss the cantaloupe prospects for 1922, and in the event the cantaloupe growers decide to plant good crops next spring the organization will anticipate its needs and will order supplies accordingly.

Mr. and Mrs. J. M. Catina mortored through from their home in Louisville, Ky., to spend the week with relatives in Maury county.

STORAGE AND ICE PLANT AT LEWISBURG

COCHRAN & BEASLEY, OF COLUMBIA PRODUCE CO., HAVE CLOSED CONTRACTS.

(From Monday's Daily Herald.) W. S. Beasley, secretary and treasurer of the Columbia Produce Co., of this city, gave out the statement that he and his associate, A. M. Cochran, of Nashville, president of the Columbia Produce Co., have commenced the erection of a twenty ton ice factory at Lewisburg.

The plant will be located on the Nashville, Chattanooga & St. Louis railroad, and in addition to having a capacity of twenty tons of ice per day, the plant will be equipped with three large cold storage rooms, giving the city of Lewisburg ample storage room.

Already contracts for the building has been awarded and work will begin in a few days. The building is to be of brick and concrete, with all the latest ice manufacturing machinery.

Emil Telmányi, noted Hungarian violinist, and his accompanist Sanda Vas arrived last night and during his stay in the city will be the guests of Mr. and Mrs. Thomas H. Williams. Mr. Williams met Mr. Telmányi during his recent stay in Denmark.
