Schriff Remine Makes Two Very Important Arrests

Knoxville, Tenn., June 14.—Officers from Greeneville left Friday with two young men who were arrested here by Detectives, Wm. E. O'Conner and John R. Touton on charges of larceny and housebreaking. It is charged that they broke into a store at Limestone and robbed it of about twelve pairs of shoes and other articles of clothing.

Shortly after receiving notice of the robbery, Detectives O'Conner and Touton were on the trail of the young men and both were soon placed in arrest, but were not found together. Over half of the clothing and shoes has already been recovered, and the remainder may be secured later.
 It is believed by the officers that one of the men is in the registration age, and without having registered. This matter will be investigated by the authorities at Greeneville.

The young men mentioned in the above telegram from Knoxville are members of Greene county families, residing north of Limestone, and officers have been on the lookout for them for some time, and it was through the industrious efforts of Sheriff Remine that they were rounded up in Knoxville Friday afternoon, where they had their stolen goods stored and were undertaking to dispose of it. Both the boys admitted their guilt, we are informed. One of them is reported to have remarked to the sheriff that they had been enjoying a rich harvest the past year. No doubt many of the robberies that have occurred throughout East Tennessee during the past year can be laid to these boys. Knoxville officers are of the opinion that they had also been operating in that city.

The prisoners were turned over to the Washington county authorities Friday night, as the goods they found in their possession were those taken from a store in the lower end of that county. As a result they will be tried at the next session of circuit court on this charge. There will doubtless be other charges made against them in the meantime.
 Another important arrest which has been made recently by Sheriff Remine is that of the automobile thief who stole the Dobson car from in front of the chautauqua tent during the past week. This young man was caught by the sheriff in a dis now in jail in Greeneville. His home was near Caney Branch.

Capt. Campbell Weds Miss Greiner

Chattanooga, June 14.—Capt. Geo. F. Campbell, of the Royal flying corps, who is here to deliver a lecture tonight on "The Soldier of the Sky" was married at noon today at one of the leading hotels to Miss Gertrude Wilkins Greiner, of London. The bride is a member of a prominent and wealthy Welsh family. She is a blond of unusual attractiveness. She met the famous author and "ace" five years ago, and made the trip from England to meet her hero, who filled a schedule of five Flag day speeches her today.

Except that they met in Paris five years ago when Capt. Campbell, then of the Highland light infantry returning from India for service in the war against Germany and were married here today, the romance of the British hero is something of a mystery. Both Captain and Mrs. Campbell were reluctant to talk of themselves or incidents leading up to their American honeymoon.

FACE the FACTS

LET us face the facts. The war situation is critical. Unless the Allies fight as they never yet have fought, defeat threatens. Hungry men cannot fight at their best; nor hungry nations. France, England, and Italy are going hungry unless we feed them.

Wheat Savings—They must have wheat. It is the best food to fight on. It is the easiest to ship. We alone can spare it to them. By saving just a little—less than a quarter of what we ate last year—we can support those who are fighting our battles. And we can do it without stinting ourselves. We have only to substitute another food just as good.

The Corn of Plenty—Corn is that food. There's a surplus of it. Providence has been generous in the hour of our need. It has given us corn in such bounty as was never known before. Tons of corn. Trainloads of corn. Five hundred million bushels over and above our regular needs. All we have to do is to learn to appreciate it. Was ever patriotic duty made so easy? And so clear?

America's Own Food—Corn! It is the true American food. The Indians, hardiest of races, lived on it. Our forefathers adopted the diet and conquered a continent. For a great section of our country it has long been the staff of life. How well the South fought on it, history tells. Now it can help America win a world war.

Learn Something—Corn! It isn't one food. It's a dozen. It's a cereal. It's a vegetable. It's a bread. It's a dessert. It's nutritious; more food value in it, dollar for dollar, than meat or eggs or most other vegetables. It's good to eat; how good you don't know until you've had corn-bread properly cooked. Best of all, it's plentiful and it's patriotic.

Corn's Infinite Variety—How much do you know about corn? About how good it is? About the many delicious ways of cooking it? And what you miss by not knowing more about it? Here are a few of its uses:

There are at least fifty ways to use corn meal to make good dishes for dinner, supper, lunch or breakfast. Here are some suggestions:

If you have followed a business for 50 years and don't understand it, would it not be good sense to quit it and go to something that you can learn? This is true of even plowing. I have been in the Sewing Machine business for 50 years, have sold and repaired almost all kinds. Surely I ought to know a good machine, and I DO. I can, and will sell you just as good a Sewing Machine as is made for much less than you can buy such a machine for anywhere else. Why not save money? You haven't it to throw away I don't suppose. Why pay peddlers \$20 to \$30 for bringing a machine to you, when you can save that by coming after it, or having it shipped to your nearest depot. This is no joke; come and see and be convinced, or send for Illustrated Price Lists. Shuttles and parts for all machines.
 All kinds of Sewing Machines Thoroughly Repaired. My shop is now near Mohawk, Tenn. Any machines sent to me to repair should be sent to Mohawk, prepaid. Any machines brought to me to repair should be brought to me, near Mohawk, on Knoxville wagon road.
