

### Don't Let Catarrh Drag You into Consumption

**Avoid Its Dangerous Stage.**  
There is a more serious stage of Catarrh than the annoyance caused by the stopped-up air passages, and the hawking and spitting and other distasteful features. The real danger comes from the tendency of the disease to continue its course downward until the lungs become affected, and then dreaded consumption is on your path. Your own experience has taught you that the disease cannot be cured by

sprays, inhalers, atomizers, jellies and other local applications. S. S. S. has proven a most satisfactory remedy for Catarrh because it goes direct to its source, and removes the germs of the disease from the blood. Get a bottle from your druggist today, and begin the only logical treatment that gives real results. You can obtain special medical advice without charge by writing to Medical Director, 27 Swift Laboratory, Atlanta, Ga.

### The Final Drive In Greene County

The final drive for War Savings Stamps in Greene county will be held next Sunday afternoon at 2:30 o'clock in all districts that have failed to subscribe their quota. At that time everyone who has not subscribed or who has subscribed an inadequate amount will be given an opportunity to subscribe sufficiently to make their district go over the top. Greene county's quota must be finished by the first day of August. There is now pledged in the county \$480,000, or about eighty percent of Greene county's quota. After August 1st, all persons who are able to subscribe and have not done so, and all those who have subscribed an inadequate amount, will be placed on the slacker list, which list will be forwarded to Mr. Preston, state director, and after investigation by him and after he is satisfied that they are genuine slackers, will be published in the local county papers, and the papers will be sent to every soldier who has gone out of Greene county, either to the camps in this country or to the fighting trenches in France. No injustice will be done to any one, and no one will be placed on the slacker list who is unable to buy War Stamps. Every one who has bought stamps or pledged to buy to the limit of his or her ability will be placed on the honor roll of the government. The committees will be careful to do no one an injustice, but it is their duty, and they cannot avoid it, to put every one on the slacker list who has failed or refused to do his part. They have no discretion in the matter.

Everybody is expected to attend these meetings and help put their district over, even though they have already subscribed all they are required to do. Greene county must not fail in this hour of the nation's trial. Take notice of the meetings and govern yourself accordingly.

#### Sour Stomach.

This is a mild form of indigestion. It is usually brought on by eating too rapidly or too much, or of food not suited to your digestive organs. If you will eat slowly, masticate your food thoroughly, eat but little meat and none at all for supper, you will more than likely avoid the sour stomach without taking any medicine whatever. When you have sour stomach take one of Chamberlain's Tablets to aid digestion.

### All Soldiers Of Greene County Should Register

The county court at its April session authorized the purchase of a book for the registration of all soldiers from Greene county. This book has been at the Register's office in the courthouse for two months, and we are informed that up to the present time only one soldier's name has been entered. Parents who have sons in the service should see to it that their names are registered in this book at once.

### Spbmarine Sinks British Cruiser

LONDON, July 26.—The British armed cruiser, Marmora was torpedoed and sunk by a German submarine Tuesday, according to an announcement made by the British admiralty. Ten members of the crew of the vessel are missing and it is presumed they were killed. The admiralty also announces that a British torpedo boat destroyer ran ashore Wednesday and later sank. Thirteen of her crew are missing and it is presumed they were drowned.

#### MR. THACKER'S CARD

I regret to say that while it has been impossible for me to canvass the County in my behalf for Register, owing to the fact that I have no one who understands the work in my absence, as many of you know, and of course the office must be kept open. The stamp act, relating to deeds and other instruments demands close attention, and I am held responsible should anything go wrong. Yet I have seen many voters and expect to see more—however, I ask the support and influence of all those whom I have not seen just the same, and assure you it will be very much appreciated by me. Of course many of you know me and know how I have conducted the office and the interest I have taken in the work, giving it my personal attention, pointing out any errors which sometimes exist in acknowledgments to deeds and other instruments, before receiving same for record, giving the owners a chance to have these errors corrected, as sometimes certain errors render these instruments fatally defective. Then seeing when spread of record they read exactly as the original, and too, keeping the records where they belong, in this way, always trying to avoid any question and possibility of future litigation for all. When this war is over, the greatest conflict the world has ever known, there will probably be more searching of records than usual, to find out who under certain conditions is the rightful owners of different property, from the fact that there will perhaps be some of our noble boys who may never return, which thought we all deplore. Yet we all hope that it will be possible for each one to get back home safe, who has gone, and are now so gallantly fighting; and the same can be truthfully said of those who are yet to go and help fight the battles for maintenance of Liberty, Peace, and for their homes, and our homes, and to protect the American Flag, always keeping it floating in the gentle breeze, the staff of which is planted on the possessions of the United States of America, in many places, upon whose domains it is said the sun never ceases to shine.

In conclusion, I wish to say that I am aware of the fact, that as an official I have gained the admiration of many warm personal and influential friends, regardless of politics, of which I am justly proud, and that when on August 1st you cast your ballot, I ask each and all to give me your support. If elected, I promise to give to all the same courteous treatment in the future as in the past. Having had the experience I have, not only qualifies me to give a good service, but enables me in a great measure to give perhaps better service, which I promise if possible. Thanking one and all for past favors, I am,  
Your humble servant,  
S. D. THACKER.

**EVERY WOMAN EVERY MOTHER EVERY DAUGHTER NEEDS IRON AT TIMES**

To help strengthen her nerves and put color into her cheeks.

There can be no beautiful healthy, rosy-cheeked women without iron. The trouble in the past has been that when women needed iron they generally took ordinary metallic iron, which often corroded the stomach and did more harm than good. I always insist that my patients take only organic iron—Nuxated Iron. This particular form of iron is easily assimilated, does not blacken nor injure the teeth nor upset the stomach. It will increase the strength and endurance of weak nervous, irritable, careworn, haggard-looking women in two weeks' time in many instances. I have used it in my own practice with most surprising results.—Ferdinand King, M. D.

MANUFACTURERS' NOTE.—Nuxated Iron recommended above by Dr. Ferdinand King can be obtained from any good druggist with our absolute guarantee of purity or your money refunded. It is dispensed by all druggists.

#### MR. MAY'S CARD.

Jonesboro, Tenn.,  
To the Republican Voters of the First Senatorial District:  
On account of the pressure of business and the short time intervening between the date of my decision to make the race for State Senator and the day of the primary election, I shall not be able to see personally all the voters of the five counties before the primary.  
Had I the time and opportunity, I should be glad to see and talk to every Republican along the line of sane legislation for the interest of the masses.  
I stand, as I have always stood, for the support of all measures that would insure justice and fair dealing to the people as a whole, and against those that would be detrimental to their welfare. If elected it would be my purpose to determine, if possible, the needs and interests of my constituents and to endeavor at all times to uphold their legitimate demands.  
I had the honor of representing the First Floterial district in the legislature twelve years ago, and my record in that capacity is open. I am not ashamed of it. I served as faithfully as I could, and if you feel, after due consideration, that you can confide in me at this time, I will greatly appreciate it.  
Sincerely,  
R. M. MAY.

If you have followed a business for 50 years and don't understand it, would it not be good sense to quit it and go at something that you can learn? This is true of even plowing. I have been in the Sewing Machine business for 50 years, have sold and repaired almost all kinds. Surely I ought to know a good machine, and I DO. I can, and will sell you just as good a Sewing Machine as is made for much less than you can buy such a machine for anywhere else. Why not save money? You haven't it to throw away I don't suppose. Why pay peddlers \$20 to \$30 for bringing a machine to you, when you can save that by coming after it, or having it shipped to your nearest depot. This is no joke; come and see and be convinced, or send for Illustrated Price Lists. Shuttles and parts for all machines.  
All kinds of Sewing Machines Thoroughly Repaired. My shop is now near Mohawk, Tenn. Any machines sent to me to repair should be sent to Mohawk, prepaid. Any machines brought to me to repair should be brought to me, near Mohawk, on Knoxville wagon road.  
My postoffice is Midway, Tenn., R.

### "Germany Will Never Starve—Not While We Have 1,000,000 Prisoners!"

—Baron von der Keilhofer.

### Bundesrath Senator, in Cannibalistic Speech, Declares Eating of Prisoners Thoroughly Justifiable if Black Wolf of Starvation Faces Empire.

Berne, Switzerland, (Delayed) July 9.—In one of the most barbaric speeches ever uttered in the high chambers of Bundesrath, Baron Wilhelm von der Keilhofer, of Bavaria, with typical Teutonic cruelty, declared it was useless for the enemy to presuppose that Germany could be starved out, because of the added harvest their conquest of Russia entailed and the fact that the Fatherland already holds 1,000,000 American, French, British and Belgian prisoners. He said in part:

"Survival of the fittest and self-preservation has always been the predominant features of existence. Were Germany to face the black wolf of starvation, it would be our sheer and bounden duty to our brave soldiers, wives and children, to slaughter such prisoners as God may have granted us in the same manner as we would any other swine, and thus relieve the hunger of our noble race. I might take you back through the history of the ages and show you how, when forced to this point of extremity, all nations have subsided on the carcasses of their prisoners.

"Fortunately, however, Germany will never be forced to such an extremity; for God, in his righteous anger, has smitten the enemy and given Russia—with her thousands upon thousands of grain fields—unto us in our hour of need, and while our military genius has been turning out scientific monsters of destruction, our wizards of chemistry have been developing equally startling discoveries of life conservation.

"Today we possess a marvelous product, which ranks as the greatest single achievement in the annals of modern chemistry—one five-grain tablet of which, when added to the ordinary vegetarian meal, serves as a full equivalent to a half-pound of the best porterhouse steak or to one and one half pounds of sausage. Therefore, Germany need never resort to the necessity of the admittedly unpleasant thought of eating her prisoners, although it is well known that human flesh is very tasty. Naturally,

this formula is a military secret, and great care will be taken to prevent any of this product falling into the enemy's hands, for fear they might possibly be able to analyze it and then reproduce it themselves."

Just what this alleged marvelous product contains is of course still a mystery to the scientists of this country, although it is a well known fact that many of the organic sulphates, when taken in conjunction with other food, will greatly increase the blood, tissues and weight of the individual. It has long been a recognized fact that a purely organic, assimilable and digestible iron would greatly enhance the general health of mankind, but the only known chemical irons ruined the teeth, upset the digestion, and were just about as absorbable in the human anatomy as a ten-cent piece would be.

The only known product in this country similar to that described by Baron von der Keilhofer is Acid Iron Mineral, which, like the iron found in beef, mutton, celery, and a few other foodstuffs, is fully organic and digestible.

Acid Iron Mineral not only thins the blood, but strengthens and invigorates it. For those who suffer from the effects of thickened, heavy blood, coagulated and polluted with the waste matter of the winter's accumulation, A-I-M stands without a peer; for it not only thins and purifies the blood, but carries the various impurities out of the system—naturally and effectively. As a general spring tonic and as a prompt relief for that "tired feeling" and run down condition so prevalent at this season it remains the only natural, non-corrosive, fully assimilable and digestible iron known to medical science.

Therefore, reject all spurious imitations, which profit-seeking druggists try to thrust upon you, and demand the original Acid Iron Mineral.

Acid Iron Mineral is on sale by all progressive druggists in the United States, Canada and Great Britain. The Central Drug Co., wholesale distributors for Greeneville and vicinity. —Adv.

### A MESSAGE FROM TUSCULUM COLLEGE TO THE PARENTS OF GREENE COUNTY

Give your sons and daughters the best opportunity to become valuable American Citizens.

President Wilson, Secretary Baker, Commissioner of Education Claxton, and all in authority at Washington, are urging American boys and girls to remain in school as long as possible. This is absolutely necessary in order to keep up the supply of educated men and women who are now needed.

France and England are urging the United States not to make the mistake they did in allowing their students to drop out of school before they are really needed for service.

Send your children to TUSCULUM and give them the training Uncle Sam asks them to receive. The expense is small.
