THE MILAN EXCHANGE.

VOLUME V. MILAN, TENNESSEE, MAY 2, 1878. NUMBER 9.

SMALL CHANGE.

Read Eli Stone's insurance local. Coley's Jack Frost soda fountain is in full blast.

Read the non-resident notice in another column. The Express office has been painted a handsome drab color.

Demorest for May has reached us. It is a charming number. A number of changes have been made in our city Directory.

Hon Jas. E. Bailey has our thanks for valuable public documents. A number of beaux went to the May-day picnic at Trenton yesterday.

Why is it that the Memphis Appeal of Sunday never reaches us until Monday afternoon? For some of the biggest, richest strawberries we ever saw W. H. Algee has our thanks.

John Smith has been found at last. He is now working out a fine for vagrancy on our streets. "A Country Hunk" ought to know that we do not publish communications when unaccompanied by the name of the writer.

We publish in the first column of this page time-tables for both our railroads, and will correct them carefully when changes are made.

Our enterprising friend, W. H. Scallorn, Esq., has just made up another fine club for us at Wood, for which we earnestly thank him.

Henry Daisy (and not a very sweet-smelling one, either), for peddling bogus jewelry without license, was fined seven dollars by Mayor Rankin last Monday.

Dr Harris has the thanks of our better half for a splendid strawberry treat sent to her last week. They were fine-looking. When he sends us some we will give him a puff.

Jan. Coulter, of this city, has received the contract to make the brick for the new hotel. We believe he is to make four hundred thousand in sixty days. He will do a good job.

The popular fruit and vegetable house of Arnold & Lamar, Chicago, are getting nearly all the shipments from here. Some of the berries sent from here sold for \$6.65 per case, and all sell at good prices.

A. S. Davis, a miller from McLeansville, yesterday showed us samples of wheat taken from twenty fields between here and that place. It was all more or less affected with rust, and will not average half a crop.

About the largest and sweetest strawberries yet received by us were presented by Mr George Cade last Saturday. They were tremendous fellows, and would have commanded a fancy price in a city market.

Mrs. Cruse has our thanks for a kind invitation to attend the strawberry and ice cream entertainment at the Central Hotel last evening. We hear that it was a pleasant occasion, and regret that we were unable to attend.

Two of our enterprising houses are advertising in the Jackson Tribune & Sun. We refer to the establishments of Mrs E. A. Duffy and A. Jordan. The readers of that paper will find both to be first-class houses—as good as any in Jackson.

Railroad Items.

Railroad business is dull in the freight line. Fitzgerald is laying steel rail on his section, east of town.

The pay car on the Central road ran up here and paid off last Saturday. Monday morning it went up the road. Tom Scott's private car passed up the Louisville road last Saturday afternoon, occupied by a number of Expressmen returning from New Orleans.

A prominent official of the Southern Express Company says that Milan is the best shipping point for fruit and vegetables in America. Immigrants, take notice.

Friends of the Texas Pacific Railroad say the prospects of the passage of the bill guaranteeing the payment of interest on the bonds of the company, etc., are continually improving.

Ed. Coleman, ticket agent and telegraph operator for the L. & N. at this place, was last week called to Louisville on account of the serious illness of his mother. O. F. Cantwell takes his place temporarily.

Memphis Appeal: The Louisville railroad company is about to erect a new depot at the head of Main street, to give place to that old shed which has been used as a depot for years past. A fine depot at this point is very much needed by the traveling public.

A three-mile ride on a freight train, suspended by his clothing from a hook on the side of the car, was the experience of a tramp the other night at Oxford, N. Y. There was not a scratch upon him when rescued, but his mental suffering was intense, as he expected momentarily to be dashed to pieces.

He had been stealing a ride, and attempted to jump off while the cars were in motion.

Personal. Capt. S. H. Thomas, a very prominent candidate for Register, called on us last Friday. He is making an effective canvass.

Judge Read, candidate for Circuit Judge of this district paid us a short visit last Saturday. He mixes well with the people, and makes many friends.

Judge H. J. Livingston, of Brownsville, was in town last Monday. He is the able Chancellor of the Brownsville district, and certainly ought to be re-elected.

Capt. M. C. Holmes, County Court Clerk and candidate for re-election, was in town yesterday, shaking hands generally. The man who beats him will probably be Clerk.

Major B. G. Egzell, of McKenzie, is announced as a candidate for Judge of his circuit. He is an able man and conservative lawyer. If elected, he will do honor to his constituents.

Hon. R. P. Caldwell, Gibson county's candidate for Congress, honored us with a visit last Saturday. He is putting in some fine work in the work in the district, and will be a hard man to beat.

Dr James Harrison, of Middle Tennessee, is here on a visit, and may possibly conclude to locate in this vicinity. He is a talented man and a very pleasant gentleman.—P. S.—We are pleased to announce that he has moved to the Durley neighborhood, six miles west of town, where he proposes to practice his profession. We earnestly recommend him to the good people of that section.

District Conference. The Paris District Conference met at Camden last week, with only a few delegates present. Rev. J. H. Witt, Presiding Elder, was in the chair. The spiritual condition of the church was reported good. A Sunday school convention was called to meet at Huntington on Thursday and Friday before the third Sunday in July. The preachers and superintendents, are delegates, besides one from each thirty pupils or fraction thereof above two-thirds. Rev. Dr Scruggs, Rev. A. L. Pritchett and Hon A. G. Hawkins were appointed a committee on programme for the convention. J. M. Alexander, of Saltville, — Fisher, of Benton county, A. G. Hawkins, of Huntington, and Dr Irion, local preacher, of Henry, were elected delegates to the Annual Conference. I. H. Bell, of Lexington, and — Hudson, of Paris, were elected alternates. Huntington was selected as the place for the next meeting.

May-Day Barbecue. Calc Hahn yesterday gave a barbecue dinner to about twenty-five gentlemen, in eating which we had the pleasure of participating. Two fine pigs were served up in a delicious manner, with all the appetizing trimmings. Short and happy toasts were delivered by Messrs. Hallstrom, Weaver, Lovig and Dr Boyd. On account of a press of more important matter the press representative was short and full for utterance. It was a most enjoyable affair, and we hope similar affairs may be repeated often.

TRENTON.

The Baptist Sunday School Institute will hold a meeting in Trenton next Sunday. The Trenton Herald made its bow to the public last week, all smiles and pretty words. May it continue happy and prosperous.

From the Trenton Mirror. A soiled dove from Humboldt was lodged in jail here this week. It is not safe for them to attempt to ply their vocation here.

A committee at Hopewell Presbytery, consisting of Rev. A. E. Cooper, who will preach the installation sermon, Rev. J. N. Dunlap, who will preside and give the charge, and Elders W. D. Fisher, of Humboldt, N. Patton, of Trenton, and B. F. Bobbit, of Dyer Station, will meet at this place on the first Sabbath in May.

On last Friday night about one o'clock, Mr C. H. Ferrell was aroused by some dogs after his sheep. He rushed out and found what he thought to be two dogs running along his fence. He waited until both would get in range of his gun, and then fired, killing the foremost, while the one behind leaped the fence and went off unharmed. He went up to rejoice over the slaughtered cur, as he thought, but found it to be a fine lamb.

Three little boys at Gibson—John Yandell, John Love and Allen Love, having become tired of home and alured by the imaginary idea of making their fortunes away from the parental roof, ran away on last Sunday. When they were missed Messrs. Kersey and Love went in search, and found them Monday morning, fast asleep, on some bales of cotton, at Gadsden. They told that it was their purpose to pick strawberries at Gadsden until they got money enough, then they intended to go to Illinois.

As the South-bound freight came in on the M. & O. road, Friday, a negro boot black boarded the engine to have a little ride. After several kind words, Mr Murray, a brakeman, persuaded him off by the use of a cork-toed boot, which refused no little excitement. As Murray wanted to be arrested, and as he was very anxious to see a cousin in the suburbs of town as soon as possible, he started on double quick time, but the mayor, with a large force, soon overtook him, and compelled him to report at the recorder's office. Fine and trimmings, \$9.00.

From the Trenton Herald. Miss Mollie Redman, for sometime past the accomplished organist of the Episcopal church in Trenton, is teaching a music class at Lebanon, Tenn.

The funeral of Mrs. Bettie Lou Jones will be preached by Rev. J. C. McLeskey at Oakland church, 1 1/2 miles east of Gibson Wells, on the first Sunday in May.

The attorneys for the city of Trenton in the suit against the holders of bonds and the Tennessee Central Railroad Company, have been taking depositions in the city of Nashville, and express much hope of being able to have the bonds declared void.

The Murphy movement has been inaugurated at several places in the county by Messrs. John W. Cox, Geo. B. Hicks, George E. Glass and others, assisted by John R. Smith, secretary, and J. D. Hill, chief singer. The first meeting was held in District No. 6, at the "Shelter." Sixty-five signed the pledge. Mr. J. W. Taliaferro was elected president. The next meeting was at Brazil, where one hundred signed—every card that was carried out having been signed. Mr. Andrew Donaldson was chosen President. At Eaton though the weather was unpleasant, one hundred and forty-five signed the pledge. Mr. W. H. Davidson was elected President. On last Sunday a meeting was held at Eldad. At first it seemed very dry, even to Murphys, for water was scarce, and it takes a great deal of it to run a Murphy meeting. But after six or eight good speeches were made, and fourteen or fifteen songs were sung, the ranks were broken, and fifty-one signed the pledge—most of them men. Mr. Henry Ha-per was then made President. Weekly meetings will be held by these organizations.

HUNTINGDON.

From the Huntington Republican. Luther, little son of R. H. Carter, had his face severely burned by fooling with powder on last Monday.

A movement is on foot to organize a new theatrical troupe at this place. We have not heard the name of the new troupe.

The new church, about two miles from old Mt. Zion, called Kyle's Chapel, is about completed. It is a nice church house.

There was a man-in town on Monday wanting to sell 1,000 pounds of honey. Another citizen of the county has the same quantity.

From the Huntington Vindicator. The following persons have married since our last: James Carter and Susan Branch. B. F. Hatch and E. V. Hatch. S. W. Williamson and C. Walker. Dock Watson, colored, who stabled John Harris, colored, about eighteen months ago, since ran away from here to escape punishment, returned last week. Harris died from lock-jaw produced by the wound. It now remains to be seen what will be done about it.

A little son of Mr E. G. Bennett died with a congestive chill yesterday morning, near this place. Eighteen months ago his eldest son died with the same disease, at which time a coffin was selected, but was found too short and was put aside. To the old form of his youngest son fills that coffin.

Last Monday morning about nine o'clock our citizens were startled by a terrific explosion, that made the windows rattle and the earth tremble for a moment. The noise seemed to come from the heavens, and was distinctly heard all over this and adjoining counties. Many theories were advanced by our scientific men as to what it was "busted," ranging from a cold form of his youngest son fills that coffin. It was probably a meteor, but the heavens were overcast with clouds as to hide it from view.

HUMBOLDT.

From the Humboldt Journal. A negro woman fell on Main street, last Friday, with an epileptic fit, and while thus affected tore all her clothes off.

Elder Higginz was brought up on the 20th for an assault upon one W. F. Murray, and also for carrying a pistol. Elder had been trying to play officer, and for his kind attention and much love of law and order, by bringing criminals to justice, his honor, the recorder, thought he ought to pay the sum of \$25 as a privilege.

A committee at Hopewell Presbytery, consisting of Rev. A. E. Cooper, who will preach the installation sermon, Rev. J. N. Dunlap, who will preside and give the charge, and Elders W. D. Fisher, of Humboldt, N. Patton, of Trenton, and B. F. Bobbit, of Dyer Station, will meet at this place on the first Sabbath in May.

COMO.

The following should have appeared in our paper last week, but failed to reach us on time: Como, Henry Co., Tenn., April 21, 1878.

Editor Exchange: I write you in accordance with my own suggestion to you. I left Milan the 16th inst., in company with my friend D. D., and traveled out via Shade's bridge and thence on up through the Spring Creek country in Weakly county, touching the second day the Spring Creek cotton mill, owned by Messrs Dinwiddie, and we were there permitted to go through and examine its machinery and its various departments. It is quite an extensive manufactory and would be a big acquisition to our town or any other town or city. We had the pleasure of forming the acquaintance of all the members of the firm, whom we found to be affable, nice gentlemen. From thence we proceeded on to Paris and from Paris to Buckhannon, in the extreme north and east part of Henry county. There we met with some nice gentlemen of whom I may mention Major Tom White, Col. Jo. Wilson and my old friend Bob Wilson of old time tobacco peddling notoriety. We then decamped and went out northwest to Conyersville, which place has evidently seen a much better day, but which has some amiable citizens, of whom we only formed a limited passing acquaintance. I called on my old friend Rufus Ward, of war intinacy, but found that he had been sent to Hickman by the Sheriff for the notorious Rhea, who committed several nameless outrages some time since, near Conyersville, of which you remember, no doubt, of seeing published in various papers not long since. The community around that section seem to be greatly moved with spirit of revenge, and I feel satisfied they will call in requisition Judge Lynch's services to try him. From thence we went down the Kentucky line and back via Cottage Grove to this place. We found throughout our trip the farmers very much discouraged on account of the low prices of tobacco and the universal demand to wheat. We feel certain that wheat will not make an average of more than half a yield, and many crops we saw can't make anything. We don't think we saw in our whole trip a single crop that did not have rust upon it more or less. My friend D. says that we started with a thousand mile ticket, and he feels very much like the last numbers are about punched; but I tell him that I expect to have him a new ticket ready by Monday morning. Mr H. H. Lovelace has shown us today his fine stock of which he is proud and which would compare very favorably with any of Kentucky's best. He has improved short-horn cattle, imported Berkshire hogs, and model imported horses, and is making more money raising stock, &c., than our best farmers are raising cotton. Como is beautifully located with a fine surrounding country, and all it needs is the Evansville railroad, which should run from Milan to this place, thence on to Cottage Grove and out by Crossland, on the state line, and Murry, Ky. Como has a thrifty, intelligent and thriving community, and Murphys by the hundred. P. C. LOVLACE.

COUNTY NEWS.

Rutherford has a lyceum. Dyer Station ships fowls and cattle to New Orleans. Snoddy & Briggs's store was robbed at Dyer Station a few nights since. Loss about \$100.

Prof. J. W. Stillwell proposes to publish an educational journal in Yorkville at an early day. Alderman W. E. Barton, a prominent citizen of Rutherford, died with an attack of pneumonia a few days since.

Our farmer friends are still troubled with the gloomy wheat prospect. On every side we hear of the rust and the fly, and it now looks as if the crop would be seriously damaged—some say one-half and others one-fourth. We hope, though, it will not be so bad as they fear. We have heard of one or two farmers plowing up their wheat.

Cotton Shipments.

During the month of April 63 bales were shipped on the L. & N. and 55 on the Central, making a total of 118. Shipped previously, 4538. Total to May 1st 4656.

LOCAL NOTICES.

An Astonishing Fact. A large proportion of the American people are today dying from the effects of Dyspepsia or disordered liver. The result of these diseases upon the masses of intelligent and valuable people is most alarming, making life actually a burden instead of a pleasant existence of enjoyment and usefulness as it ought to be. There is no good reason for this, if you will only throw aside prejudice and skepticism, take the advice of druggists and your friends, and try one bottle of Green's August Flower. Your speedy relief is certain. Millions of bottles of this medicine have been given away to try its virtues, with satisfactory results in every case. You can buy a sample bottle for 10 cents to try. Three doses will relieve the worst case. Positively sold by all druggists in the Western Continent. For sale by W. H. Coley, Milan, Tenn.

The North British & Mercantile Insurance Co. paid her losses at the Clarksville fire in less than 10 days. Insure with this prompt company. Eli Stone, Agt.

Just received from New York, all the latest styles of hats, bonnets and other millinery goods. Will sell as low as the lowest. O. H. Hallstrom.

Bankrupt Store!

The BANKRUPT STORE has removed to Williams, Smith & Co's old Stand.

To My Friends and Patrons!

I wish to express my many thanks, not only for the patronage which you have so liberally extended to me; but for the kindness and sociability which you have shown to the stranger who came into your midst not many months ago. I can say that I have spent as pleasant a winter in Milan and vicinity as I ever hope to spend anywhere. Now I have thought, where a winter can be made so pleasant with its gloomy days, how nice it will be in summer, when the trees and flowers bloom, and I had such good luck here in selling so many goods that I had to go after another stock, and had to get a larger store room. You will find us at Williams, Smith & Co's old stand where we will sell goods cheaper than the cheapest. I am not waiting for large profits, because I will sell low and turn the money over and make it come in that way.

I have a nice stock of Dry Goods, White Goods, Grenadines, Embroideries, Irish Linen, Table Linen, Crash, Lawns, &c.

I have also a large stock of Clothing. Its equal is not to be found this side of Memphis. We are manufacturing a great deal of Clothing ourselves, therefore have the advantage above others that have to give the manufacturers any profits.

Our Shoes and Boots are nice and good. Also, an immense stock of Ladies' Hats and Gent's Hats, &c.

Mr Hilliard Williams and myself will be glad to wait on you, and recollect that we are here to show goods. Come and see us, one and all, at the popular BANKRUPT STORE, Williams, Smith & Co's old stand.
