# THE MILAN EXCHANGE.

VOLUME V. MILAN, TENNESSEE, MAY 16, 1878. NUMBER 11.

## SMALL CHANGE.

"The luscious fruits of spring are here,
And savory odors fill the air,
While strawberries and cream appear,
With shortcake, on the bill of fare."

School's out!

Lovely weather again.

Dr. Crawford will be here next week.

Our colored friends are building a large frame church in the southern part of town.

Our friend R. E. Edwards presented us with a splendid trout last week. He was a beauty.

Every liberal advertiser in the EXCHANGE is doing a big business. Do you see the point?

The largest and sweetest strawberries we have seen were presented to us last week by Mr Hine. They came from Medina.

We have heard that a slight frost was visible here yesterday morning. Some say that it snowed a little a few days since, too.

The Methodist church has recently been greatly improved by the application of two or three coats of white paint on the outer walls.

The young men of Milan have issued invitations to a hop to come off at Odd Fellow's Hall to night. It promises to be a pleasant affair.

New carpets have been bought for the aisles in the Baptist church. They are quite an improvement, and stop much noise during the service.

Mrs Cruse will give an ice cream supper to-night. Parties attending the hop will bear this in mind. Tickets can be procured at the hall.

Our readers will remember that the special election for constable of this district takes place next Saturday. Turn out and elect a good man.

Hon J. D. C. Atkins has our thanks for important public documents. The General will be unanimously re elected in his district, and we are glad of it.

We neglected the last two weeks to call attention to G. G. Green's new local advertisements. His medicines are very popular here, and deservedly so.

A drunken Irishman was so full of happiness and bad whisky last Saturday that he made his bed on the sidewalk on Front Row, and was perfectly satisfied.

Let the voters remember that W. H. Algee, whose name is announced in another column, is a candidate for Constable at the special election next Saturday.

A "norther" blew up here last Sunday afternoon and continued during Monday. Snow, ice and frost were "enjoyed" in several states north of us on Saturday.

An Ohio farmer is corresponding with parties here with the view of buying a farm. We will welcome him and hundreds of others. We need more farmers around Milan.

Mrs Duffy offers some fine bargains in our local notices. She receives new goods every week, and sells at wonderfully low rates. Read them, and you are sure to buy from her.

Rev J. R. Gray will hold service at Clark's Hall next Sunday morning and evening. This will be his last visit here for some time, as he will visit Europe during the summer months.

Our friend George Cade has cleared seventy-five dollars on three-fourths of an acre of strawberries, and is not yet done picking. If he had put it in cotton, he would have made about five or ten dollars.

Up to last evening about 50,000 quarts of strawberries had been shipped from this place. Next week, when the season will be over, we will publish the exact figures. We may have a few other thoughts to add.

Read Jordan's great big new advertisement. He is doing a rousing business, and we are not surprised at it, when it is known Eli Stone, Dave Mills, and John Townes are salesmen, and a big advertisement is run in the EXCHANGE.

Crump, the jeweler, has moved into Brown & Dickson's store, where he has added a beautiful new stock of goods in his line to the elegant lot he had on hand. We are glad to learn that he is doing a good business. Read his locals and call on him.

Col. W. W. Vaughan has been requested to address the graduating class at Bethel College, McKenzie, on the 6th of June, and has kindly consented to do so. He is a popular and able speaker, and will interest his audience. No doubt a crowded house will turn out to hear him.

Zeilin is prosecuting Thedford for making and selling Simmons' Liver Regulator. Their attorneys spent one day here last week taking depositions. Thedford's preparation, at any rate, is the one which sells best here. However, we suppose there is little if any difference in the medicine.

The firm of B. F. Smith & Co., Memphis, has been dissolved, and the business will be settled by Mr Smith. Mr Smith is now connected with the house of H. B. Howell & Co., and has charge of the office and produce department. We take pleasure in recommending the firm to our friends as worthy of their patronage, known for integrity and business capacity, and large capital. See their advertisement in this paper.

By reference to our announcement column, it will be seen that Mr J. C. McDearmon, of Trenton, is a candidate for Attorney General of this circuit. He is well-known to our readers as a lawyer of learning and ability, and one who attends carefully and promptly to all business entrusted to him. He is a gentleman who mixes well with the people, and has many friends wherever he is known. He will be a favorite in this part of the district.

## Railroad Items.

Fitzgerald and his crew have just laid a lot of new rail on the L. & N. road north of town.

Ragsdale and his force are putting down a fine steel rail track along the line of the Central road here.

Clinton Democrat 9th: It is thought that the extension of the C., St. L. & N. O. railroad from Fillmore, the present terminus of the road, to a point opposite Cairo, will be completed within a month from now.

A change of schedule took effect on both our roads last Sunday, for details of which see the time table on this page. The accommodation train will run between Memphis and McKenzie in future, connecting with trains on the Nashville, Chattanooga & St. Louis road.

We learn that the L. & N. road will, at an early day, put a fast fruit express train on this division. This will be a great accommodation to fruit and vegetable raisers, and a wonderful saving in freights. Both our roads are willing to do all in their power to help build up business along their lines. "Milan is the best shipping point in America."

## Personal.

Deputy Sheriff Ing was in town yesterday.

Hop Johnson, of the Memphis Ledger; and Col. Flynn, of the L. & N. R. R., passed down the road last Friday.

Prof. Finney and family and Prof. Paschal will leave for Middle Tennessee to-morrow morning. We lose good citizens when they leave.

Capt. J. C. McDearmon, Gibson county's favorite for Attorney General, was in town yesterday, looking after his interests in the canvass.

Mr J. H. Hefley, a prominent candidate for Sheriff of this county, spent several days here last week. He is making many friends in his rounds.

Col. W. W. Vaughan, Haywood's popular candidate for Congress, honored us with a visit last Saturday. He says he is fast gaining strength all over the district.

Commodore Doak, of the Nashville American, passed here last Tuesday, on his way to Jackson, where he was to deliver an address to the Memorial Society yesterday.

Mr John D. Carne, candidate for County Clerk, paid us a visit last Monday. He is a most pleasant and accomplished gentleman, and is fully competent to fill the office for which he aspires. And he is making a fine race, too.

## Col. Vaughan Serenaded.

Last Saturday Col. Vaughan, candidate for Congress in this district, was the guest of the City Hotel. Hearing of it, our excellent brass band turned out at night and serenaded him, giving several beautiful pieces in fine style. The music attracted quite a crowd in a few minutes, when the Colonel was called out. He made a happy talk of about twenty minutes, but did not discuss questions of difference between himself and rival candidates. At the close of his remarks, the ladies present presented him with a beautiful boquet, which drew from him some most eloquent and beautiful remarks. We will merely hint that the Colonel is a widower, and that he loves all the fine-looking women he sees, and consequently he can't help saying sweet things to them, especially when they give him so good an opportunity.

## Strawberry Festival.

A strawberry, cake and ice cream supper will be served at Clark's Hall to-morrow (Friday) night, for the benefit of the Methodist church here. Committees have been appointed to make all necessary arrangements, and a good supper is promised. The small sum of ten cents for grown persons and five cents for children will be collected at the door, and twenty-five cents will then secure a plate of ice cream, strawberries and cake. The money goes toward building a fence around the church lot. We hope to see a large crowd out; and we hope, further, that each person will eat several times.

## TRENTON.

The Simons played two or three nights in Trenton last week.

The Mirror thinks the invention and introduction of so much labor-saving machinery into the country is the cause of so many idle tramps, and proceeds to argue the question. Our opinion is that these "gentlemen of the road" are—nearly every one of them—too lazy and mean to work, and would rather beg and steal for a living. At least, that is the experience of our people around here. There is plenty of work for them, if they would go at it.

From the Trenton Mirror.

We regret to learn that Prof. Buchanan died last Sunday. He was a popular teacher and a good citizen.

Alston Bailey, one of our wealthiest citizens, was in town last Monday. He informs us that he never had in his house, during his whole life, an almanac, book, newspaper or a quart of whisky.

The following persons compose the Democratic Executive Committee for Gibson county: John H. Glass, chairman; A. Jordan, Milan, W. I. McFarland, Humboldt, John Martin, Bradford, W. C. Kelly, Yorkville.

Rev. J. Braden, President of the Central Tennessee College, Professors A. K. Spencer and H. K. Bennett, of Fisk University, and Dr. Phillips, President of Baptist College (all colored institutions) at Nashville, propose to hold a Teachers Institute for the colored schools of Gibson county, at Trenton, on Friday and Saturday the 14th and 15th of June next—of which a programme will be out soon.

From the Trenton Herald.

The residence of Columbus Foster, two miles west of Rutherford, was destroyed by fire since our last issue.

Monday last Oliver Spruell (colored), who hailed from Brownsville, was arrested here on a charge of stealing flour, meal, corn, &c., from one of the Brownsville mills. He has been carrying on his stealing for several months. He was conveyed to Brownsville for trial.

According to the distribution of the Peabody school fund, made Monday last. Hon. Leon Trousdale states that the Trenton schools are entitled to the following amounts: Peabody high school, $350; colored school, $100. Only two towns in the State receive larger amounts than ours—Clarksville and Lebanon. They receive $500 each.

A Teachers Institute will be held at Bradford Station Friday and Saturday, June 7th and 8th. Local committee on arrangements: John Martin, Robert Bradford, R. A. Meadows, William Campbell and A. J. Allen. On invitation, reception, &c: J. N. Alexander, Harvey Holmes, J. G. Phipps, J. C. Gibbs and A. J. Little. Programme will be made out in due time.

## HUMBOLDT.

From the Humboldt Journal.

Dr. J. M. Mitchell, of the Oak Grove neighborhood, is suffering very much with dropsy in his feet and legs.

Extensive preparations are now being made for a grand concert, on 15th of June, at the expiration of the school.

There seems to be a fatality among the cats in and about this place. They are dying with something like cholera.

Rev. W. G. Leonard was installed as pastor of the Cumberland Presbyterian church last Sunday. The installation sermon was preached with great force, and to a large audience, by Rev. A. E. Cooper.

One day this week, while the bridge force of the M. & O. R. R. was working on the trestle at the river, their scaffold gave way, precipitating the men about 20 feet, inflicting painful wounds, but no limbs were broken.

Mr. John Duffey's little boy was in a crib shucking corn a few days ago, when he felt something nibbling at his big toe. Upon pulling his foot from the shucks, he found a large chicken snake hanging to it. Like a brave lad he killed the snake and went on his way rejoicing.

## Closing Exercises of the College.

Last Tuesday night the spring session of Milan College closed with public exercises at Clark's Hall. The programme comprised essays, declamations, recitations and music, and was highly entertaining to the large audience present. Miss Mamie Lopez, being the only graduate, received the graduating degree. Her valedictory was well-written, well-delivered and appropriate. She is an excellent reader, and charms her hearers with her quiet dignity and graceful ease of manner. The Harrison, Donnell & Co. prizes were awarded to Misses Dora Sims, Addie Ware and Lizzie Coleman, and Messrs Elbert Hunt, G. G. Wood and W. A. Townes. The Dictionary prizes were won by Misses Addie Ware and Annie Coleman. Dr Jordan presented the prizes with an appropriate address. Professors Finney and Paschal made appropriate farewell addresses. We, in common with many others, regret very much to lose them from the town. They have made many friends here, are excellent teachers, and will honor any community where they may live. Having much better offers elsewhere, they have concluded to change their location, for which no one can blame them. The Milan String Band made music for the occasion, under the leadership of Prof. Gladney, who is a thorough musician, and we doubt whether they could have procured better music in West Tennessee.

## COUNTY NEWS.

The apple crop in this county will be short.

The weather the past few days has been rough on cotton.

A picnic was given at Pickettville last Saturday, and we learn a large crowd was present.

An interesting session of the Gibson County Teachers' Institute was held at Dyer Station on the 3d and 4th inst.

The wheat prospect during the past week has greatly improved in this section, and some of our farmers now think a pretty fair crop will be made.

A strawberry festival was given at Rutherford on the evening of the 3d inst. Music, speaking, courting, etc., was enjoyed heartily by those present.

Messrs. Kincy and Marcum, with the assistance of several others, succeeded in killing six minks in a corn crib at Mr. Kincy's residence, three miles east of here, last Thursday. These varmints had slayed numerous chickens there recently, and were a nuisance.

A teachers' institute will be held at Pickettville to-morrow and Saturday. A large number of people will, no doubt, attend. The address of welcome will be delivered by J. C. Tharpe, Esq. Hon Leon Trousdale, State Superintendent, Miss Clara Conway, of Memphis, Hons G. B. Black, J. T. Carthel, J. C. McDearmon, W. M. Hall, and others will be present and participate in the exercises.

## HUNTINGDON.

Leech, the Republican nominee for Sheriff, is opposed to negro juries. Ridgeley, editor of the Republican and candidate for Register, is strongly in favor of them. Now, what are the Republicans of Carroll going to do about it?

A little five year old son of Frank Gibson, five miles east of Huntingdon, while playing with a "navy six" last Sunday morning, was fatally shot in the head. Why will people allow fire-arms to lie loosely around where children can get hold of them?

The Republicans in Carroll held a convention last Monday week to nominate candidates for county officers, with the following result: for Sheriff, I. F. Leach; County Court Clerk, Elijah Falkner; Register, E. G. Ridgely; Trustee, Frank Rogers. Levi McEwen, of Huntingdon, was tendered the nomination for Circuit Court Clerk but declined. This leaves W. B. Grizzard, the present efficient clerk, without opposition.

On the first Monday the Carroll Democracy met in convention in Huntingdon and appointed the following delegates to the State Judicial Convention: L. M. Beckerdite, B. G. Ezzell, H. C. Townes, W. M. Wright, John Warlick, E. T. Bohannon, J. H. Hillsman, Newt. Lankford, Wm. Johnson, J. W. Phillips, I. M. L. Baker, and W. S. Stephens. They were requested to vote upon the first ballot in the nominating convention at Nashville, on the 29th inst., for the present Supreme bench for Supreme court judges for this state; after the first ballot, if no nomination should be then made, the delegation will exercise a sound discretion.

From the Huntingdon Vindicator.

We notice one solemn, solitary African at work grading the streets. He is slow but sure, and gradually improves our town.

The case of Geo. W. Harris vs the Louisville and Memphis Railroad, in which Harris sues for ten thousand dollars damages was set for trial at next term of the court.

Marriage licenses issued during the past week:

J. H. Gray and S. C. Phipps.
Frank Patterson and Bettie Bell.
R. J. Bennett and A. E. Phipps.

E. G. Ridgley, candidate for Register, proprietor of the Republican and Post Master is an open and avowed advocate of negro juries in this county. His paper, the Republican, takes a bold stand for negro juries and Ridgley, upon this issue, expects to get the entire colored vote of this county.

E. G. Ridgley has resigned the office of postmaster at this place. He received the nomination for Register Monday, and thinking it might look greedy to want so many offices, gave up the one in which there was the least pay. We hear there are several applicants for the position thus made vacant, and know for a certainty that Miss Wilhella Hawkins and Joe Brevard are. Petitions were circulated yesterday, and many men signed them all. The perquisites of the office amount to $40 per month.

From the Huntingdon Republican.

Strawberries from Milan are sold in town now.

Kyle's chapel, about six miles east of town, will be dedicated on the first Sunday in June. Many will probably go from here.

We have heard that two of our leading citizens propose building a new Methodist church at this place. We hope they are in earnest.

We were sorry to hear of the painful accident which happened to our friend Esq. J. W. Roberts, of Cedar Grove, last Monday. He had started to town and come some distance, when his horse threw him, breaking his arm and severely bruising him.

**An Astonishing Fact.**

A large proportion of the American people are to-day dying from the effects of Dyspepsia or disordered liver. The result of these diseases upon the masses of intelligent and valuable people is most alarming, making life actually a burden instead of a pleasant existence of enjoyment and usefulness as it ought to be. There is no good reason for this, if you will only throw aside prejudice and skepticism, take the advice of druggists and your friends, and try one bottle of Green's August Flower. Your speedy relief is certain. Millions of bottles of this medicine have been given away to try its virtues, with satisfactory results in every case. You can buy a sample bottle for 10 cents to try. Three doses will relieve the worst case. Positively sold by all Druggists on the Western Continent. For sale by W. H. Coley, Milan, Tenn.

## THE EMPORIUM.

**Sold! Sold! Sold!**

We sold entirely out of Ladies Linen Suits last week. We have sold about forty of these beauties this spring. We have decided that pretty goods and low prices are duly appreciated by the ladies. The names of the forty who had bought these suits from us might look pretty in print, but we leave them out now. But we do say *thank you, thank you.*

**Arrived! Arrived! Arrived!**

We received yesterday the fourth lot of Ladies' Linen Suits. They like all the balance we have been selling, are very pretty. And remember that our styles in these goods are well assorted. No two in the store alike. For a nice dress, cheap, come early. They are pretty, pretty, pretty.

**They Did. They Did.**

Under the guidance of our clever city fathers, or somebody else, the plank walks across Main street have all been torn up, save one, and that one is not pointing into our store by a jug full. They may have a stock store of their own, and changed the walk for their own convenience, or it may all be accidental; but be it known to all mankind, that for big fat bargains in all kinds of staple and fancy Dry Goods, that you can get them by coming around to the EMPORIUM. Our city "dads" may fix our plank back before long, if they don't forget it; but if they don't, we will fix one ourselves, we will fix one ourselves.

Be it remembered by all the readers of the EXCHANGE, that we carry as pretty Calicoes, Lawns, Percales, Poplins, Bouretts, Chambrays, Grass Cloths, plain and fancy Linens, as are made. We carry a nice line of white goods, white Percales, white Victoria Lawns, white Swiss, white Cambric Muslins, Silk and Silk Poplins, and other fashionable fabrics for making Ladies' Dresses.

**Patterns. Patterns.**

We are expecting daily a full line of Mme. Demorest's Patterns for Ladies', Misses' and Children's Dresses. Will, also, have a big display of Fashion Plates and other accoutrements necessary for perfecting nice fits in these garments. These Patterns can be had of us at a trifle. You are all invited to come and see them.

**Mammas. Mammas.**

You are all cutting up about little shoes for your babies with heels. We can supply your wants. We have them in good styles. They are pretty, pretty, pretty.

We can safely say to the people, that they can find as complete assortment of goods in our store as can be found any where. We never make such assertions as some of our colleagues do, that we sell goods cheaper than anyone else. It would seem "too thin;" but it's a handy store to trade at, and we are always sober, and do business on strict business principels. We will interest you if you come to see us.

**Oil. Oil. Oil.**

We received this day a big lot of the finest Oil for Sewing Machines. Big fat 3oz bottles for only 15 cents. You will remember we carry all kind of Machine Needles, and furnish all kind of attachments. We keep telling you its a handy store to trade at. Come to see us everybody.

We are selling our custom-made Newport Ties as cheap as you can buy eastern trash. Besides they are double acting; they wear with and without buckles. Ours is a nice store to buy shoes at.

Be it known to all gentlemen and ladies of all ages, that we have no drummers or sharks on the highway, trying to induce them to buy against their inclinations. We never send to our neighbors' stores to decoy their customers away from them; our goods are too nice and cheap for that. We ask all who want big fat bargains in all manner of Dry Goods and fancy articles, to come voluntarily to the EMPORIUM, headquarters for general merchandise, and buy goods freely, for we carry just the things you need, and are makers of low prices.

We are receiving new lines of Ladies' Newport Ties, Ladies' fancy Striped and solid colored Hose, Misses' and Childrens' Hose in all colors.

We have about 200 Linen and Grass Cloth Coats to fit Boys from 9 to 12 years old, at 50 to 75c each; and a fair fine of Men's Clothing we offer at almost any price. We want to go entirely out of this line of business, and will make reasonable sacrifice to get out. Come try on some of our half price coats. Respectfully,

HARRISON, DONNELL & Co.,
Proprietors.
