SUNNY SIDE.
 Our school at this place is progressing nicely.
 Miss Jettie White, who has been in Union City several months, has returned to her home near this place.
 Miss Maude Palmer, of this place, visited her cousin, Miss Mary Palmer, of Number Thirteen, Sunday.
 Miss Brinnie West, the fourteen year old daughter of Mr. and Mrs. George West, died on Monday of last week. Brennie was a sweet girl and loved by every one that knew her. She was a member of the Methodist church. The funeral services were conducted by Rev. Wynn, of Union City. The remains were laid to rest in the Stanley Cemetery, Tuesday at 10 o'clock p. m.
THE TWO FRIENDS.

SOUTH FULTON.

I reckon the many subscribers, and especially the "Cousins," will be surprised at the return of Cyclone, as cyclones are frightening things. But we would say in the spirit of gentleness, there is always a sweet for every bitter and a calm after the appearance of a cyclone. So let your hearts not be troubled at the return of Cyclone.

The bright sunshine of the past three or four days, after so much sleet, snow and rain, would have a tendency to modify and fill the heart of a demon with kind thoughts and melancholy reflections. So let us all be thankful for the present and look not on the past, but cheerish the future for what good it will bestow upon us.

The people of Fulton and Fulton County for the past week have been forced to travel in their airships if they went at all, on account of the extreme mud, which would mire the shadow of a butterfly and was of sufficient depth to hide the carcass of an elephant should one become entangled in it.

The city officers captured a fellow in Paschall's drug store last Saturday night who had broken into four other business houses, who said he was from across the country. He languishes now in the Hickman jail.

There was a walkout at the Cumberland Telephone office at this place last Wednesday of five girls, lineman and messenger boy. There was no disturbance on account of service, wages nor dissatisfaction in any manner, except the force of hands at the office demanded a new manager, for reasons justifiable on the part of the office force, some of whom had been with the company at this place from three to five years.

Arousing meeting was held at the City Hall last Saturday in connection with the good road movement throughout Fulton and Obion Counties, and much enthusiasm was displayed. There seems to be a fever floating across the country along the good road line that has a tone connected with it that will bring developments, at least we hope so.

We hear that our friend, W. A. Forester, has returned from Oklahoma, declaring Obion County to be the garden spot of the earth, which is about right.

The widow Cyclone is predicting a trip across the universe, and has decided her first stop would be at Gibbs, changing cars there for Union City. She has obtained some railroad folders and secured one of Rand-McNally maps of the globe. So her friends along the journey will please be on the lookout for her, as she is a widow woman and will probably need assistance.

SALES ARE ENORMOUS

Cooper Preparations Leading Topic in Cincinnati—Callers at Young Man's Headquarters Interviewed.

Cincinnati, O., Feb. 14.—The most interesting feature of the enormous sale of the Cooper preparations, now going on in this city, is what the medicines are actually accomplishing among the people of Cincinnati.

At the commencement of his visit here Mr. Cooper prophesied that during the latter part of his stay he would receive hundreds of callers daily who came simply to thank him for what the preparations had done. He also stated that stomach trouble is the foundation for a great many diseases and that his New Discovery, as it is called, would prove very effective in all cases of rheumatism simply by getting the stomach in working order.

That this prophecy has been fulfilled cannot be doubted after a half hour spent at the young man's headquarters listening to what his callers have to say.

A reporter, who watched to ascertain, if possible, some light on the reasons for the immensity of Cooper's success interviewed about twenty of his callers yesterday afternoon. The statements made by those seen indicate that physicians who claim that Cooper is merely a passing fad, have not looked into the facts.

Some of these statements were as follows: Miss Sallie Middleton, living at 1957 Central Avenue, upon being questioned, said:

"I have been troubled with general weakness, dizziness, headache, sleeplessness and stomach disorders for a number of years, suffering all the time with my kidneys and back. I had tried a number of medicines and visited several doctors but none helped me. I heard on all sides of these Cooper remedies and decided to try them. Any one who says that they are not wonderful medicines, does not know what they are talking about. After I used the first bottle, I noticed a decided improvement. I have taken three bottles of the New Discovery and I now feel as well as I ever have in my life. I sleep and eat as I have not done for years, and I am happier than

I have been for a long time. I have come here to thank Mr. Cooper for what he has done for me."

The statement of Mrs. M. E. Emerson, living at 630 West Court street, was as follows:

"I have suffered with stomach troubles and constipation for a year or so. When I ate I would have bloated spells, sour stomach, fermentation, bad taste in my mouth. In the morning I was as tired as when I went to bed. I had a dull pain in the lower part of my back. I have taken almost one bottle of the New Discovery and I am so wonderfully improved that I have come down here to thank Mr. Cooper in person and obtain more of the medicine."

Another statement was made Mr. E. Luken, living at 1006 Gest street, who said: "I have been a sufferer with rheumatism for several years. I could not walk or stand on my feet when Mr. Cooper came to Cincinnati. Nothing helped me in any way and I despaired of finding relief. I was in a general run down condition, also, and had some stomach trouble. Hearing of his wonderful work my father consulted him regarding my case and purchased a bottle of his New Discovery. After I had finished that one bottle I was able to walk down town and see him myself."

"I have continued to take this wonderful medicine and I am now without a sign of rheumatism. My general health is also greatly improved and I have not felt so well for years. I would not have believed that there was a medicine on earth that would do what this has done for me. I am so much happier that I am very grateful to the man that has made it possible for me to regain my health. He has the most wonderful medicine that I know anything about."

Other statements taken from those who had previously used the medicines seem to prove that Cooper's success throughout the country is genuine.

This man bought a supply of tobacco without acquainting himself with the distinctive taste of **SCHNAPPS** Tobacco, which has the cheering qualities that gratify his desire to chew, and at less expense than cheap tobacco.

SCHNAPPS has been advertised in this paper so that every chewer has had an opportunity to get acquainted with the facts and know that drugs are not used to produce the cheering quality found in the famous Piedmont country fire-cured tobaccos, and that SCHNAPPS is what he ought to chew. Still there are chewers who accept other and cheaper tobaccos that do not give the same pleasure.

Some day they'll get a taste of the real *Schnapps*—they'll realize what enjoyment they've missed by not getting SCHNAPPS long ago—then they'll feel like kicking themselves.

SCHNAPPS is sold everywhere in 5 cent cuts, and 10 and 15 cent plugs. Be sure you get the genuine.

RIVES.

Mrs. Callie Benton has broken the record on hatchling chickens, from a one hundred and fifty egg incubator.

The farmers are using many ingenious ways of laying in supplies. To see so many of them with packs of burden upon their backs, one might say that we had become a community of peddlers.

The cantata at the college Thursday night was very entertaining, banishing some of the winter gloom, which a few days ago of snow and water soaked roads have caused to settle over this vicinity.

Southern Rives was all excitement Tuesday morning, when the residence of A. Harris caught fire by a defective flue. The bucket brigade was soon on the spot, and the fire was extinguished, with very little damage. MARIA.

Don't Put Off

until to-morrow what you can do today. If you are suffering from a torpid liver, or constipation, don't wait until tomorrow to get help.

Buy a bottle of *Herbine* and get that liver working right. Promptness about health saves many sick spells. Mrs. Ida Gresham, Point, Tex., writes: "I used *Herbine* in my family for six years, and find it does all it claims to do." Sold by **Allen Drug Company.**
