### Killed Near Clayton.

W. M. (Billy) Boston was killed last Tuesday morning at his home near Clayton. Mr. Boston was out looking after the stock and getting ready for the day's work, and while feeding the mules one of them kicked him, striking him just over the heart. Death resulted almost instantly. He fell into the arms of a man standing just behind him. Mr. Boston was formerly an employe of the Danke-Walker Milling Co., and was regarded with the highest esteem by those who knew him. He leaves a widow and two little children. He was an excellent gentleman and a very kind friend and neighbor. The burial took place at Clayton.

## SHORT TALKS BY L. T. COOPER.

### CONSTIPATION.

I can tell a person who is constipated at sight. Their complexion is pasty or yellow. Their eyes are dull, and they look and feel sleepy. Nowonder they do. The bowels are a sewer. They carry away the poisonous refuse. If they don't act the poisonous matter is absorbed by the body, and headaches, dizziness, bad complexion and eventually serious troubles result.

SAMUEL BOOREN.

There is no better rule for good health than that the bowels should move every day at the same hour if possible. Regularity can be acquired by making a habit of this. Foolish people neglect this and when chronic constipation effects them they take pills every few days to force the bowels to perform their natural function. As years go on they require more and more pills. This should be stopped. Cooper's New Discovery will build up the stomach and cause the bowels to act naturally. While taking the medicine get the habit of regularity, then gradually stop taking the medicine.

Here is a sample of letters from those who have tried it:  
"For sixteen years I have suffered from stomach and liver trouble, and chronic constipation. I had frequent headaches and always felt tired and worn out. I heard of Cooper's New Discovery and began its use. After I had finished one bottle I was wonderfully improved. Constipation gave way to a pleasing regularity of the bowels and I ate better, slept better and felt better than I had for months. It is the greatest medicine I have ever known." Samuel Booren. 1742 Munsey Ave., Scranton Pa.

Our customers who have used them say the Cooper medicines do the work. We sell them.

### Four Syrian Children Cremated at Fulton.

Fulton, Ky., Apl. 22.—The worst fire Fulton has experienced in recent years occurred last night, as a result of which four Assyrian children were cremated and their mother seriously burned. The dead were all children of Jodn Haddad, and are as follows: Phillip, aged 7 years; Joe, aged 5; Lorence, aged 3; Louis, aged 2. The mother, Mrs. May Haddad, and two older children were rescued by neighbors. Her face and hands were badly burned.

She and her six children retired at an early hour last night, and Mr. Haddad went to visit friends a short distance from his home. A little while later Mrs. Haddad was aroused by the noise of the fire. The room was full of fire and smoke. Crying aloud to arouse the sleeping children, she tried to find a door or some means of exit. With her clothing on fire and half strangled with smoke, the poor mother finally found the door, but to her horror she could not open it. At this juncture some one forced the door from the outside, and Mrs. Haddad and the two oldest children, who still clung to their mother's skirts, were dragged out. The four smaller children were overcome by the smoke and fell in the house. Just after Mrs. Haddad was rescued her husband reached the scene, and it required several strong men to restrain the frantic father from rushing into the burning building. To-day he is bereft of reason, and it is feared his mind will be permanently impaired.

The victims were buried at the City Cemetery.

Haddad is a naturalized American and possesses large business interests here. His home was valued at \$1,000, with about \$400 insurance.

### Wants Operators.

Mr. Will Patterson, who is remembered as having been employed in the M. & O. telegraph office here, and is now manager of the Frisco Telegraph Department in St. Louis, writes to Mr. W. C. Morris in this city that he has vacancies for two operators and to send him two good students at once. Mr. Patterson remembers Mr. Morris's success as a teacher, and that explains why he calls on Mr. Morris for the men. Students and those contemplating a course in telegraphy will do well to remember that positions like this are to be had by a course with Mr. Morris. Enter the school at once if you want a place.

### CATARH CAN BE CURED.

Kill the Germs By Breathing Hy-o-mel. Gives Quick Relief.

Many people who have suffered with catarrh for years naturally think they cannot be cured, and become discouraged.

The reason they have failed of cure is because they have not treated the disease with the local remedy, Hy-o-mel, which is breathed through a neat pocket inhaler so that its healing medicated air reaches the most remote air-cells, kills all catarrh germs and restores the mucus membrane of the nose, throat and lungs to a healthy condition.

Catarrh is really a local disease and to cure it, it must be treated by a remedy which reaches every spot in the nose and throat where the disease germs lodge. Hy-o-mel does this and gives relief from the first day's use.

A complete Hy-o-mel outfit cost but \$1.00 and Red Cross Pharmacy give a guarantee with every package to refund the money unless it cures.

### SOUTH FULTON.

The protracted union meeting at this place is running over with enthusiasm, preachers, religion and converts, and the devil will have a cold reception in Fulton when the meeting is brought to a close. Some of the best people in town have made professions.

We attended a funeral not long since, and during the burial exercises we were deeply impressed with the grave being completely banked with floral offerings. These things are appropriate, and, accompanied with tokens of respect and friendship, are a tribute that is thankfully received by every one, and should be. But we thought while we stood there and gazed upon that mound of dirt how much better it would have been if flowers had been banked on the life of such one while they had an opportunity to enjoy it while living. I want your sympathy while living, and have no objections to placing flowers on my grave, but I am in earn-

ered that he was crazed from a poisonous dose of medicine he had taken with suicidal intent. He was taken to the city hall, where he died. His name was Gilbert and he was on his way from Ft. Worth, Tex., to his home in Murray, Ky., where his brothers lived, his father and mother both being dead. He looked to be about twenty-five years old and is said to be of a prominent family. His brothers arrived here Sunday and took charge of him.

Our heart was made sad when the news reached here of the death of Mr. A. T. White, one with whom our relations had been so pleasant a number of years, and we would have been pleased to attend the funeral had we known it in time. We extend sympathy to the bereaved family left behind.

W. A. Forester, of Union City, was the guest of "Cyclone" and his family last Sunday.

Some twenty-five or thirty of Union City's young people attended the union meeting here Sunday and Sunday night.

When the train from Memphis arrived at the depot Sunday morning our city marshal discovered a man occupying the blind baggage and proceeded to arrest him, thinking from his actions he was drunk. But on investigation it was discov-

ered that he was crazed from a poisonous dose of medicine he had taken with suicidal intent. He was taken to the city hall, where he died. His name was Gilbert and he was on his way from Ft. Worth, Tex., to his home in Murray, Ky., where his brothers lived, his father and mother both being dead. He looked to be about twenty-five years old and is said to be of a prominent family. An old soldier writes about ARIOSIA Coffee: "Your coffee is the best and richest coffee I ever drank since I left the service, from '61 until I received your coffee yesterday." A soldier knows coffee by the taste, and the way it makes him feel, and would sooner go without his bread than without his coffee. Arbucks' ARIOSIA was the first roasted, packaged coffee, packaged for

protection of consumers, roasted and the pores of each berry sealed with a coating of fresh eggs and pure sugar, to hold the goodness in and make the coffee settle clear and quickly. Better than "fresh roast." Warming a little develops the flavor and makes the grinding easy. Our enormous coffee business, exceeding the next four largest firms in the world together, reduces our average cost per pound, and enables us to give you better coffee for your money than you can buy in any other way. There are more packages of ARIOSIA sold in the United States than all the other Coffee packages combined. If your grocer will not supply, write to ARBUCKLE BROS., New York City.
