#### TESTED AND PROVEN.

There Is a Heap of Solace in Being Able to Depend Upon a Well Earned Reputation.

For months Union City readers have seen the constant expression of praise for Doan's Kidney Pills and read about the good work they have done in this locality. Not another remedy ever produced such convincing proof of merit.

Mrs. J. A. Prieto, 424 Washington Avenue, Union City, Tenn., says: "I have used Doan's Kidney Pills for a disordered and irregular condition of the kidneys, and my experience with them has taught me that they act up to the claims made for them. The condition of my kidneys when I first commenced using Doan's Kidney Pills was very bad, the secretions were weak and unnatural, being thick and full of albumen. They gave me relief at once, and continuing their use all the distressing symptoms gradually passed away until I was cured."

Doan's Kidney Pills since 1907, Mrs. Prieto's statement as follows: "Four years since I used Doan's Kidney Pills and was returned to the normal use of my kidneys. I should like to report to you the results of my experience."

Doan's Kidney Pills are sold by all druggists and by the Doan Medicine Co., 2631 Broadway, New York, N. Y.

### RIGHT BREATHING CURES CATARRH.

Simple Way to Kill Catarrhal Germs in Nose, Throat and Lungs.

The only natural and common sense method known for the cure of catarrhal troubles is Hy-o-mel. It is breathed through an ingenious pocket inhaler, so that its medicated air reaches the most remote air-cells of the nose, throat and lungs, killing all catarrhal germs, soothing the irritated mucous membrane, and restoring a healthy condition.

Hy-o-mel goes right to the spot where the catarrhal germs are present in the nose, throat and lungs and destroys the germs so that perfect health is soon restored.

A complete Hy-o-mel outfit with inhaler costs but \$1.00 and is sold by The Red Cross Pharmacy under guarantee to refund the money unless the remedy gives satisfaction.

## Chew What You Know About and Know What You Are Chewing

There is real pleasure in chewing the best tobacco grown—where the best tobacco grows—in the famous Piedmont Country.

Only choice selections of this well-matured and thoroughly cured tobacco is used in making SCHNAPPS. That's why SCHNAPPS and others of the Reynold's brands, as shown by the Internal Revenue statistics for a fiscal year, made the wonderful growth of six and one-quarter million pounds, or a net gain of one-third of the entire increased consumption of chewing and smoking tobaccos in the United States.

Evidently, chewers cannot resist the flavor and they cheer SCHNAPPS because SCHNAPPS cheers them more than any other chewing tobacco, and every man that chews SCHNAPPS passes the good thing along—one chewer makes other chewers—until the fact is now established that there are many more

chewers and pounds of tobacco chewed, to the population, in those States where SCHNAPPS tobacco was first sold than there are in the States where SCHNAPPS has not yet been offered to the trade.

SCHNAPPS is like a cup of fine Java coffee, sweetened just enough to bring out its natural, stimulating qualities. SCHNAPPS pleases all classes of chewers: the rich, because they do not find a chew that really pleases them better at any price; the poor, because it is more economical than the large 10c. or 15c. plugs and they get their money's worth of the real snappy, stimulating flavor so appreciated by tobacco lovers. All imitations contain much more sweetening than SCHNAPPS. They are made that way to hide poor tobacco improperly cured.

For the man who chews tobacco for tobacco's sake, there is no chew like SCHNAPPS.

Sold at 50c. per pound in 5c. Cuts. Strictly 10c. and 15c. Plugs
