BADLY BEATEN.

U. C. T. S. Scores 11 to 1 Against Fitzgeralds.

Last Saturday night the Training School boys went down to Trenton and scalped Fitzgerald in a most interesting ball game of the season. The score was 11 to 1 in favor of U. C. T. S.

Sherrill pitched great ball for the spectators. His arm was in excellent condition for the game and he succeeded in disappointing many of Fitzgerald's heavy sluggers. Only two hits were made off of him which happened about the first of the sixth inning and the opposing team ran in one score. The Training School boys began to do business in the last part of the sixth. Someone led off with the hitting and everybody followed his example. Fitzgerald's pitcher was swatted all over the field. He was swatted out of the box and another took his place. Everybody hit him too. It was plain that U. C. T. S. had it in for Fitzgerald and by the time the ninth inning had come around Fitzgerald was down and out.

Crockett made a great hit on first, as well as many at the bat. With Johnson behind the bat and Callahan on second, the opposing side found it dangerous to stay too far from first. Briggs held third with equal advantage. Hale, the can't-be-beat, worked in the rifle pit, executed his labor with the desired effect, and with a rapidity which appalled the spectators. Out-fielders Jones, Palmer and Waddell were on their toes during the game and starred many times.

Attention Mothers.

We desire to call attention of mothers the wish of our W. C. T. U. ladies to perfect an organization of the Loyal Temperance Legion known as the L. T. L. We wish to state this is like the W. C. T. U.—undenominational. It is through the kindness of the pastor and members of the Baptist congregation, that we hold our meetings at present in their church. This organization fills the place with the children along temperance lines, that the children and young people's societies fill in the churches. We wish the parents to know we do not intend to mislead the children, but train and educate them in total abstinence. This means much to the future temperance characters of children just as the Sunday Schools and religious societies mean to their religious lives. We herewith give the L. T. L. pledge. Trusting in God's help, I solemnly promise to abstain from the use of alcoholic drinks, including wine, beer and cider, from the use of tobacco in any form and from profanity; and to endeavor to put down indecent language and all coarse jests, and to use every means to fulfill the command, "keep thyself pure."

This may seem to be a very strong pledge, which in fact it is, and if practiced and taught in every home we would have no bad boys or bad men. Mothers, give us your support and help in the effort of christian women to do a great work.

DOG TRAIL SUSPECT.

Barn Supposed to Have Been Burned by Incendiaries.

Dyersburg, Tenn., April 16.—The barn of Dr. I. N. Rawls and the hay, corn and farming implements of Mr. Murray and a pair of mules in the barn belonging to J. M. Childress were destroyed by fire Friday night at about 11 o'clock.

The fire was supposed to be of incendiary origin, and the dogs of G. W. Simpson, which have done such effective work in this section, were put on the trail at 3 o'clock, and by 4 o'clock they had trailed and bayed a party. No arrests have been made as yet, as the party has always hitherto borne a good reputation.

The property destroyed by the fire was worth about \$1,500. Mr. Murray had his barn burned at this same place last year, but never discovered the incendiary.

Warning to Fish Dealers.

The situation with the Reelfoot Lake Night Riders, becomes more interesting daily and this town is considerably wrought up over the situation. Mr. J. C. Burdick received a letter from the Night Riders that he must close up his fish business in this city and that he had but a short time to do so. They also went to the agent of Judge Harris, who lives between this place and the lake, and required him to deliver up to them all notes and other papers and contracts in his possession between Harris and his several tenants, and these they burned.

A latter report reached here to the effect that the negro farm hands in Lake County had been warned to leave and that they had all been frightened away from their work.

The following is an exact copy of the notice sent to Mr. Burdick:

Office of Justice—By order Post: You must close up that fish business, never to be opened again, under penalty of death, hell and the grave. If you think this is a joke, try it a few days longer and see.

Yours for who shall live the longest.

"SOMEONE MUST LICK JAPAN"

Representative Hayes of California Says Job Is Uncle Sam's.

"Somebody has got to lick Japan, and I am very much afraid that the unpleasant duty will fall upon us," said Representative Hayes, of California today, after a visit to the White House. He continued: "Unless she is licked, and well licked, there'll be no living with her in the world."

"Who do you suppose is in Japan's eye while all this preparation is going on in her shipyards and gunshops? What nation is she spending \$100,000,000 a year to war with? It is the United States of America, and there's no use trying to fool ourselves into believing anything else."

"She has licked Russia off the face of the earth. England is her ally. There is only one other power that she could declare war upon, in the natural course of events, and the natural trend of the international game, and that is the United States."

"We are bound to be called upon to fight Japan, and the sooner we get ready to do it and the sooner we quit trying to convince ourselves that Japan is friendly, the better it will be for us and the rest of the world."
