

# COOKING EXHIBITION

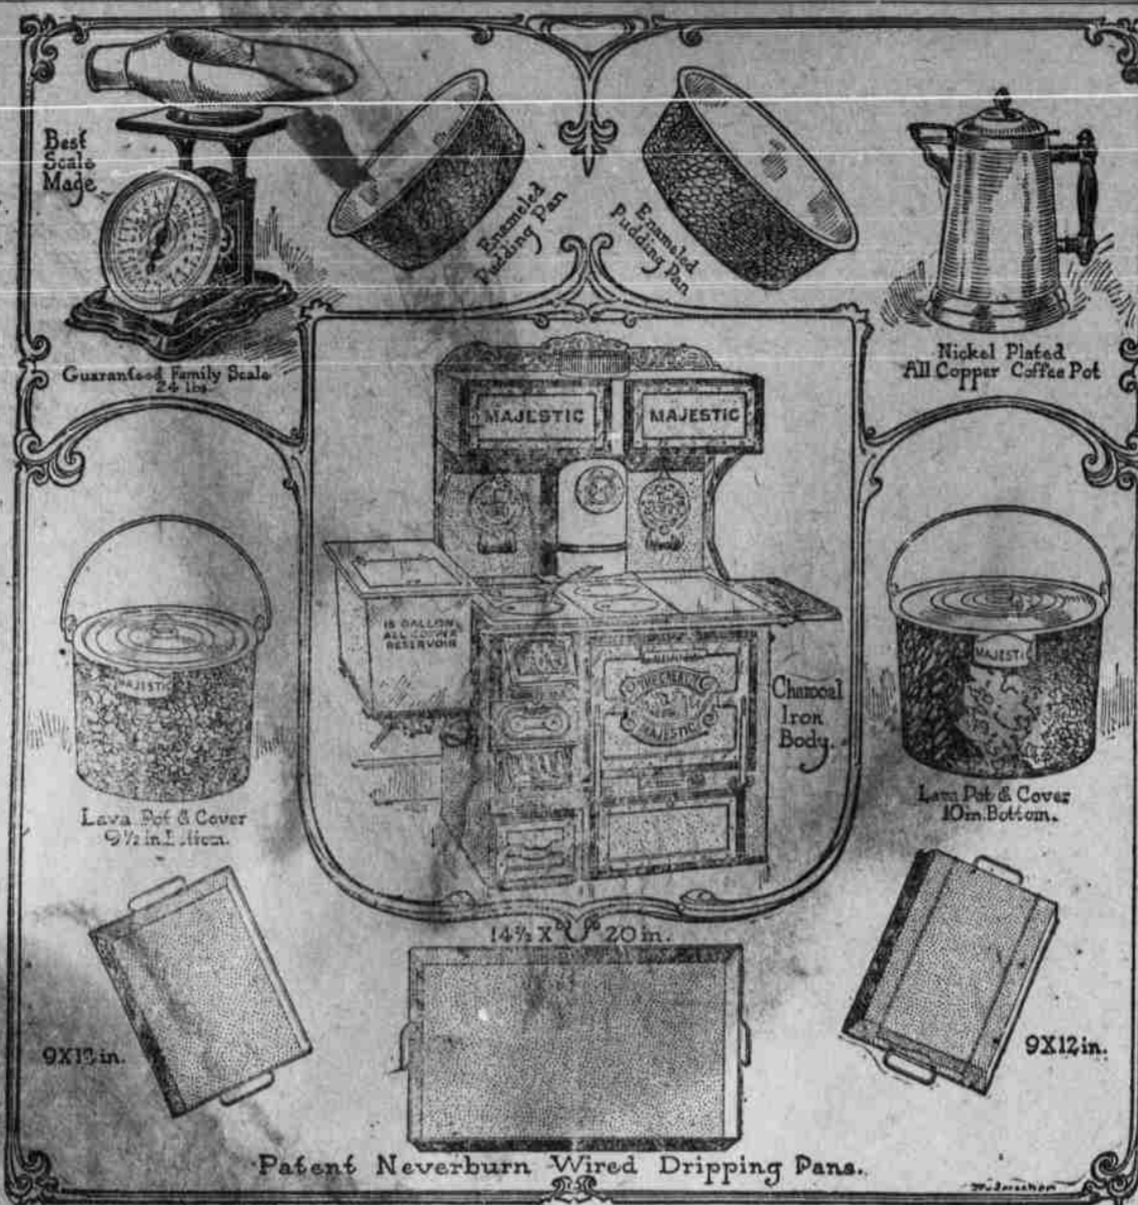

of the Great Majestic Malleable and Charcoal Iron Range Begins MONDAY, JAN. 27, and will continue through the week

**FREE!**  
**\$7.50**  
**Set of Ware**

With every Majestic Range sold during this Cooking Exhibition, we will give absolutely FREE one handsome set of ware as shown. This ware is worth \$7.50 if it is worth a cent. It is the best that can be bought. We don't add \$7.50 to the price of the range and tell you you are getting the ware free, but sell all Majestic Ranges at the regular price. You get the ware free. Remember this is for exhibition week only. Ware will not be given after this week. This ware is on exhibition at our store and must be seen to be appreciated.

Come in any day during the week. Make our store your headquarters. Have coffee and biscuits with us.

Come if you intend to buy or not; the information gained will serve you in the future.

## Facts About the Majestic Range

It is the only range in the world made of malleable and charcoal iron.

It has, beyond any question of doubt, the largest and best reservoir.

It uses about half the fuel used on other ranges, and does better work by far.

The Majestic All Copper Nickeled Reservoir heats the water quicker and hotter than any other. It is the only reservoir with a removable frame.

The Charcoal Iron Body of the Great Majestic Range lasts three times as long as a steel body.

Being made of non-breakable material, there is practically no expense for repairing the Majestic.

As for baking, it is perfection, not only for a few months, but all times to come.

A Great Majestic Range lasts three times as long as a cheap range, but it don't cost three times as much.

**PROOF**—We don't ask you to take our word for the above statements, but if you will call at our store, a man from the factory where Majestic Ranges are made, will prove to your satisfaction that these are absolute facts, and will show you many more reasons why the Great Majestic Range is absolutely the best that money can buy.

Misses Meda Mabry, from near Beech, and Lizzie Newman, are the guests of Mrs. W. W. Mays.

Prof. Willie Wilkerson, of Kenton, spent Saturday night and Sunday with his family at the home of Mr. and Mrs. J. W. Cloar.

Miss Mary Lee Love left Saturday afternoon for her home in Alexandria, La., after several months' visit to her aunt and uncle, Mr. and Mrs. W. S. Jackson.

Mr. and Mrs. E. A. Glover entertained a few of their friends at their beautiful new suburban home on the evening of the 8th inst. It was Mr. Gipsy's and my pleasure to take supper in that hospitable home that night. About 7.30 their friends began to gather in and among those from a distance were Mr. and Mrs. Haydon Thomason, of New Orleans. Everyone seemed light-hearted and in for some fun. Presently the tables were drawn forward and then for a nice game of flinch, which we all enjoyed very much. During the game we listened to some very nice violin music, and at a late hour Mrs. Glover, assisted by her beautiful little daughter, Grace Truman, served delicious refreshments. After bidding the kind host and hostess good-night we left for our home, wishing that at an early date it would be our pleasure to spend another happy evening in that pleasant home.

Mr. Sam Wade passed by our tent Tuesday with some of his fine blooded chickens which are on exhibition at the poultry show. Among them were the Brown Leghorn and two kinds of game, the Whitley and the Arkansas game, besides a pair of fine Embden geese. I'll venture to say if neighbor Wade don't capture some nice prizes it will be a wonder to me.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in her efforts to cure. Send for particulars. Address: CHENEY & CO., Toledo, Ohio, Agents, 75c. Fully file for constipation.

### CRONANVILLE.

This begins our seventh year as a Commercial cousin and we hope to see some of the old names in the columns again.

The negro woman, Mary Cothrell, who was struck in the face with an ax, by Walter Arch Merriwether, an other negro, just before Christmas, is improving rapidly and now it seems as though she will recover.

She was rendered unconscious by the blow and did not regain her senses till Wednesday of the past week. She asked what had ailed her, saying she knew something was wrong but did not know just what it was. Merriwether is at large, as he committed the deed while she was asleep and rushed her off in the darkness.

Once more we have passed out the old year and closing the door behind us we have crossed the threshold of a new one. We hope he will prove a real good friend to us and serve us to our great good advantage. As we cannot forecast what is held in store for us, we must be patient and accept whatsoever he pours out to us. Let us forget, in as much as is consistent, the trials and misfortunes that overlook us in the recently closed year and treasure up in memory the many kindly acts and blessings that we received. And now let me wish all who may chance to read this happiness, pleasure, health and success; let your occupation be whatsoever it may so that it is legitimate and an honest and honorable endeavor.

We should look back into the months that have just glided into the annals of the past, call our misdeeds and erase that pain or misfortune and use them as a warning signal to prevent us from thus erring again as there are none on earth that are so perfect as not to err. As we write to-night the snow is falling fast and the wind is roaring through the few trees that are standing as sentinels over-looking the fields that are white with unpicked cotton, and the waves on the ruffled breast of the mighty Mississippi are leaping high and lashing ferociously and can be heard for some distance. A few more days and the great Hickman and Lake County levee will be completed and we will have an opportunity to realize its great benefit if there comes such floods of water that have in the past flowed down this mighty stream. If this great levee protects the country it is intended for, there is no reason to be afraid. Mr. A. L. Garth, not it was. Thru to J. M. B. all acres in No. 6, \$9,300.
