Fitzgerald vs. T. S. Boys—The Return Game.

The largest crowd that was ever upon the Training School grounds at one time assembled there last Friday evening to witness the return game between the T. S. boys and Fitzgerald. Many of the principal business men of the town were out, and the seats which lined the school grounds were packed to their fullest extent. Even after the game had begun people continued to flock in at the gates, and the crowd already inside gained in bulk. Everybody was enthusiastic. Some carried megaphones for the purpose of cheering on to victory their favored side and others sported gorgeous school colors which waved and floated in the sunlight joyously.

About 4 o'clock the umpire called out to "Play ball," and after a time the great game began. The first few innings that the T. S. boys were at the bat they ran in four or five scores, but when they had the field they played bum. The fumbles that each made seemed to be contagious, and it wasn't long before the disease had spread. The rest of their playing was a succession of errors.

Fitzgerald soon had the home team outstripped and was running in score after score. Their dexterous playing won great applause both in the field and at the bat. The game came to an end 7 to 17 in favor of the boys from Trenton.

The T. S. boys have never before given such an exhibition of bad work as they gave Friday. Practice seems to have grown foreign to them. Indeed it can well be said that the main feature of the whole game that evening was the grand lack of practice which the T. S. boys showed. It is to be hoped that the boys will realize the necessity in the future of putting forth some effort in order to win a game at anything.

FORGED CHECKS.

Passed by Negro on Number of Merchants at Fulton.

Fulton, Ky., April 27.—Saturday night a number of business men here were victimized by cashing forged checks for a strange negro. The checks were drawn on the City National Bank, of this city, and in favor of Frank Brown and Eugene Bell, with the name of Will Hill, a prominent contractor of this city, signed to them. The forgery was not discovered until Monday, when the various merchants who had taken the checks, went to the bank to deposit them. No trace of him has been obtained.

Mr. Mack Thompson, of near Hornbeak, purchased of Beckham & Mayes the past week an up-to-date Delker Bike Buggy and set of Harness. He made \$5.00 by coming to Union City and left us some cash.

Our Honored Veterans.

On the 10th, 11th and 12th of June will again assemble together the remnant of "our boys who wore the gray." The number is getting less each year. From our own immediate section some have "crossed the mystic river" since our last reunion. Many from all over our great Southland who met and enjoyed hearty handshakes then with no more brave comrades on this earth, and now the lining is...

Card of Thanks.

To the people of Obion County and Union City: I want to express my feeble thanks for the kind treatment I have received at the hands of the good people of Union City while I have been in the infirmary at this place. I came here Feb. 21, a very sick man. I had very little money, but friends came to my assistance financially until I was able to pay the worst part of my bill. I can now see a glass of water.

Nashville American... report of the meeting refers as follows to a Clarksville teacher; At the close of Dr. Wyche's remarks, Miss Josephine Tardiff, of Clarksville, one of the most gifted Tennessee teachers, read a most excellent paper on "How Best to Organize Primary Schools."—Tobacco Leaf.

We have an immense stock of Buggies and Harness. It's been raining, the roads have been bad, but all the same we have been doing business. We are selling at small profits and must sell two hundred Buggies this season. We opened up our entire stock Saturday, April 18, 1908. We have sent in our second order for Harness. The people are all alike in wanting to save money. We bought our goods ten per cent less than others; we are giving our customers the benefit. The George Delker Buggy is built of good material, runs light, is up-to-date and well made. Our own make is likewise good and we guarantee our wheels two years.

BECKHAM & MAYES.

After leaving the hospital I went to Mrs. Brown's house (the mother of Dr. Brown) to be treated. As I said before, mere thanks will not express my feelings for those two, so I hope that God will bless them abundantly as they are happy and prosper. They are my dear- ever a friend.

Death of John...
John Pender Milbur...
sumption at the home...
in Union City on Friday, April 24. The young man was born Sept. 8, 1885. Those who knew speak of him as a good obedient son. He bore his afflictions with fortitude, never complaining of his misery. His great desire was to get well and show others how easy it was to serve the Lord, to be good and do good. His last hours were full of this testimony. Dear readers, let us all try to live a better life than we have and may God bless you all.

A FRIEND.
