### Athletic Association is Formed.

Last Tuesday the Athletic Association of the Union City Training School was formed by the student body in the morning session. The following elections took place:

Bob Marshall, pres.; Dick Honeycutt, vice-pres.; John Waddell, secretary and treasurer; F. C. Aydelott, manager; Jacob Harris, assistant manager; Carl Key, captain of the football team for 1909.

After the election the president took charge of the meeting and formulated the regular order of business. The membership of the body was larger this year than it ever has been in the whole history of the school, and the enthusiasm manifested on the occasion promises to add greatly to the life of the institution. The secretary reports more than forty names—a list which will be added to as the months roll around. As stated above Karl Key has again been elected to lead the Knights of the Pig-Skin to their fate and that the park will soon be the scene of spirit-stirring action is plain. Manager Aydelott reported to-day that it is his intention to start an early practice and dispatch orders for the necessary team equipment at once. He is also of the opinion, after taking a caucus of the lusty material on hand, that the school will do work in this particular line on a premiere classe order.

At the above election a captain of the baseball team was not selected nor will be for some time yet. It is extremely probable, however, that this honor will be tendered Stevie Caruthers, who exhibited such a sensational aptitude with the Grays last season.

Now is the time to get summer prices on coal. Call 150.

She has been giving professional recitals in the East for the past year, and the people of Hickman, her home town, feel very proud of her and were delighted to hear her in one of her recitals.
