### C. B. Coming.

On Saturday, October 22, the Christian Brothers College team will come to Union City for a game with the Union City Training School eleven. This being the first game of the purple and white on the local field the football fans are anxious to see what Coach Aydelott's machine is composed of.

Captain Wilson is putting his team through a strenuous week's practice and is confident of victory. This is probably the only game that will be played on the local gridiron, and a large crowd is expected to attend.

All the team are anxious to show the people of Union City what they can deliver in the football line.

Hitherto Union City has not supported her team as most towns do. But we hope on Saturday such a crowd of fans will turn out to cheer the purple and white team on to victory that has never been seen at a football game in Union City before.

### U. C. T. S. Outclassed.

The Union City Training School football squad journeyed to Memphis Saturday, October 15, and were defeated by the strong Memphis High School team. Although outweighed about ten pounds to a man Capt. Wilson's team fought valiantly from start to finish, but when the smoke of the battle had rolled away the Memphis High School team had 36 points to their favor to the purple and white's goose-egg.

The game was a contest of the brute strength of the green and gold against the small but fast team of the purple and white. On the defensive the Training School put up the game of its life, often downing the green and gold giants for a loss, but never succeeded in getting near enough the goal to drop for three points.

Honeycutt, at full, played his usual good game and gaining through the M. H. S. line when all the rest had failed. With another year's experience he will star on some university team.

Key on half and Whitson at end played brilliant ball. The find of the season is Left Guard Tate, a six footer, who tears up the enemy's line like a tornado. Little Erwin, at tackle, played a star game, holding like a brick wall against his 200-pound adversary.

Prothro and McSpradlin starred on the M. H. S. team. McIntyre, the lengthy tackle of 200 pounds, was the big gun of the green and gold squad. He time and again went through Coach Aydelott's line for a gain.

Taking the game as a whole, the U. C. T. S. was out of her class.

The U. C. T. S. lineup was as follows: Tanner, center; Tate, left guard; Chism, right guard; Cobb, left tackle; Erwin, right tackle; Whitson, right end; Smith, left end; Wilson, quarter; Honeycutt, full back; Key, right half; Fields, left half.

### New Railroad for Hickman.

In 1855 a contract was let for the building of a railroad into Hickman—the old Hickman-Obion Railroad, since absorbed by the N., C. & St. L.

In all these years another railroad has never been contracted until this week, although a score or more have been almost ready to let their contracts.

We now have the second one contracted. C. T. Bondurant, of this city, and W. L. Mozley, of Memphis, have been awarded the contract to clear the right-of-way and do the grading for the last ten miles of the Chicago, Memphis & Gulf Railroad Company's new road from Tiptonville, Tenn., to Hickman.

The contract specifies that this work must be completed on or before Jan. 1, 1911—or within the next two and one-half months. This is a very limited time, it would seem, but Mr. Bondurant says he will deliver the goods right on the dot. They already have a big force of men at work clearing the ground, and grading will start this or the first of next week.

As stated in a former article in this paper, the dirt work has been completed from Tiptonville up to the Fulton County line. This leaves about ten or eleven miles to finish, or from the county line to West Hickman. The road will tap the N., C. & St. L. road about where the oil mill stood. All of the right-of-way, with the exception of two pieces, has been secured. Condemnation proceedings have been instituted to get through these places, and will not cause any delay in the work.

Col. S. L. Dodds, after having sold some of his bottom property, generously gave the right-of-way through the remainder of his fine bottom farm rather than be any hindrance to a good thing for Hickman. S. L. will always be found on the progressive side at any price when it comes to a show-down.

Between the Fulton County line and Hickman a big gang is employed in laying the ties and steel, and will be ready for this end ere our contractors finish their work.

It is our understanding that the new road will use, by mutual agreement, the N., C. & St. L. yard, terminal and tracks here until they can make arrangements for a suitable location for their depots, etc. This is done for the reason that the new road will be built on to Metropolis, Ill., and at present they are not able to determine what

terminal location will best serve their future interests.

The railroad company is to be congratulated upon securing the services of Mr. Bondurant in connection with the construction work. He is a hustler and will push it through. His partner, Mr. Mozley, is a successful levee contractor (now working on the government levee in Lake County), and has the reputation of doing things himself. They will make a good team, and there is no danger of any delay in their part of the work.

Mr. S. Granger Latta, president of the road, who is personally known to a number of our business men, is a clever, every-day sort of a fellow, but at the same time a brainy, level-headed business man, who will be found always striving for the best interests of his patrons. It is a source of great satisfaction to know that we have just such a man on the head of the new road. All interests will receive like attention.

The speculative feature of at least one new railroad is a thing of the past. Within another year, we believe that Hickman will have two new roads in operation, a levee in West Hickman and monster freight steamers and fast packets plying the Mississippi River, operated by the Mississippi Valley Transportation Co.—Hickman Courier.

Mr. Walter Myers, of Campground, sold his farm one day this week to Mr. D. Huey, of the same vicinity, and will in a few days move to Troy where he and his family will reside in the future, he having bought the old J. Sam Fields place, recently owned by Mr. T. E. Ledbetter.

The concrete work is completed and now Troy has some of the finest pavements and crossings to be found in any town in the State. Koehler Brothers, of Memphis, did the work, and so far, everything is perfectly satisfactory. They are perfect gentlemen and made many warm friends during their stay in Troy.—Troy Tribune.

### Negroes on Rampage.

Hickman, Ky., Oct. 17.—Saturday night the negroes in the lower bottoms, west of Hickman, were evidently on the warpath. Near Madrid Bend, Logan Wilson shot and almost instantly killed Henry Roar. The affair arose over a game of craps. Wilson succeeded in escaping. On Val Carpenter's lower farm two negroes engaged in a quarrel over a negro woman, which resulted in two negroes getting shot. The negro doing the shooting was Jim Boyd, and his victims were Lee Williams and Sid Oliver. Williams received a load of shot in the right shoulder and may lose his arm, if not his life. Oliver was only slightly wounded. Boyd also succeeded in making his escape.

### People's Bank Launched.

Hickman, Ky., Oct. 17.—The People's Bank, the new and third institution of the kind in this city, was opened for business Saturday morning. Everything went off just as arranged, and the cashier, C. P. Shumate, and the officers were agreeably surprised with the result of their first day's business. Their deposits reached nearly \$6,000. State Bank Examiner Rogers was here to see the launching properly done. He made a thorough investigation and put his O. K. on the concern's business before the teller's window was opened. He said she had the ring of a brand new silver dollar. This bank is well equipped and has handsome fixtures of marble and golden oak. C. P. Shumate, of this city, is cashier and founder of this new bank, and Guy Hale, of this city, assistant cashier.

I still hold the same high opinion of this remedy. I was bothered principally by pains in my back and hips and it was hard for me to lift or stoop. After using Doan's Kidney Pills for a few weeks my trouble was removed and I have not had a return attack since."

### Gone But Not Forgotten.

(In remembrance of our dear sweet sister.)  
Sissie, we still miss you so much. At home, around the fireside, at the table, in all our reunions, we miss you. If you could only put your arms around me now and say what you have often said I would say yes. I can almost hear your words now, as you put your arms around me and said, "Dee, I hate to see you do this way; won't you please quit doing like you are and live better?" O, if I had only said yes when you could have heard me, but I must be content to say it now. Sissie, you were so good to me; you never scolded me, but would put your arms around me and with words as soft and pure as the angels in Heaven you would say, "Dee, I love you and it almost breaks my heart to see you do this way; won't you please quit?" O, how good she was and I didn't know it then. But since she has gone every one who knew her praises her good name. She has left a precious memory, and I can almost see her in her spotless robes and crown shouting hosannas and beckoning, come to me.

Sissie, I know you are absent to-day, But angels will not let me go; You have left a precious memory, And I must follow on.

BROTHER DEE.
