There is certainty to the return from money sown in the bank. Nothing increases with such steady growth and as constant as dollars when deposited in a reliable banking institution. In order to be sure what your harvest will be, you should have some money in the bank.

## Money Loaned at Lower Rates Than Ever

I am taking applications for loans on lands in Obion and Weakley Counties, Tenn., and Fulton County, Ky., so that the cost and expense of same is less than has been possible heretofore at any time. I have arrangements to make loans of more than **Two Thousand Dollars** cheaper and on better terms than I or anyone else has ever been able to make them in either of the counties above mentioned. The borrower has the privilege of paying **All or Any Part** of indebtedness after one year, interest being stopped on payments made. Loans are made **on Ten Years Time** or for shorter periods, if desired.

## MODERN AIRSHIP AT THE UNION CITY FAIR

### Aeroplane Flights With Celebrated Aviator Every Day of the Fair.

One of the latest and best Aeroplanes, operated by a well known Aviator, details of which will be given in full next week, has been engaged for the fair, to make a series of flights every day, beginning Wednesday, September 4, and continuing through the week until Saturday night.

Don't forget that our fair has the basis and ground work of one of the best county fairs in existence, a large, attractive and varied premium list, the best track and the best grounds, and to this will be added a number of novel features, including the extraordinary engagement of one of America's leading birdmen and the latest and best airship made, to be in Union City for the entire fair. Come and see us, everybody. No fair has guaranteed as much and none will attempt to produce the values in premiums and attractions offered here.

### AUTO RACING.

#### Seven Interesting Events at Jackson August 28.

The Auto Racing Co., with C. V. Dunnivan as promoter, will put on a street parade and racing exhibition in Jackson, August 28. Advance agents were in the city yesterday conferring with Secretary R. S. Fletcher of the Merchants and Manufacturers' Association as to plans.

There will be a street parade on the morning of the 28th, participated in by local and the racing company's cars. Joe Dawson, winner of the 500-mile race in Indianapolis, Ind., will appear in the parade.

At the fair grounds in the afternoon, the auto races will be held. Mr. Dawson will give an exhibition of five-mile running and seven interesting features will be seen, according to the plans given out yesterday.

This will be the first time for the Auto Company to put on an exhibition in a city of less than 100,000 people.

They come to Jackson in an off date and will go from this city to Nashville as soon as the State Fair takes place.

C. V. Dunnivan, who is backing the Auto Racing Co., is the youngest promoter in the country, according to a statement given out yesterday by advance agents.

The local Merchants and Manufacturers' Association will co-operate with the racing company to make the event a success.

Further plans will be made in the next few days.—Jackson Sun.

Ask your grocer for DAHNE'S WRAPPED BREAD. He will charge you no more for it. All the goodness kept in—all the dirt kept out.

### Training School Alumni.

Mr. Harrison has asked me to act as president during his absence, and I hope that you will co-operate with me in making the annual banquet a great success.

It is our plan this year to invite all of the alumni from the beginning of the school. One member of each class that the program committee has been able to locate will be asked to speak for his class. Each alumnus will have the privilege of bringing one friend who is not an alumnus. The honorary alumnus, husbands or wives of alumni, will especially be welcomed. A special invitation will be sent to each alumnus whose address is known.

The banquet will be given the evening of September 6, at a place to be announced at an early date. The price per plate will be one dollar, and membership dues fifty cents.

Let each and every member boost, and we will have one of the happiest reunions ever known in Union City.

Alumni of the nineties that read this notice are urged to write the members of their class, who have left Union City, that we may have a great reunion.

### Woman's Missionary Society.

The Woman's Missionary Society of the Methodist Church, had its regular meeting Monday, July 29.

Rev. George Evans, formerly pastor of this church, but now of Festus, Mo., was present and gave a most interesting and instructive talk on his work during the two years he was pastor of Kingdom House, a mission church in St. Louis.

At the close of the meeting it was found that a pleasant surprise had been planned for those present, when through the kindness of Mrs. Rogers and Mrs. Garner, ice lemonade and wafers were served.

### Ice Cream Supper.

The ladies of the Harris vicinity will give an ice cream supper for the improvement of the school building at Harris, August 9.

Music will be furnished and accommodations to make the occasion pleasant to everybody.

The mercantile agencies report business conditions normal. For the week ending July 25, there were 252 failures in the United States, a decrease of thirty-one as compared with last week.

## HAY TOOLS YOU CAN DEPEND ON

Deering hay tools are doing good, reliable work, not only for users in this country, but also in foreign countries. They will do good work for you. Next time you are in town, come in and let us show you the Deering line of hay machines. We will be glad to explain how they will save you time and labor.

The Deering line of hay tools consists of mowers, sweep rakes, stackers and tedders. You will be interested in the new improvements of these machines. Perhaps you don't expect to buy, but as long as an investigation does not place you under any obligation to buy, isn't it to your advantage to come in and see us? You can't help but get some information which will be valuable to you. Come in and get a catalogue anyhow.

### A CHARITY LAWN FETE.

#### Parasols Galore—Transparent Hat Brims and Edges.

On the Hudson, July 22.—Nothing prettier can be imagined than a lawn fete on the Hudson, in the city limits too, mind you, though it would have been hard to convince an outsider alighting from an airship, that the wide lawns, great spreading trees, and hundred-year-old mansion overlooking several miles of river with its towering barrier of palisades, could be even near the hot bustling metropolis, that has engulfed this and many another quiet rural neighborhood. A well known charity for children benefited, and the whole place had an air of old-fashioned, home-like hospitality, that was a far cry from the ordinary sale.

### A PRACTICAL IDEA.

Tea was served and sold in jade colored Japanese china, and plate, cup

and saucer were included in the price. All in the same ware, so that many people purchased or left orders for porch sets, and the Society's coffers benefited accordingly.

It seemed as every one had donned their prettiest frock for the occasion, and there were so many novel touches, that describing them all would be an endless task.

### TRANSPARENT PARASOLS.

Transparent parasols of lace, net or chiffon were just right, and transparent hat brims of shirred materials, or straw brims with the new skimpy frills or flat hems of transparent net, were seen on all sides.

### A LAVENDER VOILE GOWN.

A dress of lavender voile with satin of a darker shade, in bands edged the tunic and making the draped girdle, that finished in a wide spreading fan at the left side in front, where the skirt parted over a lace petticoat, and the ruffles of deep cream Venise lace, which edged the wide lace collar tucked into the belt fichu fashion. The hat of lavender English straw, had string of Bishop's purple velvet that tied at the back and floated down below the waist, was topped by deep green foliage and yellow roses. The parasol was unlined lace.

### A MOIRE TAILORMADE.

Perhaps the most noticed get-up was a tailor-made coat dress of white moire, worn with a leghorn hat caught back from the face with a panache of small ostrich tips in black.

### BLACK AND WHITE.

The rigs of black and white stripes in voiles were endless, and each style seemed more fetching than the last. All sorts of devices were used to change the direction of the stripes, and a touch of vivid contrasting color in the trimmings was the rule. The parasol, often in pagoda shape, was either to match this color, or in black or white, but the color note was most effective.

### WATCH YOUR HAIR, LADIES.

ETERNAL VIGILANCE IS THE PRICE OF LUXURANT AND RADIANT HAIR.

If dandruff germs are devouring the nourishment that belongs to the hair, it will soon begin to fall. Furthermore, it will lose its life and lustre and become dull, faded and even look slovenly.

If you have any signs of dandruff, you ought to get right to your druggist to-day and get a bottle of PARISIAN SAGE. This delightful and refreshing hair tonic is guaranteed by Oliver's Red Cross Drug Store to kill dandruff germs, clean the head of filthy dandruff, stop falling hair and itching scalp or money back. And it does just what it is guaranteed to do, and that's why its sales are so enormous the country over. PARISIAN SAGE is the favorite of refined women. One bottle proves its superiority.
