**WOMAN SICK
 TWELVE YEARS**

**Wants Other Women to Know
 How She Was Finally
 Restored to Health.**

Louisiana, Mo.:—"I think a woman naturally dislikes to make her troubles known to the public, but complete restoration to health means so much to me that I cannot keep from telling mine for the sake of other suffering women."

"I had been sick about twelve years, and had eleven doctors. I had dragging down pains, pains at monthly periods, bilious spells, and was getting worse all the time. I would hardly get over one spell when I would be sick again. No tongue can tell what I suffered from cramps, and at times I could hardly walk. The doctors said I might die at one of those times, but I took Lydia E. Pinkham's Vegetable Compound and got better right away. Your valuable medicine is worth more than mountains of gold to suffering women."—Mrs. BERTHA MUFF, 503 N. 4th Street, Louisiana, Mo.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and to-day holds the record of being the most successful remedy for female ills we know of, and thousands of voluntary testimonials on file in the Pinkham Laboratory at Lynn, Mass., seem to prove this fact.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

DON'T SAY YOU'RE OLD

You Only Feel Old

Digestive organs are weak—don't assimilate food as they used to. Other organs act more slowly and less effectually. Blood is thin and sluggish. Renewal of strength does not equal the wear and tear of your system. That's what makes you feel old. Nothing in the world will tone up and invigorate those weak, back-sliding organs, make rich blood and create strength so quickly as Vinol.

Vinol is not a secret nostrum, simply the medicinal elements of the cods' livers, with the useless nauseating oil eliminated, and tonic iron added. Try a bottle of Vinol with the understanding that your money will be returned if it does not make you stronger, feel younger and give you an added interest in life.

While in the city this week, Mr. Clarence Sherrill, of Paducah, was a caller in this office, and we learn from him that the report sent from Paducah to the Commercial Appeal connecting him with trouble arising from some trivial matter was altogether erroneous. Mr. Sherrill was at his lumber establishment when two men came to make an attack on his yard manager, Mr. King, and, seeking to protect Mr. King, was slightly wounded in the hand as a result. The trouble was not of his making at all, and we are glad to make the correction.
