Be a Charming Woman.

You never saw a beautiful woman who didn't have beautiful hair. The charms of a beautiful woman is in her hair. Many women do not realize the attractions they possess because they do not give proper attention to the hair. The women of the "400" are famed for their beauty, not because their facial features are superior to those of other women, but because they know how to keep young by supplying vigor, lustre and strength to the hair. Up to a few years ago PARISIAN Sage could hardly be obtained in America. But now this delightful hair restorer can be had in every town in America. Oliver's Red Cross Drug Store sells it in Union City for 50 cents a bottle and guarantees it to grow beautiful, luxuriant hair; to stop falling hair, eradicate dandruff.

HOW TO RESIST

Chronic Coughs and Colds.

Strong, vigorous men and women hardly ever catch cold; it's only when the system is run down and vitality low that colds and coughs get a foothold. Now isn't it reasonable that the right way to cure a cough is to build up your strength again? Mrs. Olivia Farham, of East Durham, N. C., says: "I took Vinol for a chronic cough which had lasted two years, and the cough not only disappeared, but it built up my strength as well." The reason Vinol is so efficacious in such cases is because it contains in a delicious concentrated form all the medicinal curative elements of cod liver oil, with tonic, blood-building iron added. Chronic coughs and colds yield to Vinol because it builds up the weakened, run-down system. You can get your money back any time if Vinol does not do all we say.
