CHILDREN ARE OFTEN LIVER LAZY

GIVE THEM LIV-VER-LAX INSTEAD OF HICKORY OIL.

Spare the rod and put the child in good physical condition. He or she will then perform the natural duties in a natural way. Too many children are given credit for laziness when their parents should be blamed for inattention to the child's physical condition.

Over eating or malarial conditions which induce laziness in the child can be quickly overcome by eliminating the poisons from the system—from the liver and the bowels.

Calomel used to be the only way. Medical science has produced a better remedy in GRIGSBY'S LIV-VER-LAX, a purely vegetable compound that does better work than calomel without any after effects or unpleasant conditions.

Sold under absolute guarantee of money back by H. M. Oliver at 50c and \$1.00 a bottle.

For protection against imitations, each bottle bears the likeness of L. K. Grigsby. Be sure you get the original. advt

WHAT WILL WE DO?

The Law Has the Man. What of His Family? (Communicated)

What becomes of the children of convicts? Every day of the year some man is sentenced to prison, leaving behind him boys or girls or both who are at the mercy of the people of the community for clothing and food, shelter and education. The judge who pronounces sentence on the erring father and husband cannot concern himself about the mother and children who are thus left behind to shift for themselves. Justice must grind out her grist, the father must take his medicine for his sinful ways. It is the business and common duty of the judge to see to it that the offender is sent to prison for the crime committed. It is, in fact, no one's business in particular what becomes of the wife and children of the convict, what they do for a living while the father is in jail. This condition of affairs, so very common everywhere in America, has puzzled the Christian people for a long time.

Hundreds of convicts with whom the workers of the Samaritan Christian Army have talked have begged them to do something for their children, to keep them if possible out of the sinful ways of the street and city, to take them away somewhere, that they might be brought up among wholesome surroundings and a healthy environment.

The outcome of the appeal has been the establishment of homes for these innocent victims of another's wrongdoing, and at the present time the Samaritan Christian Army has twenty-one homes and schools for convict's children.

The organization at the present is working along the line of having the various States make some provision whereby the wife and children of a convict will be taken care of. The plan is rapidly gaining ground and a growing sentiment in favor of such legislation is being felt over the country.

SOCIAL AND PERSONAL

At Proteus.

Miss Nell Brown, of the Proteus vicinity, entertained a large number of her friends with a birthday party Friday night, Feb 27, 1914. Nell was sixteen and looked very pretty in a white voile with pink accessories. The party was carried out with the George Washington idea.

The dining room was decorated in red, white and blue, and each guest received a small hatchet with these words on it: "I cannot tell a lie."

She received many useful and also beautiful gifts. There was a jolly crowd present and everyone voted Nell an ideal hostess and wished her many more birthdays and that she might always be as happy as she seemed then. At a late hour delicious refreshments were served, consisting of red jelatine, whipped cream and cake.

friends was the time of the wedding, as this was kept a profound secret by both bride and groom.

Miss Isbell left home to spend the night with her sister, Mrs. Harry Naylor, where Dr. Park met her and they drove to the residence of Rev. Burgess Cunningham and were married in a very impressive manner.

Miss Isbell is the daughter of Mr. and Mrs. J. C. Isbell and is known and admired by a large circle of friends for her lovely character, while Dr. Park, the son of Mr. and Mrs. Mose Park, is one of our city's most popular young dentists, having recently graduated in dental surgery from Vanderbilt University and opened office here.

Their many friends extend heartfelt congratulations.

FOR DELICATE CHILDREN

A Mother's Letter to Mothers. Mrs. E. W. Cooper of Bloomfield, N. J., says: "My child, seven years old, had a bad cold and was weak and quite run down in health. She had been in this condition for about six weeks when I began giving her Vinol. It was a wonderful help to the child, breaking up her cold quickly and building up her strength beside. I have also found Vinol a most excellent tonic for keeping up the children's strength during a siege of whooping cough."

Vinol is a wonderful combination of two world-famed tonics—the medicinal body building elements of cod liver oil and iron for the blood, therefore it is a perfectly safe medicine for children, because it is not a patent medicine, everything in it is printed on every package, so mothers may know what they are giving their little ones.

Therefore we ask every mother of a weak, sickly or ailing child in this vicinity to try Vinol on our guarantee.

P. S. Our Sazo Salve is truly wonderful for Eczema. We guarantee it. Oliver's Red Cross Drug Store, Union City, Tenn.

NEWS NOTES.

The time is not yet ripe for a change in the policy toward Mexico, was the unanimous decision of the President's Cabinet. A demand that those responsible for the murder of Clemente Vergara at Nuevo Laredo be punished, was made by Secretary Bryan upon Gen. Huerta at Mexico City. The commission to examine the body of William S. Benton, executed by rebels, may leave for Chihuahua.

Ranger Capt. J. J. Sanders, in a report to Gov. Colquitt, said that Clemente Vergara, the American ranchman, was shot while being transferred from Hidalgo, Mex., to the Federal headquarters at Piedras Negras. Gov. Colquitt wired Secretary Bryan for information regarding whom he should ask to surrender the men who stole Vergara's horses.

If Col. Goethals is willing the House Appropriations Committee probably will include in the Sundry Civil Bill a section giving the United States Government a monopoly on the canal business in the Panama Canal Zone.

The fund derived from the sale of souvenirs by women at the World's Fair in Chicago in 1893, was definitely located when Mrs. Potter Palmer stated that it was in a safe deposit vault and amounted to \$87,750.

By a margin of one vote the Senate defeated the Bankhead Maximum Weight limit "rider" to the Post-office Appropriation Bill, which friends of the parcel post claim would have impaired that system.

The South is growing more rapidly than the country as a whole and offers better opportunities than almost any other section, said Chancellor Kirkland, of Vanderbilt University, in Philadelphia.

Mrs. Sado McDaniels, Japanese wife of an American physician living in the Orient, who arrived in San Francisco last week, has been ordered deported by immigration authorities.

Former President Taft, in an address before the National Geographic Society, entered a warning against any step looking to intervention in Mexico.
