THERE are some young men who know our fabrics and workmanship to be absolutely first-class but still think a perfect fit in ready-for-service clothes an impossibility. To such we extend a special invitation to visit our store, and critically inspect our lines of

EDERHEIMER-STEIN FITFORM CLOTHES FOR YOUNG MEN

The young man who argues for custom tailor made clothes as against ready to wear clothing harks back a quarter of a century. As well might he deprecate the existence of the safety Razor. The Ederheimer-Stein Fitform ready-for-service clothes we sell are the result of an evolution in the method of making men's wear. In place of the more or less skillful attention of an individual you receive the perfect product of skilled craftsmen in clothes—specialists who have the reputation of an industry to sustain.

You will have courteous attention—an opportunity to look at and try on any suit we have. No Need to Purchase—all we ask is that they spare the time. How about Today?
